MEMORANDUM

To: School Committee Members
From: Jon Evans
Date: August 31, 2026
RE: PROTECT Act

On August 5th, Governor Healy signed the PROTECT Act into law. This law identifies the responsibilities of schools and procedures that must be in place in response to immigration enforcement activity. The law specifically states that policies and procedures must be in place by September 1st, or the first day of school.

I am pleased to report that we already have established procedures that are consistent with the requirements of the PROTECT Act. These procedures were reviewed with all staff members last year and will be reviewed again with all staff prior to the return of students on August 31st.

To fulfill our requirement for the implementation of a policy, I ask for your approval for the attached policy.

Thank you for your consideration.

PROTECT Act Policy

Interacting with Law Enforcement Officers Engaged in Civil Law Enforcement

At Keefe Regional Technical School, we recognize the importance of all students being known and valued, and promote a safe, inclusive, and welcoming learning environment for all students. All of our students have a right to a free public education regardless of race, color, sex, gender identity, religion, national origin, immigration or citizenship status, disability, or sexual orientation.

On August 5, 2026, Governor Maura Healey signed into law the PROTECT Act. It is now the law in Massachusetts that, except as required by state or federal law or as required for the Commonwealth or its subdivisions to administer a state or federally supported or funded program, civil arrests for civil law enforcement, including federal immigration enforcement, are not allowed on school grounds during school hours, student drop off and pick up windows, before- and after-school programming and school-sponsored events without a Judicial Warrant or Judicial Order.

The Superintendent shall immediately implement PROTECT Act procedures consistent with the Model Procedures and the Guidance for K-12 Schools Related to Interacting with Civil Law Enforcement issued by the Governor's Office, the Executive Office of Education and the Department of Elementary and Secondary Education on August 21, 2026. The procedures will promote schools that are safe and accessible for students, staff and residents.

The procedures shall be implemented, wherever applicable, in alignment with District Emergency Operations Plans, Medical and Behavioral Health Emergency Response Plans, and the School Resource Officer Memorandum of Understanding.

The procedures shall include:

(i) Procedures for identifying and designating a senior administrator at the District central office to serve as the individual responsible for having primary contact with law enforcement agents engaged in civil law enforcement for the school system and the central point of contact for schools on interactions with civil law enforcement;

(ii) Procedures for identifying and designating a senior administrator at each school to serve as the individuals responsible for having primary contact with law enforcement agents engaged in civil law enforcement who arrive on site at the school or request information about students, employees, or other persons affiliated with the school;

(iii) Procedures for contacting the school district's attorney;

(iv) Procedures for contacting the senior administrator at the school and the District central office in the event law enforcement agents engaged in civil law enforcement arrive on school grounds or request information about students, employees, or other persons affiliated with the school;

(v) Procedures for documenting all interactions with law enforcement agents engaged in civil law enforcement while on school grounds;

(vi) Procedures for notifying a student's parent(s) or guardian(s) or the student directly if the student is 18 years or older or emancipated, if a law enforcement agent engaged in civil law enforcement requests access to a student or student's information for any civil law enforcement purpose;

(vii) Procedures following the confirmation of law enforcement agents engaged in civil law enforcement on school grounds, including notifying parents and guardians, teachers, administrators, and school personnel;

(viii) Procedures to confirm and update students' emergency contacts, with allowance for more than one person to be listed, and alternative caregiver plans; and

(ix) A plan to share these procedures with students and families on the school district's website.

This policy and the accompanying procedures shall constitute the written emergency response plan required by the PROTECT Act.

REQUEST FOR OWNER'S PROJECT MANAGEMENT SERVICES ("OPM RFS")

1. Introduction

The **South Middlesex Regional Vocational Technical School District**, ("Owner") is seeking the services of a qualified OPM "Owner's Project Manager" as defined in Massachusetts General Laws Chapter 149, Section 44A½ and as further defined by the provisions of this RFS, to provide Project Management Services for the design, construction, addition to and /or renovation of the **Joseph P. Keefe Technical School** in **Framingham**, Massachusetts ("Project").

