III. PTA Board & Principal Reports

President – Bridget Rock

- No formal meeting next month, we will have our end of the year celebration at El Patio.
- We have gift cards as a thank you for committee chairs.
- PTSA meeting this month after a few months off. Elections will take place at the training in May. Scott Francis talked about the cell phone law that passed. There won't be a lot of changes at our level. It will be a larger change at the middle school and high school level. Administration will be making tweaks. The enhancement millage for \$1.5M will be on the ballot on August 4th. There will be tax calculators available if you want to see how this millage will affect you specifically. There is more leeway with how the district can use these funds: 90% will go to staff salaries. This millage would go until 2031.
- We were reached out to about the Michigan Protection Registry. It's modeled after the Do Not Call List, and prohibits advertisements for adult oriented products to minors devices. We can forward the information to anyone that is interested.
- We talked about robotics last meeting. Rob Herman applied for and received a \$1,000 grant from Scripps Howard for next year. There may be grants available within the district that we should look into.
- If you chair a committee and potentially want to change the date of an event, please reach out because we are starting to plan next year's calendar. If we don't hear from you, then it will be the same time next year.
