Section 2: EMPLOYMENT

2:1 Commitment to and Notice of Non-Discrimination

The Rochester City School District does not discriminate on the basis of an individual's actual or perceived race, color, religion, creed, ethnicity, national origin, citizenship status, age, marital status, partnership status, disability, predisposing genetic characteristics, sexual orientation, gender (sex), military status, veteran status, domestic violence victim status, or political affiliation, and additionally does not discriminate against students on the basis of weight, gender identity, gender expression, and religious practices or any other basis prohibited by New York State and/or federal non-discrimination laws in employment or its programs and activities. The District provides equal access to community and youth organizations. Inquiries regarding the District's non-discrimination policies should be directed to:

[Policy 9110—Equal Employment Opportunity](#)

2:2 Sexual Harassment in the Workplace

The District is committed to maintaining a discrimination-free work environment. The Board of Education recognizes that harassment on the basis of sex, gender, gender identity or expression, and/or sexual orientation is abusive and illegal behavior that harms individuals and negatively impacts the school culture by creating an environment of fear, distrust, intimidation, and intolerance. The Board further recognizes that preventing and remedying such harassment in schools is essential to ensure a healthy, nondiscriminatory environment in which students can learn and employees can work productively. Sexual harassment is one form of workplace discrimination. This policy addresses sexual harassment in the workplace and is one component of the District's commitment to a discrimination-free work environment. The District will provide this policy to all employees in writing. The District will post this policy prominently throughout the District to the extent practicable.

Sexual harassment is a form of employee misconduct, a violation of District policy, and unlawful. Employees of every level who engage in sexual harassment, who knowingly allow such behavior to continue, or who fail to report suspected sexual harassment will be subject to remedial and/or disciplinary action by the District. Harassers may also be individually subject to liability pursuant to New York State law.

This policy applies to all employees. It also applies to individuals who are not employees of the District but are employees of contractors/subcontractors, vendors, consultants, and other persons who provide services in the District, such as interns, volunteers, parents, and temporary employees.

Sexual harassment in the workplace can occur between any individuals, regardless of their sex or gender. Unlawful sexual harassment is not limited to the physical workplace itself. Sexual harassment can occur on school grounds, school buses or District vehicles, and at school-sponsored events, programs, or activities, including those that take place at locations off school premises. It can also occur while employees are traveling for District business. Calls, texts, emails, and social media usage can constitute unlawful workplace harassment, even if they occur away from school grounds, on personal devices, or during non-work hours.

All staff are required to complete annual sexual harassment training, including reading the District's policy.

[Policy 0110—Sexual Harassment Policy](#)

[Regulation 0110—Regulation Regarding Sexual Harassment](#)

2:3 Harassment, Intimidation, Bullying, or Cyberbullying

The Board of Education affirms its commitment and responsibility to provide equal educational and employment opportunities in an environment which is free from discrimination, including harassment and intimidation and to comply with all applicable laws that prohibit unlawful discrimination. A safe and civil school environment is necessary for learning and required for students to achieve academic success. These behaviors, like other disruptive or violent behaviors, are conduct that disrupts both the students' ability to learn and the schools' ability to educate students in a safe environment.

[Policy 0100—District Policy Prohibiting Discrimination or Harassment of Students or Employees](#)

[Regulation 0100—Regulation Regarding Reporting Complaints of Discrimination or Harassment](#)

2:4 Code of Conduct

Rochester's schools strive to provide a safe and productive learning environment that will help students become successful, responsible citizens. Our goal is to ensure that all students have the opportunity to participate fully in their education without disruption.

The District's Code of Conduct is written to promote a positive learning environment for all students. It spells out expectations for the responsible behavior of all partners in the school community: students, teachers, administrators and other staff, parents/guardians, and visitors to schools.

The District has developed, and its Board of Education adopted a Revised Code of Conduct on June 24, 2021, as Policy 1400, which governs the conduct of students, all school personnel, parents, and other visitors when on school property, while traveling in vehicles funded by the District, or while attending school functions.

Development of the Code of Conduct was overseen by the Community Task Force on School Climate, a collaboration between the District and numerous stakeholders facilitated by the Rochester Area Community Foundation. The process received support from a variety of places including the Advancement Project; the Alliance for a Quality Education; Education, Action and Change Committee of Facing Race=Embracing Equity; M.K. Gandhi Institute for Non-Violence; Metro Justice;

Rise Up Rochester Inc.; Rochester Area Community Foundation; Rochester City School District; and Teen Empowerment.

2:5 Code of Ethics/Conflict of Interest

Improving the quality of our students' education is the fundamental goal to which the District's energies and resources must be devoted. The District's activities shall be conducted in a manner that consistently supports that goal and demonstrates the highest standards of ethical behavior and fiscal accountability. The Board recognizes that in order to implement these principles, there must be clear and reasonable standards for ethical conduct. This Code of Ethics is intended to establish those standards and to prohibit acts incompatible with the public interest.

[Policy 2160—Code of Ethics](#)

2:6 Staff Discipline

The Rochester City School District is committed to fair and consistent accountability for all employees. When performance or conduct concerns arise, the District is committed to utilizing a discipline process which address workplace issues, support individual improvement, and ensure compliance with District policies.

The District's discipline may include verbal warnings, written warnings, suspension, demotion, or termination. The specific action taken will depend on the nature and severity of the issue. The District reserves the right to determine the appropriate level of discipline and will utilize the discipline which reflects the severity of the workplace issue. More severe discipline will be warranted in certain instances, particularly in cases involving serious misconduct, insubordination, or violations that jeopardize safety, confidentiality, or District operations.

Employees should consult their collective bargaining agreement for more detailed information regarding disciplinary procedures and employee rights.

2:7 Failure to Follow Policy or Directives

Employees are required to follow all District policies, procedures, and lawful directives from supervisors. Failure to do so undermines operations, impacts student learning, and may constitute misconduct.

Examples include, but are not limited to:

- Disregarding District policies or procedures.
- Refusing to carry out a supervisor's reasonable directive.
- Neglecting assigned duties or responsibilities.

- Engaging in conduct that violates safety, confidentiality, or professional standards.

Failure to follow policies or directives may result in disciplinary action, up to and including termination of employment. Depending on the seriousness of the conduct, the District reserves the right to impose immediate and appropriate consequences, including skipping progressive steps.

