

SPOT THE DIFFERENCE!

★ Look closely. Can you find what is different? ★

Be a Science Detective!

Scientists observe carefully, compare, and notice small details to learn about the world around us!

PICTURE A

PICTURE B

HOW TO PLAY:

- Look at both pictures.
- Find the differences.
- Circle or point to each one.
- Tell a friend what you found!

THINK LIKE A SCIENTIST!

- ✓ Observing
- ✓ Comparing
- ✓ Noticing Details
- ✓ Communicating

KINDERGARTEN SUPPORT

- ★ Look together as a class.
- ★ Point to each difference.
- ★ Use words to describe what you see!
