How to – Change Password for Schoology Parent Access

1.	Navigate to HTTPS://APP.Schoology.com You can also download the Schoology App from the Apple and Android stores.	
2.	Click the Forgot your password Link	
3.	Type in the email address that was used to register for Skyward Family Access. You can sign into Family Access to confirm what email address was used. Click the My Account Link at the top of Family Access. Your email address will appear at the top. * If you change your email address it will take 24 hours before the change will reflect in Schoology.	
4.	Click Send My Login Info	
5.	If you used the correct email address you'll receive a message that states: Further instructions have been sent to your e-mail address.	
6.	If you used an incorrect email address you'll receive a message that states: Error: The email address you entered does not belong to any account. Confirm the address was typed correctly below.	

7.	You will receive an email from notifications@schoology.com No-reply@schoology.com Check your spam folder and add both email address to your safe senders list.	
8.	Click the link within 24 hours. You will be taken to the reset password page. Click Log in	
9.	The password reset screen will show your username that can also be used to sign into Schoology. We recommend using the email address you previously used. Type in a new password. Click Submit You are now signed into Schoology using your new password.	
10.	You will receive confirmation at the top of the page that your password has been changed.	
11.	After you log in, to switch between students, click the dropdown by your name to see your linked children. Click on the name to change to their account.