2:8 Oath of Allegiance

Upon hire, all employees are required to sign an oath of allegiance supporting the Constitutions of the United States and the State of New York and promise to faithfully discharge duties to the best of their ability.

“I do solemnly swear (or affirm) that I will support the constitution of the United States of America and the constitution of the State of New York, and that I will faithfully discharge, according to the best of my ability, the duties of the position of(title of position), to which I am now assigned.”

2:9 Stop Theft and Fraud—Whistleblower Policy and Hotline

We urge employees to report theft or fraud (or suspected theft or fraud) of Rochester City School District money, equipment, resources, materials, or supplies, or the use of Rochester City School District paid work time for personal gain or profit, to school authorities or police authorities. It is against the law to steal from the District or use District money, equipment, materials, or supplies, or paid work time for personal gain or profit. Every school employee has a responsibility to protect what rightfully belongs to the public.

The Board of Education operates a Whistleblower Hotline that allows employees and others to anonymously report illegal or unethical activities. These may include fraud, waste, theft, misuse of funds, abuse, conflicts of interest, and other ethics violations.

The toll-free number is 1-866-284-7040 and is available 24 hours a day, seven days a week.

Callers may remain anonymous.

[Policy 9645—Whistleblower Policy](#)

2:10 Gifts and Donations

No District officer or employee shall directly or indirectly receive any gift having a value in excess of the limitation established by General Municipal Law § 805 (currently \$75 or more), whether in the form of money, services, loans, travel, entertainment, hospitality, etc., under circumstances in which it could reasonably be inferred that the gift was intended to influence the performance of his/her duties. However, the Board of Education welcomes the writing of letters or notes to staff members expressing gratitude or appreciation.

Nothing herein should be construed as prohibiting the traditional exchange of holiday gifts, provided discretion is used to ensure that gifts of value are not accepted by staff employees or officers. Gifts from children that are principally sentimental in nature and of insignificant financial value may be accepted in the spirit in which they are given.

Only the Board of Education may accept for the school district any gifts of money, property, or goods, except that the Superintendent may accept on behalf of the Board any such gifts of less than \$1,500 in value.

The Board reserves and authorizes the Superintendent to reserve the right to refuse to accept any gift which does not contribute toward the achievement of the District's goals or the ownership of which would tend to deplete the resources of the District. Any gift accepted by the Board or the Superintendent shall become the property of the District and may not be returned without the approval of the Board. Gifts are subject to the same controls and regulations as other properties of the District.

[Regulation 1810—Gifts from the Public Regulation](#)

2:11 Employee Social Media and Social Networking Policy

The District realizes that part of 21st century learning is adapting to changing methods of communication. The importance of teachers, students, and parents engaging, collaborating, learning, and sharing in these digital environments is a part of 21st century learning. To this end, the District has adopted the following guidelines to provide direction for staff, students, and the RCSD community when participating in online social media activities. Whether or not an employee chooses to participate in a blog, wiki, online social network, or any other form of online publishing or discussion is their own decision. Free speech protects individuals who want to participate in social media, but laws and courts have ruled that school districts can discipline employees if their speech, including personal online postings, disrupts school operations.

The District recognizes that employees may engage in “social networking” while off duty. “Social networking” includes all types of posting on the Internet, including, but not limited to, social networking sites such as Twitter, Instagram, Facebook, or Linked-In; blogs and other online journals and diaries; bulletin boards and chat rooms; microblogging, such as Twitter; and the posting of videos on YouTube and similar media.

[Regulation 8370—The Use of Social Media](#)

2:12 Accurate Reporting and Working

The employees of the Rochester City School District are dedicated to the education of our students and have their best interests at heart. There are many times when our staff work beyond their regular workday to ensure positive educational outcomes for our students.

We would like to take this time to remind each employee of the importance to accurately reflect time worked when completing timecards. Being paid for time that is not worked (or that is not requested

leave time) is considered theft of services. Employees who engage in this type of conduct will be subject to disciplinary action, up to and including termination of employment, in accordance with applicable laws and collective bargaining agreements.

As a school district, we are accountable to our students, their families, and the cities' taxpayers. Our students are the ones who lose out when our time is not appropriately accounted for.

All employees must ensure:

- Assigned duties are performed at any time an employee is "on the clock".
- Hourly employees, paid by timecard, must accurately report their arrival time and departure time from work. Hours worked beyond the standard workday must be pre-approved by a supervisor. Timecards are to be submitted in a timely manner each pay period.
- Salaried employees must remain at work during their regularly scheduled work hours.
- Anytime an employee is not working during a regularly scheduled workday, they must submit for paid/unpaid time off by requesting pre approval from a supervisor and then submitting the request in the District's reporting system. If an employee is requesting to take unpaid time off, this request must also be pre-approved. Please be aware that there are additional contractual requirements in some bargaining units for use of paid time off before and after holidays.
- Employees working extra duties must accurately report and state only the *actual* time performing those duties, not the proposed scheduled time to perform the duties.

Anyone aware of theft of service can report this confidentially. The Board of Education operates a Whistleblower Hotline that allows employees and others to anonymously report illegal or unethical activities. These may include fraud, waste, theft, misuse of funds, abuse, conflicts of interest, and other ethics violations.

The toll-free number is 1-866-284-7040 and is available 24 hours a day, seven days a week. Callers may remain anonymous.

2:13 Professional Boundaries Between Students and Employees

This regulation emphasizes the paramount importance of maintaining the highest levels of professional and ethical standards in all interactions with students. We recognize that each of you plays a vital role in shaping the learning atmosphere and serving as mentors and role models for our students.

Key points highlighted in the regulation include:

- The expectation for appropriate interactions and relationships with students both on and off district property, during and after school hours.
- The importance of establishing an environment of respect and rapport through words and actions.
- The necessity for interactions to be based on mutual respect, trust, and understanding of appropriate boundaries.
- Definitions and examples of inappropriate boundary invasions, emphasizing the need for vigilance and awareness of conduct that may harm students.

This regulation serves not only to guide behavior but also to protect both our students and staff from potential harm. We understand that navigating these boundaries can sometimes be challenging, and we encourage open communication and discussion of any concerns or uncertainties you may have.

Should you have any questions or require further clarification regarding this regulation, please do not hesitate to reach out to your supervisor or the Office of Human Capital. Together, we can uphold the integrity of our educational community and ensure the well-being of all its members.

