Checklist for Written Notice to Families of Kindergarten Students

Beginning in the 2026-2027 school year, all families of kindergarten students are to receive written notice of their child's assessment results and individualized learning plan (ILP) status.

Written notice for each kindergarten family must include:

- ☐ Individual student assessment results for kindergarten school readiness and interim reading assessments.
- ☐ Purpose of the assessment tools.
- ☐ Transparency in how the information from the assessments is used.
- ☐ For students who meet requirements on *each* of the 6 required domains of school readiness, *AND* the interim reading assessment, language stating the local education provider is not required to provide, nor intends to provide, an ILP based on those assessment results, and
- ☐ The family's right to request an ILP for their child.