The Owner is requesting the services of an OPM to represent the Owner during the feasibility study and schematic design phases of the project initially. Subject to the approval of the Project by the Massachusetts School Building Authority (the "MSBA") and further subject to continued funding authorized by the **South Middlesex Regional Vocational Technical School District**, the contract between the Owner and the Owner's Project Manager may be amended to include continued Project Management Services through design development, construction documents, bid and award, construction and final closeout of the potential Project. A potential approved Project may include a renovation of the existing School, a renovation and addition of the existing School and/or new construction. The estimated total project costs of an approved potential Project may range from **($250,000,000.00** to **$350,000,000.00)** depending upon the solution that is agreed upon by the Owner and the MSBA and that is ultimately approved by a vote of the MSBA Board of Directors.

To ensure goals are set properly, Municipalities should contact SDO.Construction@mass.gov or 617-872-4064 as soon as possible for assistance from the Supplier Diversity Office ("SDO") in goal setting.

Please note that the Owner's Project Manager will be expected to utilize the SDO's online reporting system, presently known as "The Hub," and will be expected to adhere to all requirements set forth in M.G.L. c. 7, § 61, as well as any associated guidance from the SDO. The Owner's Project Manager will also be expected to provide, in the forms and formats required by the Owner and the SDO, regular reports of information pertaining to the businesses engaged in work set forth in the Contract for Project Management Services with the Owner, as amended.

2. Background

Any Reference to "District" in this RFS refers to the Owner, the South Middlesex Regional Vocational Technical School District, Joseph P. Keefe Technical School, which is located at 750 Winter Street, Framingham, MA 01702. The District consists of five member communities (Ashland, Framingham, Holliston, Hopkinton, and Natick). The District opened its doors in 1973. The School Committee consists of two representatives from Ashland, Holliston, Hopkinton, Natick and eight members from Framingham. Each member is appointed by respective Municipal Boards. The school Committee Chair is elected by a vote of the South Middlesex Regional Vocational Technical School District on an annual basis. The School Committee has several standing subcommittees.

3. Project Description, Objectives and Scope of Services

On or about **April 3, 2024**, the Owner submitted a Statement of Interest (Attachment A) to the MSBA for **Joseph P. Keefe Technical School**. The MSBA is an independent public authority that administers and funds a program for grants to eligible cities, towns, and regional school districts for school construction and renovation projects. The MSBA's grant program is discretionary, and no city, town, or regional school district has any entitlement to any funds from the MSBA. At the **December 13, 2024** Board of Directors meeting, the MSBA voted to issue an invitation to the Owner to conduct a feasibility study for this Statement of Interest to identify and study possible solutions and, through a collaborative process with the MSBA, reach a mutually-agreed upon solution. The MSBA has not approved a Project and the results of this feasibility study may or may not result in an approved Project.

It is anticipated that the feasibility study will review the problems identified in the Statement of Interest at the Joseph P. Keefe Technical School. The Joseph P. Keefe Technical School at 750 Winter Street, Framingham MA 01702. The district opened its doors in September of 1973. This 258,000 square foot facility was constructed as the regional solution to the need for career and technical education for the towns of Ashland, Framingham, Holliston and Hopkinton. The town of Natick joined the district in 1988. These five towns comprise the South Middlesex Regional Vocational Technical School District. The current need expressed in this SOI application is very timely and combined with previous projects would position this institution for long term sustainability.

The Joseph P. Keefe Technical School is located on 29 acres of land on Winter Street in Framingham MA. The school site is at the end of the old Cushing Hospital Federal land that is now owned by the City of Framingham and operated by the Framingham Parks and Recreation Department. Winter Street is residential zoning and the adjoining Fountain Street is light commercial zoning. Entrances to the building are located on Winter and Fountain Street. The facility has adequate parking for construction vehicles so the neighborhood will not be negatively impacted. The facility is three stories high and has a curved design to fit the comer lot. The building faces south and the roof has a direct southern exposure. There are no known issues with the facility site that would negatively impact this project.