Staff members are to keep their contact information current by using Employee Self Service in PeopleSoft. Announcements are also posted on the District's website and social media.

Positive and supportive cultures are created by the actions of each of us and are essential to the daily teaching and learning of not just our students, but also our staff. As a District, we recognize and celebrate the diversity of our student population daily. The Office of Human Capital strives to ensure opportunities for all by recruiting, developing, supporting, and retaining the most effective diverse staff. We are committed to retaining and supporting all our staff by working to develop advocacy groups for our colleagues.

Affinity Groups are employee groups organized based on social identity, shared characteristics, or life experiences. Affinity Groups are generally initiated by employees and often involve protected classes, such as sex, gender, sexual orientation, race, national origin, disability, and veteran status. Examples of Affinity Groups might include women in the workplace, working parents, lesbian, gay, bisexual, and transgender (LGBT) matters, and any other group based on a common set of interests.

It is the policy of the Board of Education that no individual shall be employed by or actively work in the District unless such individual has undergone a criminal history background check and has been cleared for such employment or work as required by the New York State Education Law and the regulations of the Commissioner of Education.

NYS Law requires that new employees of the District undergo a fingerprint supported criminal history background check. New employees cannot begin work until fingerprinted and cleared by the New York State Education Department (NYSED).

Staff who need to schedule fingerprinting clearance for the NYSED can do so through MorphoTrust at their website www.identogo.com or by calling 1-877-472-6915.

A 6-digit service code for the NYSED is required: 14ZGR7

Staff may also contact the Office of School Safety and Security for assistance with fingerprinting at 585-262-8606 or at fingerprinting@rcsdk12.org.

2:21 Identification Badges and New Hire Technology

Upon hire, staff are issued an identification badge (ID) and are expected to wear it at all times during work hours and at school-sponsored events.

ID badges provide a quick visual way to determine if a person belongs in a school or building. District IDs have a photo, relevant information, and should be worn prominently to ensure people who do not belong are spotted quickly. When implemented with other security features, like door access, wearing your ID badge prominently helps to keep students, staff, and visitors safe.

Upon confirmation of full fingerprint clearance from the NYS Education Department, an RCSD Employee ID number will be created and provided to the new employee. At the same time, this number will trigger

notification that a laptop and other required technology is ready and available for pickup (laptops are provided to all teachers and administrators). Full-time staff will then be able to come to the Central Office to obtain their ID Badge from the Office of Safety and Security located on the first floor of RCSD Central Office, 131 W Broad Street, Rochester, NY 14614.

School Safety and Security office hours are Monday - Friday, 8:30 am - 12 noon and 1:00 pm - 4:30 pm.

For questions about ID badges, staff may contact our badge desk at 585-262-8600.

Laptop and technology assistance (teachers and administrators only) is provided by Information Management and Technology (IM&T). For questions about technology, staff may contact IM&T at 585-262-8151 or online through a HelpDesk ticket at <https://helpdesk.rcsdk12.org>.

2:22 Drug-Free Workplace

All applicants selected for employment with the Rochester City School District shall be subject to a pre-employment drug test.

The Board of Education, recognizing that students are often influenced by teachers and other members of a school's staff, impresses upon staff members the importance of maintaining a high level of professionalism appropriate to their position, which, in turn, shall set a positive example for students.

If an employee is found to have violated the terms of these policies, they may be required to participate in a substance-abuse rehabilitation program and/or be subject to a range of penalties up to and including dismissal. Staff are encouraged to access the District's Employee Assistance Program (EAP) to receive appropriate and confidential prevention, intervention, assessment, referral, support, and follow-up services for District staff.

Section 4: ATTENDANCE, ABSENCES AND LEAVES

4:1 Staff Attendance Expectations

The Rochester City School District is committed to providing every student with consistent, high-quality instruction and support. Research shows that chronic staff absenteeism negatively affects student learning, disrupts classroom continuity, and contributes to higher rates of student absenteeism. For these reasons, staff attendance is a critical component of our mission and professional responsibility.

The District recognizes that employee contracts provide for specific types of leave, including sick leave, personal leave, and other approved absences. These affordances remain in place; however, employees are expected to use leave responsibly and to attend work regularly and reliably.

Expectations:

- Employees are expected to report to work on time each scheduled workday.
- Absences must be reported in accordance with District procedures.
- “No call/no show” absences will not be tolerated and will result in counseling and may lead to disciplinary action, up to and including termination.
- Patterns of absenteeism (e.g., frequent single-day absences before or after weekends/holidays, excessive use of sick leave without supporting documentation, or repeated tardiness) may also result in counseling, progressive discipline, or other corrective action.

Accountability:

- Supervisors will monitor attendance patterns and address concerns promptly.
- Employees who demonstrate chronic absenteeism may be subject to a formal improvement plan or other disciplinary measures, in accordance with contractual provisions and District policy.
- Documented expectations and prior counseling will be considered in any unemployment or grievance proceedings to establish that employees were made aware of the impact of absenteeism and the importance of consistent attendance.

By clearly outlining these expectations, the District affirms that employee attendance is directly tied to student achievement, operational effectiveness, and equity. All staff share responsibility for modeling reliability and ensuring students experience the continuity of instruction and support they deserve.

4:2 Reporting Absences

All District Staff must record their absences via the District's electronic Oracle platform, which is routed to supervisor(s). Staff should submit the Request for Absence form to their supervisor to obtain approval for any absence, or immediately upon return from an unexpected emergency absence.

Teachers will have their absences reported in the SmartFind Substitute Management system and that will in turn populate the teacher's timecard. However, teachers should still be reviewing their time sheet each pay period to ensure all absences are properly reflected and there are no errors. If errors are discovered, concerns should be reported to the school building leader or school secretary.

All other staff will need to ensure they report their absences on their timesheet each week. It is important that absences are reported immediately on the timecard to ensure timely and accurate paychecks.

If you have questions about absences, below are appropriate contacts:

- Questions related to the timesheet and entering of time, please work with your supervisor, building secretary or email payroll@rcsdk12.org;
- Questions about availability of absences and what is available to you, please reach out to your union representative or email humancapital@rcsdk12.org.

4:7 Medical Leaves of Absence

When a health condition prevents an employee from working, the Rochester City School District (RCSD) provides medical leave options that may include leave protected under the Family and Medical Leave Act (FMLA), contractual leave benefits, and other applicable medical leave.

