

IMPORTANT NOTE: As your site's designated WinCap notification recipient, please be sure to distribute the following information and updates to the appropriate Business Office staff.

To view the release notes, log into the Harris www.wincapweb.com Support Center

WIND-595 — New Jersey state table changes

Updated the NJ state tables for 26-27 changes to revenue and appropriation/expense lines.

WIND-638 — HOTFIX - ST-3 Changes for FYE 6/30/2026

ST-3 Changes for School Districts for FYE 6/30/2026:

WinCap was updated in a Hot Fix installed on 8/25/2026 to accommodate changes in FYE 6/30/2026 filings. NYSED has recently published changes to the ST-3 Form for the 2025-2026 School Year (2026-2027 claim year). The changes needed for New York State school districts to compile and submit their FYE 6/30/2026 ST-3 file have been included in this release.

We recommend that our district clients carefully review your ST-3 submission and contact NYSED for additional filing assistance. The following is contact info from the NYSED website:

- The State Aid office can be reached by telephone at (518) 474-2977. The FAX number is: (518) 474-3547.
- For SAMS assistance, email OMSSAMS@nysed.gov.
- The ST-3 NYSED contact is Ashley Weil - ashley.weil@nysed.gov.

A list of NYSED's published changes (in Excel format by schedule) and the cover memo for the ST-3 are below:

<https://stateaid.nysed.gov/st3/>

https://stateaid.nysed.gov/sams/SAMS_Release_Memo.htm

WIND-642 — Employee Maintenance Go To search not working correctly when view SSN is selected

Updated the Go To search in Employee Maintenance in preparation for additional data encryption to correct an issue sometimes causing the search not to work once data is encrypted.

WCW-701 — Payroll Voucher Attachments Issue

Payroll Vouchers have been updated to ensure that attachments can be seen on vouchers.

WCW-718 — HOTFIX: Mass Assign Positions to User Security Template

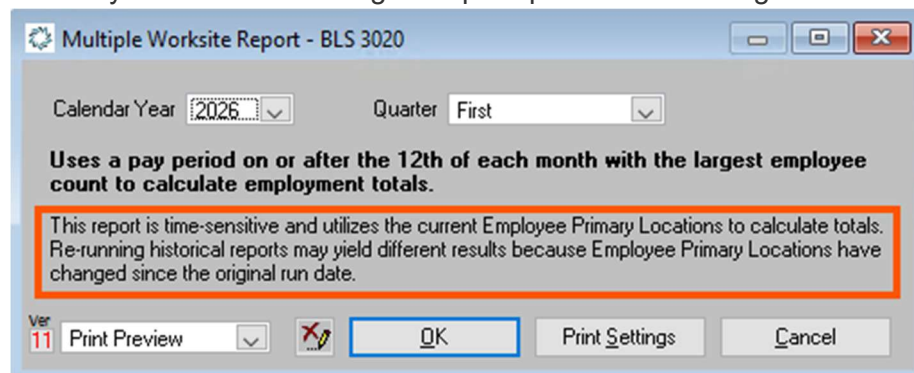

Updated in a Hot Fix installed on 8/11/2026 for an issue occurring if a position had already been linked to a Security Template that would not allow the user to "re-link" it to add users who might be new to the position. It also was not correctly updating the roles when an option to reset permissions for users associated with the security template option was checked.

WCW-722 — WCW Leave Requests Approver

For WinCapWEB Leave approvers, refreshing the screen or browser will now restore the proper settings. Previously this would return a "You must be an Approver" message that required the WCW user to log out, clear their cache and log back in.

WIN-1570 — Multiple Worksite Report

Added the following note when running the report to make users aware of changes in results that may occur when running for a prior period once changes are made to Locations.

WIN-1578 — Error when using the FIND in Payroll Totals Display

Updated for an error when using binoculars to search on the Payroll Totals screen.

WIN-1582 — Report Criteria for the Leave Valuation Report not showing

WinCap has been updated so that the criteria for the Leave Balance Valuation Report is now showing again.

WIN-1591 — Add State Activity Code 5860 for BOCES

Some BOCES were missing the State Activity Code 5860 (Early College Access) so it has been added for those that were missing it.

Save the Date!

WinCap User Conference West and East

Our WinCap Support Team is hosting in-person User Conferences in October 2026. Mark your calendars and keep an eye on your inbox for more information as we host our annual user group meetings at your choice of two locations!

Tuesday October 6, 2026

Erie 1 BOCES Education Campus (WNYRIC)
355 Harlem Road
West Seneca, NY 14224

Thursday October 8, 2026

WinCap User Conference East – Albany, NY

Crowne Plaza Albany – The Desmond Hotel
660 Albany Shaker Road
Albany, NY 12211

Important Reminder About New Support Portal

This is a friendly reminder that as of July 30, 2026, we have moved our WinCap customer support portal from TeamSupport to Zendesk.

A couple of quick things to keep in mind so your support experience stays seamless:

- **Your normal support email address (wincapsupport@harriscomputer.com) has not changed.** You can continue to email us there with any questions and your messages will route into the new system automatically.
- **Your new support portal is live.** To view, submit, and track tickets online, use the new Zendesk portal <https://wincaphelp.harrisschool.solutions/hc/en-us> .
- We will no longer be responding to tickets emailed to the former reply-to email address from older tickets: hssfins-support@harriscomputer.com.
