MESSAGE FROM THE DIRECTOR

Welcome to Residential Life at Daegu International School! At DIS we are focused on the whole-child. That means we care about not only academic success but also the social, emotional, and physical health of our boarding residents. These values are evident in the physical spaces and time-table we have created—such as our gym, study rooms, kitchen, and recreational areas. Learning to live with others is the foundation of DIS's residential life program. We value student voice, responsibility, and accountability. We believe in working together—residential staff and students—to solve problems in a democratic fashion in our community. In addition, a core value of the DIS residential program is that we all live in the residential hall and therefore, it is everyone's responsibility to keep our home clean and safe. Here our students learn to mature intellectually, emotionally, and physically, and also live well with others in order to prepare them for the greater liberties of college life. Residential life together with DIS school life emphasizes our overall belief that we should all respect ourselves, respect others, and respect our world.

- Dorm Director, Ms. White

RESIDENTIAL LIFE

Our Dormitory Program provides students with a safe, supportive, and engaging environment away from home. Conveniently located near a variety of shopping centers, and restaurants, students have easy access to everything they need while enjoying a vibrant community atmosphere. DIS is just a 5-minute drive from Daegu International Airport and only 15 minutes from Dongdaegu Station, Korea's major railway hub, allowing convenient travel.

Student safety remains our highest priority. With 24/7 security monitoring, supervised residential staff, and structured support systems, students benefit from a secure environment that promotes both independence and personal growth.

FACILITIES

Dorm Bedrooms

Designed to support both student well-being and daily comfort, our residence hall offers a variety of facilities that help students feel at home. One of the most important resources available is convenient access to on-campus nursing and medical services, ensuring prompt care and support. Within the building, students can enjoy comfortable living spaces, study areas, lounges, and common spaces. Beyond the dormitory, residents also have access to the school's extensive facilities, including athletic spaces, academic resources, and other campus amenities that enrich student life both inside and outside the class.

Dorm Lounges

Kitchen

Games Area

Fitness Center & Yoga Studio

Laundry Rooms

Library

Weekend Activities

Throughout the school year, students have the opportunity to participate in a variety of organized activities and excursions led by teachers. Weekend activities provide valuable opportunities for residents to connect with one another, build lasting friendships, and strengthen their sense of community. By offering thoughtfully planned experiences at little to no additional cost, students can focus on enjoying their time together, creating memorable experiences, and making the most of their boarding school journey.

DAILY LIFE

Schedule

7:00 - 7:55	Breakfast	6:00 - 7:30	Study Hall

4:20 - 5:00	Free Time	10:00	Lights Out
5:00 - 6:00	Dinner		

Testimonials From Dorm Residents

“Dorm life is a great benefit. Personally, I think the best part is the easy access to school facilities. I know you may sometimes feel homesick, but the welcoming community comforted me a lot.”
- Lucas Shin (Korea)

“Living in the dorm feels so comfortable as if it’s my second home. There’s a lot of places to check out near the school, making it more exciting to hang out with my friends. My favorite part is the eateries around the neighborhood when weekend activities are held.”
- Kyara Trindade (Mozambique)

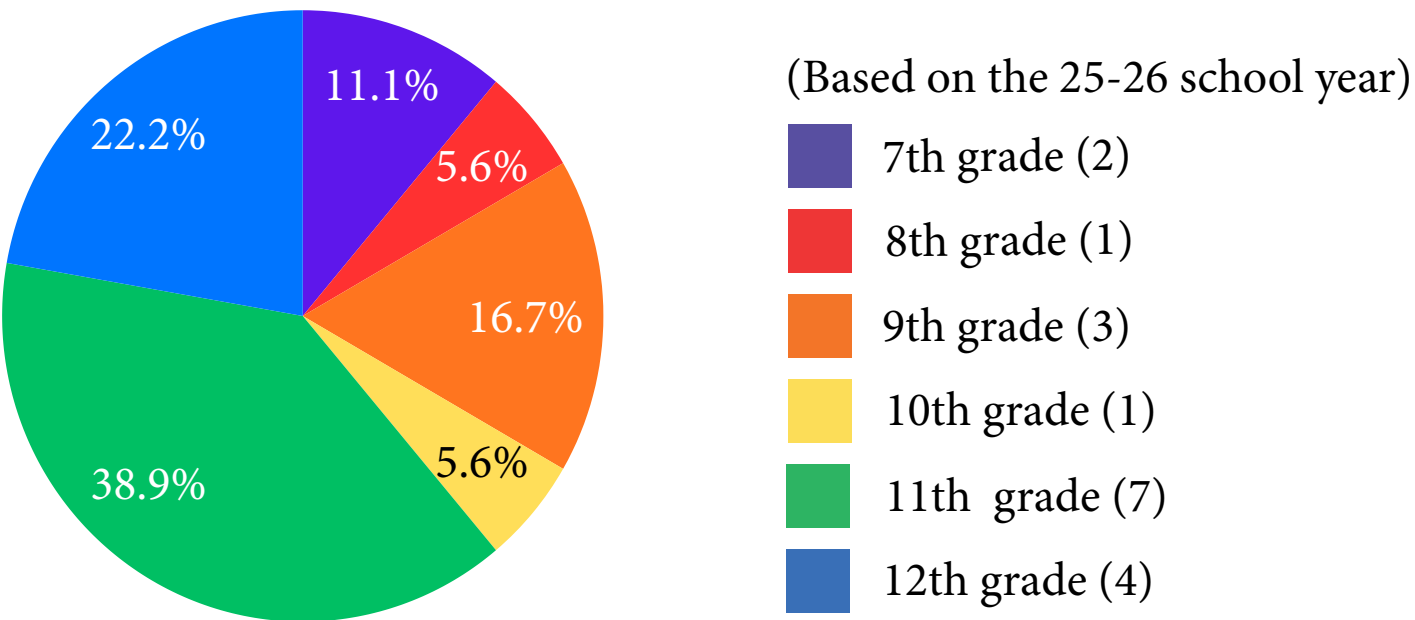

“Dorm life is interesting not just for students but for teachers as well. We try our best to hold events to keep our students entertained which I think helped them be satisfied with their dorm lives. It’s also a great opportunity to learn more about each other, which I think is essential in building a tight knit community.”
- Ms. Nagy (United States of America)