Medical leave may apply when an employee needs time away from work because of their own illness, injury, or medical condition. FMLA may also provide protected leave for the illness, injury, or medical condition of a qualifying family member when applicable eligibility requirements are met.

Generally, the District will consider a medical leave of absence when an employee is expected to be absent, or has been absent, for health-related reasons for five or more consecutive scheduled workdays. Employees should contact Employee Benefits as soon as they become aware that an extended absence may be necessary.

Eligibility and Available Leave

Employees who require a leave of absence for medical or health-related reasons should contact the Office of Human Capital Employee Benefits Team to discuss the process and leave options that may be available.

Employees must continue to follow their school or department procedures for reporting absences from work while a leave request is being reviewed.

Whenever an employee requires a medical leave, Employee Benefits will review the employee's eligibility for Family and Medical Leave Act (FMLA) protections. Employees who do not qualify for FMLA may still be eligible for other forms of medical leave or contractual leave benefits. Additional information is available in the Family and Medical Leave Act (FMLA) section of this handbook.

Requesting Medical Leave

Employees requesting medical leave will be required to provide appropriate documentation from a healthcare provider. The Employee Benefits Team will provide information regarding the documentation required based on the employee's individual circumstances and applicable leave provisions. Employees should contact Employee Benefits as early as practicable when they know or anticipate that a medical leave may be necessary.

Pay and Benefits During Leave

A medical leave of absence may be paid, unpaid, or a combination of paid and unpaid leave, depending upon the circumstances and the employee's available contractual or statutory benefits. The Employee Benefits Team will review available leave benefits with the employee, including any applicable paid leave, based on the reason for the leave, eligibility requirements, and applicable collective bargaining agreement or employment terms.

Returning to Work

Before returning to work following a medical leave of absence, employees must provide an appropriate fitness-for-duty certification from a healthcare provider indicating that they are able to return to work, with or without restrictions.

If restrictions are necessary, the healthcare provider should clearly identify the restrictions and their anticipated duration.

Upon receipt of the fitness-for-duty certification, the Employee Benefits Team will review any identified restrictions and, when appropriate, engage in the Americans with Disabilities Act (ADA) interactive process to determine whether a reasonable accommodation may be available.

Additional information regarding reasonable accommodations is available in the Americans with Disabilities Act (ADA) section of this handbook.

Employees should not return to work from an approved medical leave until they have received authorization from Employee Benefits.

Protecting Your Medical Information

Medical and health-related documentation must not be submitted through the JIRA Helpdesk system. JIRA is not designated for the submission or storage of confidential employee medical information. Employees should submit medical documentation directly to the Employee Benefits Team using the designated secure process provided by Employee Benefits. Questions regarding medical leave or the appropriate method for submitting documentation should also be directed to Employee Benefits.

4:8 Family and Medical Leave (FMLA)

It is the policy of the Rochester City School District to grant family and medical leave to eligible employees in accordance with the Family and Medical Leave Act of 1993, known as FMLA. In order to request FMLA paperwork or to speak to a specialist, please email benefits@rcsdk12.org.

[Leaves of Absence information and forms.](#)

The Rochester City School District (RCSD) provides eligible employees with unpaid, job-protected leave for qualifying family and medical reasons in accordance with the federal Family and Medical Leave Act (FMLA).

Employee Eligibility

To be eligible for FMLA leave, an employee must:

- Have been employed by RCSD for at least 12 months. The months of employment do not need to be consecutive; and
- Have worked at least 1,250 hours during the 12-month period immediately preceding the start of the leave.

The Employee Benefits Team will determine FMLA eligibility when an employee requests or requires a qualifying leave.

Reasons for FMLA Leave

Eligible employees may take up to 12 weeks of unpaid, job-protected FMLA leave during a rolling 12-month period, measured backward from the date an employee uses FMLA leave, for qualifying reasons including:

- The birth of a child and care for the newborn child within one year of birth.
- The placement of a child with the employee for adoption or foster care and care for the newly placed child within one year of placement.
- Caring for the employee's spouse, child, or parent who has a serious health condition.
- The employee's own serious health condition when it makes the employee unable to perform the essential functions of their position.

- A qualifying exigency arising from the employee's spouse, child, or parent being a military member on covered active duty or receiving notice of an impending call or order to covered active duty.

Employees who are absent because of their own military service may have additional leave and reemployment rights under the Uniformed Services Employment and Reemployment Rights Act (USERRA). Employees should contact the Employee Benefits Team as soon as possible to discuss available protections and benefits.

Military Caregiver Leave

An eligible employee who is the spouse, child, parent, or next of kin of a covered servicemember with a serious injury or illness may be eligible for up to 26 weeks of FMLA leave during a single 12-month period to care for the servicemember.

Requesting FMLA Leave

When the need for leave is foreseeable, such as for an expected birth or planned medical treatment, employees must provide at least 30 days' advance notice when practicable.

When 30 days' notice is not practicable, or when the need for leave is unforeseeable, employees must provide notice as soon as practicable under the circumstances.

Employees must continue to follow their school or department's established procedures for reporting absences from work while an FMLA request is being reviewed.

Employees requesting FMLA leave because of their own serious health condition or the serious health condition of a qualifying family member will be required to provide appropriate medical certification from a healthcare provider. Additional or updated certification may also be required as permitted by law.

The Employee Benefits Team will provide employees with information regarding required forms, documentation, eligibility, and next steps.

Pay and Benefits During FMLA Leave

FMLA leave is unpaid. However, employees may be required or permitted to use available accrued paid leave concurrently with FMLA leave, consistent with applicable law, collective bargaining agreements, District policy, and contractual benefits.

Employees should review their applicable collective bargaining agreement and consult with Employee Benefits regarding available paid leave or supplemental leave provisions.

During FMLA leave, RCSD will maintain an employee's group health insurance coverage under the same conditions that would have applied if the employee had continued working. Employees remain responsible for their required share of health insurance premiums, including through direct billing when applicable during an unpaid leave.

Returning to Work and Job Restoration

Upon return from FMLA leave, an eligible employee will generally be restored to their original position or an equivalent position with equivalent pay, benefits, and other terms and conditions of employment, consistent with FMLA requirements.

When FMLA leave is taken because of the employee's own serious health condition, a fitness-for-duty certification may be required before the employee returns to work, consistent with applicable requirements and District procedures.

