

August 28, 2026

Dear Parents,

We have enjoyed our visit with Mr. M these last two weeks. This week, we had a marvelous time with magnets, monsters, and more! The classroom market in housekeeping was a magnificent success. While exploring magnets, we observed that magnets have a north and south pole and that opposite poles attract. We enjoyed experimenting with different items to see if they were magnetic.

Everyday words introduced so far so far are: *and, I, like, and to.*

Show and Tell provided daily reinforcement of the letter sound with objects such as, mermaids, monster trucks, and a mask to name a few.

Show and Tell next week will be our Foot Families. You should have received information in the folder this week.

REMINDERS:

- Please remove all work from the folder and initial the behavior calendar **daily**. The children are responsible for their own folder and when there's work left in it, it tends to fall out.
- All students should bring a full water bottle with them each day.
- There should be a complete change of clothes in your child's school bag daily, including socks.
- Please send your child's school sweater in their school bag daily. Some children find it chilly in the classroom.
- Please attach all correspondence to the clip in the school bag.
- *The Cardinal Chronicles* can be accessed on the school's web site: ourladyofthelakeschool.org
- Some ideas for practicing at home are coloring (making sure to cover all the white space), name tracing (over a name written in highlighter) and cutting (magazines/newspaper).

IMPORTANT DATES:

- August 31st-September 4th- Family Foot projects due
- September 3rd- Little Cardinal School Pictures
- September 4th- PTCC Caring Cardinals
- September 7th- Labor Day Holiday; NO SCHOOL

The children are settling in beautifully. We are so pleased and are excited to watch them continue to grow and blossom. Thank you for your continued support.

Denise and Meg
