2026-2027 Parent and Family Engagement Policy

Scan to provide input:

(Parent and Family Engagement Policy Evaluated and Revised 6/17/2026 through 8/19/26)

(Updated PFE Policy posted on the WSISD website and distributed by districtwide email on or before 9/30/2026)

[Translation of the Policy](#) can be found in Spanish on the WSISD website: District Family Engagement Policy 2026-2027

Español: Política de participación de los padres y de la familia 2026-2027

Statement of Purpose

White Settlement ISD believes learning is a shared responsibility that requires active involvement by students, staff, families and the community. The WSISD Board of Trustees, administration, teachers, support staff, families and community members will work collaboratively to create a positive learning environment for all students that:

- fosters a culture of excellence and empowers Brewer Bears to be innovators and leaders of tomorrow by providing premier education (WSISD Mission).
- develops passion to learn in every student and helps each child determine his/her purpose for the future (WSISD Vision).
- supports and engages parents in learning activities with children at home and school.
- provides frequent communication with parents/families regarding school and district activities, programs and initiatives.
- provides ongoing, two-way, meaningful communication that facilitates mutual understanding and stimulates student success.
- provides a variety of activities that encourage parents/families to be actively engaged in their student's learning.
- provides life-long learning opportunities for parents.
- provides staff training that enhances the home/school partnership.

Thus, WSISD participates in the Title I, Part A Federal Funding Program. This program provides funding for low socio-economic schools and in return, we promise to meet the expectations laid out for us by the Texas Education Agency and the United States Department of Education.

Develop the Policy with Families

The Parent and Family Engagement Policy is developed, reviewed, and revised annually by the District Planning Committee which consists of parents, teachers, administrators, paraprofessionals, other staff members, business and community members. This group meets a minimum of four times per academic school year to plan, implement, and evaluate the policy. The district encourages participation in the DPC through personal invitations and the WSISD website. Input from parents is also sought through virtual District Parent Advisory meetings. All WSISD parents are invited to attend these virtual meetings via links on the district digital newsletter. The policy is also made available via the district website where further input can be shared.

Involve Families in Developing the Title I Plan (District Improvement Plan)

Parent volunteers on the District Planning Committee represent the diversity of our district population and two or more parents have children participating in a Title I program. The committee convenes at a time and place convenient for all its members. The committee provides input regarding the development of the district and campus improvement plans as it pertains to parent involvement and family engagement.

The District Planning Committee, comprised of parents, teachers, administrators, paraprofessionals, community members and business representatives, will review the District Improvement Plan annually and incorporate the Parent and Family Engagement Policy into the Family and Community Involvement section of the District Improvement Plan.

Provide Coordination and Assistance to Schools

WSISD will provide the coordination, technical assistance and other support necessary to assist our participating schools with planning and implementing effective family engagement activities to improve student academic achievement and school performance. The coordination, assistance and support includes:

- Designation of a District Parent and Family Engagement Liaison.
- Including Title I Parents in their school's Campus Planning Committee so that specific matters related to Title I students can be presented and acknowledged.
- Allocating district resources to parent engagement activities.
- Designation of a Title I Parent and Family Engagement Liaison at each Title I school.

WSISD will also provide training to enhance the skills of teachers, principals and other necessary staff on:

- The value and usefulness of parent contributions.
- How to reach out to and communicate with parents as equal partners.
- Implementing and coordinating parent programs.
- Building ties between parents and schools.

Build Capacity of Schools and Parents

High student achievement is the result of effective home/school/community partnerships. Family engagement activities will be scheduled throughout the school year to foster this collaboration to enhance the family/school/community partnership.

The district will support activities that focus on the improvement of student achievement socially and academically. As a result, learning strategies will be shared with parents to improve student achievement and address the needs of all students.

WSISD will:

- Provide in-person, family engagement opportunities that promote student academic achievement, school/home relationships, and student involvement in extra-curricular activities.
- Utilize the District Planning Committee to review and evaluate the PFE policy and provide feedback and suggestions on all matters related to family engagement in programs.
- Support the schools in providing timely communication to families, ensuring that families are engaged and informed. The district will utilize a variety of communication methods including but not limited to: Parent Square, District newsletters, paper flyers and letters; social media; and district website. The schools will also utilize the Canvas Learning Management System and Gradebook/Skyward to communicate educational objectives and expectations with families.
- Provide assistance to parents through meetings, training, links, and teacher conferences on how to monitor a child's progress and how to understand state standards and assessments.
- Provide educational training to help parents work with their children to improve their children's

achievement, such as literacy and technology. Avenues include the Canvas Learning Management System, Gradebook/Skyward, campus literacy and curriculum nights, etc.

- Provide education and communication to teachers and school personnel to help them with assisting parents, valuing the contributions of parents, working with parents as partners, and building ties between parents and the school.
- Develop appropriate roles for community-based organizations and businesses in parental engagement activities. Community organizations and businesses will be encouraged to participate in district-wide events. Various district and campus committees will include business and community representatives such as the School Health Advisory Council and the District Planning Committee. The district will also utilize the WSISD Education Foundation.
- To the extent feasible, coordinate and integrate family engagement strategies under other programs.
- Provide information to parents in a uniform and understandable format and, to the extent practicable, in a language parents can understand.
- May arrange school meetings at a variety of times or conduct home visits.
- May adopt and implement model approaches to improving family engagement.

Coordination of Programs

WSISD will assess the needs of families and children in the community using a variety of tools including data and discussions from: grade level team meetings, Campus Planning Committee meetings, Professional Learning Communities, Instructional Focus meetings with campus and district instructional administration, and results from the end-of-year campus parent surveys. The district will utilize this feedback to develop effective programs that address needs and revise existing programs.

Annual Evaluation of Effectiveness of Parent Engagement Policy

The parent and family engagement program will implement effective family engagement activities to improve student academic achievement and school performance.

The district and campus will provide assistance and resources to facilitate the parental engagement program, and the District Planning Committee (DPC) will annually evaluate and revise the content and effectiveness of the policy and its programs. Surveys, assessment data and other resources will be used to determine the needs and develop revised strategies for student success. Revisions to the District Improvement Plan and the Parent and Family Engagement Policy will be developed with input from all stakeholders on the DPC, then communicated to parents/families.

Reservation of Funds

White Settlement ISD is required to set aside at least 1 percent of its Title I funds for the purposes of parental engagement. Those funds (a minimum of 90 percent) will be divided among the Title I campuses. The campus principal will consult with the Campus Planning Committee about allowable and programmatic use of the funds. The principal will then authorize the use of the funds designated for parental engagement.

Reservation

District Title I Planning Total Allotment:			\$1,074,440
Required 1% Reservation:	\$ 10,745	Actual:	\$14,690
90% of the 1% Reservation:	\$ 9,671	Actual:	\$13,221