FMLA leave does not automatically result in the accrual of additional seniority. Employees retain the seniority they had before the leave began, and any seniority accrual during FMLA leave is governed by applicable collective bargaining agreements and District policy.

Protecting Your Medical Information

Medical and health-related documentation must not be submitted through the JIRA Helpdesk system. JIRA is not designated for the submission or storage of confidential employee medical information. Employees should submit medical documentation directly to the Employee Benefits Team using the designated secure process provided by Employee Benefits. Questions regarding FMLA, medical leave, or the appropriate method for submitting documentation should also be directed to Employee Benefits.

4:9 Americans with Disabilities Act (ADA) and Reasonable Accommodations

The Rochester City School District (RCSD) is committed to providing an accessible and inclusive workplace and to supporting employees in successfully performing their jobs. In accordance with the Americans with Disabilities Act (ADA) and other applicable laws, RCSD provides reasonable accommodations to qualified employees and applicants with disabilities when appropriate.

Employees who believe a medical condition or disability is creating a barrier in the workplace are encouraged to contact the Office of Human Capital Employee Benefits Team. Employees do not need to know whether their condition qualifies as a disability under the ADA before asking for assistance.

What Is a Reasonable Accommodation?

A reasonable accommodation is a modification or adjustment to the work environment, the way a job is performed, or the employment process that enables a qualified individual with a disability to perform the essential functions of a position or access equal employment opportunities.

Depending on the individual circumstances and the essential functions of the position, reasonable accommodations may include adjustments such as:

- Modified or specialized equipment.
- Assistive technology or software.
- Adjustments to work schedules.
- Changes to the physical work environment.
- Modification of certain workplace procedures or non-essential job duties.
- Other effective accommodations appropriate to the employee's individual circumstances.

An accommodation does not necessarily require the District to provide the specific accommodation requested. RCSD will engage in an individualized process to determine whether a reasonable and effective accommodation is available.

When to Request an Accommodation

An accommodation may be requested at any point in the employment process, including during application and interviewing or at any time during employment.

Employees may also request assistance when a new medical condition arises, an existing condition changes, or a workplace barrier develops.

How the Accommodation Process Works

Reach Out: Contact the Office of Human Capital Employee Benefits Team to begin the process. No specific legal terminology is required. An employee may simply communicate that they need a change or assistance at work because of a medical condition or disability.

Interactive Process: Employee Benefits will engage with the employee in an individualized, interactive process to understand the workplace barrier and identify possible reasonable accommodations that may enable the employee to perform the essential functions of their position.

Documentation, When Needed: Depending on the circumstances, Employee Benefits may request appropriate documentation from a healthcare provider or other qualified professional when necessary to understand the employee's functional limitations and evaluate potential accommodations.

Determine an Accommodation: The District will consider available accommodations based on the employee's individual circumstances, the essential functions of the position, workplace needs, and applicable legal requirements.

Employees are expected to participate in the interactive process and provide information reasonably necessary to evaluate an accommodation request.

Confidentiality and Privacy

Medical information and documentation related to an accommodation request will be treated as confidential medical information and maintained separately from regular personnel records, consistent with applicable law.

Information regarding an accommodation will be shared only as appropriate to evaluate, implement, or administer the accommodation or as otherwise permitted or required by law.

Non-Retaliation

RCSD prohibits retaliation against an employee or applicant for requesting a reasonable accommodation, participating in the interactive process, or exercising rights protected by applicable disability-discrimination laws.

Employees should feel comfortable requesting assistance when they believe a disability or medical condition is creating a workplace barrier.

Employees should submit medical and accommodation-related documentation directly to the Employee Benefits Team using one of the designated secure methods above.

4:10 Jury Duty/Civil Leave

Each employee shall be granted leave with pay as necessary in order to perform jury duty. Such absence shall not be deducted from any other leave allowance. When an employee receives a notice of call to jury duty, the individual shall notify the building principal, or designee, to that effect, on the first school day following receipt of such notice by providing to the principal a copy thereof.

4:12 Pets in the Workplace and Service Animals

In the RCSD, we understand the importance of accommodating individuals with disabilities under the Americans with Disabilities Act (ADA). As part of this accommodation process, we approve service animals that provide assistance to staff members with disabilities. However, it's important to note that therapy dogs and emotional support animals are not approved for general presence in our facilities.

Approval for a service animal is granted only after a thorough evaluation, including submission of an attending physician statement and consideration of alternative accommodations. All requests for accommodation are carefully reviewed to ensure equity, compliance, and consistency.

We recognize that some staff members may have concerns such as allergies or fears related to the presence of animals in the workplace. Additionally, we want to avoid any potential disruptions such as accidents that may require additional cleaning or create discomfort for others.

As of now, the RCSD does not have a pet in the workplace policy. However, we encourage any staff member who feels that they may require an accommodation to reach out to our Office of Human Capital (OHC) Employee Benefits Team to engage in the interactive process. Likewise, if you are a supervisor and want to confirm an accommodation, you may also contact the OHC Employee Benefits Team.

We are committed to ensuring that all employees feel supported and accommodated in their work environment.

4:13 Children in District Workspaces

District facilities, including schools, Central Office buildings (such as 131 W. Broad Street and Costar), and other administrative sites, are professional work environments and are not designed or equipped for childcare.

- Employees may not bring children to district facilities for extended periods during the workday.
- Brief, incidental visits are permitted when appropriate.
- The presence of children in district workspaces creates safety and liability risks, may expose confidential information, and can disrupt productivity and learning.
- In emergency or exceptional circumstances, employees must consult with their supervisor or school leader before bringing children to work.
- For ongoing family needs, employees should contact the Office of Human Capital to discuss available supports, leave options, or accommodations.

This expectation applies consistently across all schools, offices, and departments.

4:14 Rights of Nursing Employees to Pump Breast Milk at Work (NYS DOL)

Employees working in New York are entitled to 30 minutes of paid break time (plus additional unpaid break time, as needed) to express breast milk.

An employer shall provide paid break time for thirty minutes, and permit an employee to use existing paid break time or mealtime for time in excess of thirty minutes, to allow an employee to express breast milk for such employee's nursing child each time such employee has reasonable need to express breast milk for up to three years following childbirth. No employer shall discriminate in any way against an employee who chooses to express breast milk in the workplace.