Original Building Plus Additions Square Footage 258000
Modular Units (erected in 2023) Square Footage 3500

Joseph P. Keefe Technical School is a career and technical high school that contains 16 career and technical programs for students in grades 9-12. These programs include the following: Carpentry, HVACR, Visual Design, Electrical, Horticulture /Landscape Design, Plumbing, Metal Fabrication and Welding, Automotive Technology, Cosmetology, Culinary Arts, Health Assistant Careers, Early Childhood Education and Care, Information Technology, Web Design, Legal/Protective Services and Dental Assisting. Academically, the District offers Mathematics, English Language Arts, Science, Social Studies, Physical Education, Music, Art, Health, Special Education, Guidance, Recruiting, Admissions, and Co-operative Work Placement. The District has added course offerings in theater arts and expanded the Dental Assisting program for the 2024-2025 based on increasing student interest. The District offers a continuing education program for adults in both career/technical courses as well as enrichment programs. The district also runs a summer discovery program for approximately 550 campers during the summer months.

As a result of a collaborative analysis with the MSBA of enrollment projections and space capacity needs for the Joseph P. Keefe Technical School, the South Middlesex Regional Technical School District acknowledges and agrees that the design of alternatives, which may be evaluated as a part of the Feasibility Study for the Joseph P. Keefe Technical School, shall be based on an enrollment range

between 875 and 1350 students. As the district considers enrollment plans, Career and Technical program options will also be considered. The table included in our Enrollment Certification Report is provided below.

Current Grades 9-12 Enrollment for Existing Chapter 74 Pro2rams	Expanded Grades 9-12 Enrollment for Proposed Chapter 74 Pro2rams	Expanded Grades 9-12 Enrollment for Proposed Chapter 74 Pro2rams
875 students	1,350 students	Between 875-1,350 students

Specific examples of capital repair projects undertaken in the past:
Addition:
Completed in 1986, added male and female pool locker rooms, added handicap access ramp to A Building, and added fitness center space adjacent to the gym. (bond). In 2006, the District completed an ESCO project on most of the major energy components in the facility including HVAC, lighting, lighting controls, water usage, pool heating, energy controls and fire alarm system replacement. Completed in 2014 a new roof installed. Completed in 2023, added modular building inclusive of 4 additional classrooms.

The District commissioned Drummy Rosane Anderson, Inc.(DRA Architects, Inc.to study all aspects of the facility and provide a Facilities Assessment Plan (completed 4/4/2022).

Although Joseph P. Keefe Technical School building structure and components have been well maintained over the past 51 years, many of the components in the building (windows, doors etc ...) and building systems (plumbing, electrical, fire, HVAC) are original and have reached or exceeded their useful life as referenced in the Facilities Assessment Plan provided by DRA Inc. It is often difficult to procure parts due to the age of these components and systems.
Due to the age of the building, it is not in compliance with current ADA, Energy Efficiency Standards and Life Safety Systems code.
The windows and their components (framing, insulation and caulking) in the school are original and in need of replacement.
The plumbing systems (Fixtures and underground piping) are reaching the end of their useful life and have potential for catastrophic failure (underground water lines and sanitary drain lines) and repairs would be disruptive to the educational program.
The electrical systems (main switch gear and associated wiring) have reached the end of its useful life, and it would be difficult to procure parts for this system due to availability. Repairs to the main switch gear, in the event of a catastrophic failure, would be very disruptive to the educational system.

For more building and systems information, the District's 2024 SOI is provided as an Attachment A. We have also attached Drummey Rosane Anderson (DRA Architects, Inc.) 4/4/2022 Facilities Assessment Plan Attachment A.

