The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-422-4641 or visit <http://www.hap.org>. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#) or other underlined terms see the Glossary. You can view the Glossary at <https://www.healthcare.gov/sbc-glossary/> or call 1-800-422-4641 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$500 individual / \$1,000 family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Chiropractic, Emergency Services, Office Visits, Pharmacy, Preventive Services , Urgent Care	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	Coinsurance Maximum: \$1,500 individual/ \$3,000 family; does not apply to deductible . Out-of-Pocket Limit: \$6,600 individual/\$13,200 family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.

Important Questions	Answers	Why This Matters:
What is not included in the out-of-pocket limit?	Premiums , balance-billing charges, and health care this plan doesn't cover. All other cost share accumulates unless otherwise specified in Plan Documents.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See www.hap.org or call 1-800-422-4641 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plans network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider 's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services
Do you need a referral to see a specialist?	Yes.	Written referrals are not required for specialist visits within the member's assigned network for selected services. Referrals or oral approvals are required in other instances. Further information on the referral process can be found at www.hap.org .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