Accordingly, lactating employees may now take their 30-minute unpaid meal period, an additional 30-minute paid break, and any other reasonably needed time (paid or unpaid) to express breast milk.

Section 5: BUSINESS MANAGEMENT/ COMMUNICATIONS

5:1 Travel

The Board of Education believes that staff attendance at appropriate in-state and out-of-state meetings, conferences, professional development opportunities and other events is beneficial to the District. Attendance at these events strengthens employees' knowledge base, skills, and abilities; enhances professionalism; and promotes networking with other school districts and local and national entities that can support the District.

The purpose of this policy is to ensure that appropriate systems are in place to monitor and approve all requests for travel to ensure appropriateness; ensure that only allowable travel expenses are reimbursed; and ensure that employees are reimbursed for out-of-pocket expenses in a timely manner.

The Board allows for reasonable and necessary travel-related expenses to be reimbursed to employees who are traveling on District business. Allowable travel expenses include event registration fees; transportation expenses; lodging expenses; and food and nonalcoholic beverage expenses (including taxes, mandatory fees, and reasonable tips).

Employee attendance at meetings, conferences, professional development opportunities, and other events will be appropriate and enhance knowledge, skills, and abilities. Only allowable expenses will be reimbursed; employee reimbursement will be timely.

Transportation Expense Reimbursement: The District reimburses employees at the IRS Publication 1542 per mile rate as of the date the travel occurred. The IRS updates this rate periodically.

[Travel Handbook & Procedures](#)
[Travel Department](#)

Meal Expense Reimbursement

The District reimburses employees at the government per diem rates for meals during approved travel as published by the U.S. General Services Administration as of the date the travel occurred. The U.S. General Services Administration updates this rate periodically. Receipts are not required to be submitted for meal expense reimbursement.

Tax Exemption

The District is a tax-exempt entity and will provide a tax-exempt certificate to employees to present to hotels and vendors to ensure that no tax is charged to an employee traveling on behalf of the District. The Superintendent or designee will establish a system to review and approve all travel requests to ensure that participation is appropriate. Further systems and procedures will be in place to review and monitor reimbursement of travel-related out-of-pocket expenditures to ensure that they are reasonable and necessary.

Employees traveling on behalf of the District must obtain approval from the Superintendent or designee for travel and must provide receipts and/or proper documentation of reasonable and necessary travel-related expenses for reimbursement.

Please also check your Collective Bargaining Agreement as it may include additional information or guidelines pertaining to this topic.

5:2 Use of District-Owned Property for Personal Reasons

Property, supplies, equipment, and tools may not be borrowed or used for personal projects or private gain and are intended for official District use only. All District-provided property, supplies, equipment, and tools must be returned upon end of employment. The linked regulations detail further expectations for use of District property.

5:3 Fixed Asset Inventories, Accounting and Tracking

The Superintendent or designee will maintain a continuous and accurate inventory of fixed assets owned by the District in accordance with applicable rules, standards, procedures, and best practices. Fixed assets are, generally, long-term, tangible resources intended to be continuously held or used, and may include land, buildings, improvements, machinery, and equipment.

5:4 Use of School Premises for Other Than School Purposes

While the District's school buildings and grounds are maintained primarily for the purpose of educating students within the District, the Board of Education recognizes that the buildings and grounds are a valuable community resource and believes that this resource should be available to the community for specific uses that will not interfere with educational activities. This policy is intended to identify the uses that community groups may make of those facilities.

5:5 Electronic Information Resources Acceptable Use

The Rochester City School District provides access to the Internet, local computer network resources, electronic mail, legally purchased software, online information subscriptions, and media products (hereafter referred to collectively as “electronic information resources”) to students, staff, and community users in support of the educational objectives of the District. This equipment and these services must be used in a responsible, efficient, and legal manner in accordance with the instructional objectives and institutional needs of the District.

5:6 Cell Phone Policy

The Board of Education recognizes that the District’s purposes and needs are served by the ability to communicate immediately and efficiently with District employees and that use of a cell phone or similar telecommunication device may be efficient and effective, and may be necessary or critical in certain instances. Consistent with the Board’s obligation to ensure that District resources are expended only for legitimate District needs, it is the policy of the Board that the District provides such devices at District expense to an employee when, in the judgment of the Superintendent or designee, the use of a cell phone is required in order for the employee to perform assigned duties; or when communication through other, less costly means, is inefficient, unavailable or impracticable.

5:11 Safety

All accidents occurring in a classroom, on school property, or on buses, regardless of seriousness, must be reported to the school administration as promptly as possible.

Accident reports must be completed for each student or employee involved in the accident. The building principal will be responsible for completing all accident reports. Reports should be immediately forwarded by principals to their respective Chief of Schools and in no case later than three days following the accident. The Superintendent or designee will ensure that the Rochester City School District is in compliance with all federal, state, and local laws pertaining to the monthly reports including, but not limited to, PESH requirements and notification of DOSH 900 requirements.

5:12 District-wide School Safety Plan

The Rochester City School District is committed to the safety and preparedness of its students, staff, and visitors. Our District-Wide School Safety Plan is an all-hazards approach to crisis management and focuses on mitigation/prevention, preparedness, response, and recovery procedures.

The District-Wide School Safety Plan is decreed by the Superintendent and adopted by the Board of Education. This plan is implemented at the time of an emergency at the direction of the Superintendent and/or their staff. "Incident Commanders" (Principal/designee) implement Building-Level Emergency Response Plans (BLERP) when directed by their respective School Chief, Deputy Superintendent or the Chief of Operations. In the absence of direction from senior leadership, each Building Incident Commander (Principal/designee) is authorized and directed to implement this plan, or take other action as may be, in their judgment, necessary to save lives and mitigate the effects of emergencies.

The District-Wide School Safety Plan is reviewed annually by the District-Wide Safety Team under the guidance of the Superintendent or designated Chief Emergency Officer. The District-Wide Safety Team is appointed by the Board of Education. The Plan is reviewed annually each spring and made available for a 30-day comment period and one public hearing after any revisions have been made. The Board of Education reviews and adopts the Plan annually, and it is uploaded to the Rochester City School District website.

New York State Education Code 2801-a and Commissioner's Regulation 8 NYCRR Section 155.17 require that each school district shall amend and adopt a comprehensive district-wide school safety plan and building-level safety plans in relation to emergency response and management, and crisis intervention.

