On-Time Arrival

Students are expected to arrive at school with enough time to transition to their classroom and be ready to learn by 7:30 AM.

Students arriving between 7:15 and 7:27 AM should report to the cafeteria for breakfast or their designated morning arrival area. The playground is not available during morning drop-off because it is not supervised at this time.

The first bell rings at 7:27 AM, giving students time to transition to their classrooms. Instruction begins promptly at 7:30 AM.

Tardy Arrival

Students arriving after 7:30 AM are considered tardy.

For safety and accurate attendance records, students who arrive after 7:30 AM must:

- Be signed in at the front office by a parent/guardian or accompanying adult.
- Receive a tardy pass.
- Report directly to their classroom.

Attendance

Tardies are documented as part of the school's daily attendance procedures. Students arriving after 7:30 AM will be recorded as tardy. We encourage families to plan their morning routine to allow sufficient time for drop-off, breakfast, and the transition to class.

Our goal is to ensure every student begins the school day safely, calmly, and ready to learn.
