# Coming Soon... Miller Grown

Get ready—something fresh, innovative, and *grown right here* is on the way! This space will be your go-to hub for all things **Miller Grown,** with exciting updates and progress shared regularly.

In partnership with the **Education Foundation** and our **Cafeteria Team**, the produce grown in this garden will go straight into school meals—bringing the freshest flavors from our garden to your plate!

**What is hydroponic growing?**

It's a modern, soil-free method of growing plants using nutrient-rich water—clean, efficient, and incredibly productive.

**What will we grow?**

- A variety of crisp, delicious lettuces
- Fresh herbs like cilantro, parsley, and basil