Plans are annually reviewed by the district-wide school safety team and building-level school safety teams.

5:13 Staff Safety and Workplace Violence Prevention

RCSD is committed to keeping our employees safe. The New York State Workplace Violence Prevention Act requires that School Districts develop a program to prevent and minimize acts of Workplace Violence. Prior to this regulation, RCSD had many existing programs to help keep employees safe while at work. But thanks to this program and the steps taken to develop it, areas of additional improvement were identified and are being addressed. If you have any questions about the Workplace Violence Prevention Program you can contact your union office, speak with your school or department leader, or email workplace_violence@rcsdk12.org.

5:14 Substitute Management

The role of a per diem substitute teacher is an integral part of student learning as they bridge the educational gap when regular classroom teachers are absent or if a teaching position is vacant. The same high standards and accountability demonstrated from permanently assigned teachers are also expected from substitute teachers.

New York State does not require a substitute teacher to hold a teaching certificate in order to work as a per diem substitute, but it is preferred.

The need for per diem substitute teachers varies throughout the school year; however, several other factors also affect the frequency with which substitutes may be called. These include weekly availability and successful completion of per diem teaching assignments. For more information about the responsibilities, compensation, and benefits for per diem substitute teachers, please view the [Per Diem Substitute Handbook](#).

Section 6: PERFORMANCE

6:1 Reporting Child Abuse, Maltreatment or Neglect in a Domestic/Educational Setting

The Rochester City School District is committed to protecting the safety, health, and well-being of every student. District employees have an important responsibility to recognize and promptly report suspected child abuse, maltreatment, or neglect in accordance with New York State law and District policy.

The Board of Education recognizes that, because of their sustained contact with school-aged children, District employees are in a position to identify children who may be abused, maltreated, or neglected and to ensure that concerns are appropriately reported.

The Board also recognizes that children have the right to an educational setting that does not threaten their physical or emotional health and development. Child abuse by school personnel or school volunteers is strictly prohibited. Allegations involving school personnel or volunteers must be reported in accordance with applicable New York State law and District policy.

Mandated Reporting Responsibilities

District staff who are mandated reporters are required to make a report when they have reasonable cause to suspect that a child has been abused or maltreated.

The legal obligation of mandated reporters to report suspected child abuse or maltreatment has not changed.

A mandated reporter who has reasonable cause to suspect child abuse or maltreatment must immediately and personally make the required report. This responsibility may not be delegated to another employee.

Confidential Reporting Requirement

Effective June 2026, New York State transitioned from an anonymous reporting system to a confidential reporting system for reports made to the Statewide Central Register of Child Abuse and Maltreatment (SCR).

Individuals making a report to the SCR must provide their name and contact information. The SCR generally may not transmit a report to a local child protective services agency for investigation if the caller does not provide this information, except in the limited circumstance in which the SCR reasonably believes the caller is under 18 years of age.

Although reporters must now identify themselves to the SCR, reports are confidential. This change does not alter the responsibility of mandated reporters to act promptly whenever there is reasonable cause to suspect child abuse or maltreatment.

How to Make a Report

Mandated reporters and other District staff who have reasonable cause to suspect child abuse or maltreatment must immediately and personally make the appropriate report:

The building principal is responsible for:

- Informing the Superintendent of Schools of the information received; and
- Completing any subsequent District administrative responsibilities required by the report, including applicable written reporting requirements.

Employees should refer to District Policy 5460 and its accompanying Superintendent Regulation for complete requirements and procedures.

6:2 De-Escalation of Crisis Situations

The Board of Education recognizes the need to ensure that student participation in learning is free from unreasonable and unnecessary physical restraint and that such an intervention is used only in emergency situations. It is the Board's intention that positive, preventive behavioral supports be proactively employed as a means to significantly limit the need for use of emergency interventions.

This policy is intended to promote student and staff safety and prevent student violence, self-injuries, or injuries to others by emphasizing de-escalation of potentially dangerous behavior that may occur with an individual student or among groups of students in an effort to avoid the need for use of emergency

interventions. This policy is also intended to ensure that, when emergency interventions are necessary, they are administered in the least intrusive manner possible.

6:3 Employee Performance Review/Evaluations

The Staff and Educator Effectiveness Team within the Office of Human Capital, promotes and supports the effective preparation, development, and improvement of RCSD's teachers, instructional leaders, and support staff to ensure that through effective professional practice, we build, support, and sustain school communities that provide all students with a high-quality education that prepares them to graduate as responsible, active citizens ready for success in college and careers and prepared to compete in a global economy.

6:4 Smoking, Vaping and the Use of Tobacco Products on School Premises

To provide a healthy environment for District students, employees, and members of the public, the Board of Education prohibits smoking, tobacco use, and use of electronic cigarettes (or e-cigarettes) in

District buildings, on school grounds, and in any vehicle used to transport children or staff. Smoking, tobacco use, and use of electronic cigarettes are also prohibited within 100 feet of all District building entrances, exits, and outdoor areas, except when this includes residential property. This prohibition extends to all employees, students, visitors, guests, and clients of the District.

District employees and students who violate this policy shall be subject to appropriate disciplinary action, as outlined in the Code of Conduct (1400).

Visitors, guests and clients of the District shall be subject to ejection from school grounds if they refuse to abide by this policy.

6:5 Drug-Free Workplace

The Board of Education prohibits the illegal, improper, or unauthorized manufacture, distribution, dispensing, possession, or use of any controlled substances in the workplace. "Workplace" shall mean any site on District or school grounds, at school-sponsored activities, or any place in which an employee is working within the scope of their employment or duties. "Controlled substances" shall include all drugs, which are banned or controlled under federal or state law, including those for which a physician's prescription is required, as well as any other chemical substance which is deliberately ingested to produce psychological or physiological effects, other than accepted foods or beverages. All applicants selected for employment with the Rochester City School District shall be subject to a pre-employment drug test.

Consistent with the change to New York Labor Law §201-d, the District shall not conduct pre-employment drug testing for marijuana, for most employees. The District is required to continue to test for marijuana for those employees required to be licensed or otherwise cleared by the Federal Departments of Transportation or Labor (e.g. Commercial Drivers' License), including, but not limited to:

- | | |

| • 12-Month Bus Driver | • Bus Operations Expeditor |

| • Maintenance Mechanic I | • Bus Security Assistant |
| • Driver/Mover | • 12-Month Dispatcher |

This policy only applies to pre-employment drug testing. Any employee suspected of being under the influence of any drug, including marijuana, while working is still subject to the provisions of Policy 9610.

[Policy 9320—Drug-Free Workplace Policy](#)

6:6 Workplace Behavior/Professionalism

People who work together have an impact on each other's performance, productivity, and personal satisfaction in their jobs. In addition, the way in which our employees act toward individuals dealing with the Rochester City School District will influence whether those relations are successful or not. Because an employee's conduct may affect others, we expect employees to act in a professional manner while on District property, conducting District business or representing the District at business or social functions.

Although it is impossible to give an exhaustive list of everything that professional conduct means, it does include:

- Following all rules/policies
- Refraining from rude, offensive, or outrageous behavior
- Treating co-workers with patience, respect and consideration
- Being courteous and helpful to others
- Communicating openly with supervisors, managers, staff, subordinates, and coworkers.

Employees should refrain from any action or conduct that:

- Threatens the safety of students, fellow employees, or the broader community;
- Undermines the employee's professional integrity; and/or
- Makes the employee unfit to perform his or her assigned duties.

Individuals who act unprofessionally may face possible disciplinary actions, in accordance with applicable laws and collective bargaining agreements.

Section 7: SEPARATION

7:1 Leaving the Employ of the RCSD/Exit Checklist

Should you decide to separate from the District, either through a resignation or retirement, it is important to be aware that there are certain notification requirements (ie: teaching staff must provide a 30-day notice). There are also other important dates and deadlines to keep in mind when making the decision to leave the District, so it is always best to refer to your bargaining unit's contract and/or contact the Office of Human Capital Employee Benefits Team for clarification (benefits@rcsdk12.org).

When employment with the Rochester City School District ends, we expect the employee to return all District property prior to the effective date of separation. All employees leaving the District will be required to complete an Exit Checklist. Employee ID badges, computers, cell phones, and other materials will be returned to the employee's supervisor. The District reserves the right to take any lawful action to recover or protect District property that is not returned.

There are community resources for parents and caregivers related to SEL support on the side panel, under Caregiver and Parent Support and on the Community Health Supports page. The SEL Toolkit will be fluid and additional resources for students, parents/caregivers, and teachers will be added throughout the year. In addition to the SEL Toolkit, there is an SEL Hotline that is monitored by social workers and counselors. The Hotline will be available from 8:00 am – 3:00 pm at 585-262-8333. A systemic approach to SEL intentionally cultivates a caring, participatory, and equitable learning environment and evidence-based practices that actively involve all students in their social, emotional, and academic growth. This approach infuses social and emotional learning into every part of students' daily lives—across all of their classrooms, during all times of the school day, and when they are in their homes and communities.

An overview of District policies, procedures, and guidance regarding different English Language Learners (ELLs)/Multilingual Learners (MLs) program options for student placement as well as

educational and social emotional resources is found within our [English Language Learner Handbook](#). There are 65 different languages spoken in the District. The District promotes bilingualism and biculturalism as strengths that, when honored and cultivated, lead to increased student achievement. Cultivation of these strengths at school includes academic instruction that reflects the cultural backgrounds of all students.

RCSD Board policy compels instruction for ELLs/MLs which supports the acquisition of content and language skills. Students' previous learning and cultural experiences are relevant as foundational knowledge that teachers can build upon. The District supports instruction that is culturally responsive and sustaining thus contributing to increasing graduation rates among ELLs/MLs.

In addition to culturally relevant instructional practices, The District is committed to supporting students in the attainment of the New York State's Seal of Biliteracy (NYSSB) incentive. The Seal of Biliteracy acknowledges students' bilingualism in the form of graduation credits once they satisfy the requirements of the Seal. Students can use their advanced language skills as an asset when setting future goals. Please visit our District NYSSB resource page to access more information and resources at [RCSD NYSSB](#).

8:8 Artificial Intelligence (AI) Responsible Use and District Resources

The Rochester City School District recognizes that artificial intelligence (AI), including generative artificial intelligence (GenAI), can support teaching, learning, productivity, creativity, and District operations when used responsibly and appropriately.

Employees may use District-approved AI tools and resources to complement and improve their work consistent with District policies, regulations, data privacy requirements, and professional responsibilities. Employees remain responsible for all work they produce and must review, verify, and appropriately evaluate content generated by AI before using or sharing it.

Use District-Approved AI Resources

Employees conducting District business should use AI tools and resources approved by RCSD Information Management and Technology (IM&T).

District-approved resources and current guidance are available through **ROConnect** and the [RCSD Artificial Intelligence Resources & Guides](#) site. Because available technology and approved tools may change over time, employees should consult these District resources for the most current information.

ChatGPT and other personal or unapproved generative AI services should not be used for District work or accessed using District systems, accounts, networks, or data. Employees should use the AI tools made available and approved by the District.

Use of a GenAI tool outside the District's approved tools requires prior approval from IM&T. If personally identifiable information is involved, Regulation 8636-R also requires approval from the District's Data Privacy Officer.

Protect Student, Employee, and District Information

Employees must **never enter sensitive, confidential, proprietary, or protected District information into an AI tool unless its use has been specifically authorized for that information and purpose.**

Protected information includes, but is not limited to:

- Personally identifiable or confidential student information protected by FERPA or New York Education Law §2-d.
- Confidential employee or personnel information.
- Confidential or protected District records and information.
- Copyrighted or proprietary materials when their use would violate applicable copyright protections.

Regulation 8636-R specifically prohibits users from entering sensitive, copyrighted, proprietary, or confidential District information into GenAI systems contrary to applicable law and District policy.

Employees Remain Responsible for Their Work

Artificial intelligence is a tool to support professional work; it does not replace professional judgment or responsibility.

Employees who use AI are responsible for reviewing AI-generated content for accuracy, appropriateness, bias, confidentiality, copyright concerns, and alignment with District expectations before using or sharing the content.

AI-generated information may be inaccurate, incomplete, biased, or otherwise inappropriate. District Regulation 8636-R specifically recognizes these limitations and cautions that GenAI responses may be biased, incorrect, or present copyright concerns.

AI in Teaching and Learning

Instructional staff should clearly communicate expectations regarding appropriate student use of AI for assignments and learning activities. Students remain responsible for their own work and are expected to comply with District academic and conduct expectations.