Project Objectives under consideration by the Owner include:

- ***Identification of community concerns that may impact study options;***
- ***Identification of specific milestone requirements and/or constraints of the District – e.g. Town votes, swing space, occupancy issues;***
- ***Life cycle costs of operating the School as it relates to future operational budgets;***
- ***Green Building Council's LEED Rating System;***

- ***CM-at-Risk Delivery Method;***
- **Review and expansion of Career and Technical program offerings.**

The required scope of services is set forth in Article 8 of the standard contract for Owner's Project Management Services for a Design/Bid/Build project that is attached hereto as Attachment B and incorporated by reference herein. If the Owner determines to use a CM-at-Risk delivery method, this contract shall need to be amended and/or substituted. The work is divided into the Project Phases as listed in Attachment A of this contract. The durations of the Phases shown below are estimates only, based on the Owner's experience. Actual durations may vary depending upon the Project agreed upon by the Owner and the MSBA. The total duration of the Contract is estimated as follows:

1.	Feasibility Study/Schematic Design Phase;	***20-24*** months*
2.	Design Development/Construction Documents/Bidding Phase; and	***10-12*** months*
3.	Construction Phase.	***24-36*** months*

(*These ranges for scheduling timeframes are provided as guidelines only and are based upon schedules established by other Owners.)

4. Minimum Requirements and Evaluation Criteria:

Minimum Requirements:
In order to be eligible for selection, each Respondent must certify that it meets the following minimum requirements. Any Response that fails to include such certification in its response, demonstrating that these criteria have been met, may be rejected without further consideration.

Each Respondent must designate an individual who will serve as the Project Director. The Project Director shall be certified in the Massachusetts Certified Public Purchasing Officer Program (the "MCPPO") as administered by the Inspector General of the Commonwealth of Massachusetts at the time of application and must also meet the following minimum requirements:

- The Project Director shall be a person who is registered by the Commonwealth of Massachusetts as an architect or professional engineer and who has at least five years' experience in the construction and supervision of construction and design of public buildings;
  or,
- if not registered as an architect or professional engineer, the Project Director must be a person who has at least seven years' experience in the construction and supervision of construction and design of public buildings.

Evaluation Criteria

In addition to the minimum requirements set forth above, all Respondents must demonstrate that they have significant experience, knowledge and abilities with respect to public construction projects, particularly involving the construction and renovation of K-12 schools in Massachusetts. The Owner will evaluate Responses based on criteria that shall include, but not be limited to, the following:

1) Past performance of the Respondent, if any, with regard to public, private, Department Of Education funded and MSBA-funded school projects across the Commonwealth, as evidenced by:
   a) Documented performance on previous projects as set forth in Attachment C, including the number of projects managed, project dollar value, number and percentage completed

on time, number and dollar value of change orders, average number of projects per project manager per year, number of accidents and safety violations, dollar value of any safety fines, and number and outcome of any legal actions; (up to 10 Points)

b) Satisfactory working relationship with designers, contractors, Owner, the MSBA and its commissioning consultants, and local officials. (up to 10 Points)

2) Thorough knowledge of the Massachusetts State Building Code, regulations related to the Americans with Disabilities Act, and all other pertinent codes and regulations related to successful completion of the project. (up to 5 Points)
3) Thorough knowledge of Commonwealth construction procurement laws, regulations, policies and procedures, as amended by the 2004 Construction Reform laws and knowledge and experience with CM-At-Risk Procurement methodology. (up to 5 Points)
4) Management approach: Describe the Respondent's approach to providing the level and nature of services required as evidenced by proposed project staffing for a potential (hypothetical) proposed project for new construction of ***261,500*** square feet or renovation of ***337,500*** square feet; proposed project management systems; effective information management; technical assistance for and attendance at Owner meetings; and examples of problem solving approaches to resolving issues that impact time and cost. (up to 10 Points)
5) Key personnel: Provide an organizational chart that shows the interrelationship of key personnel to be provided by the Respondent for this project and that identifies the individuals and associated firms (if any) who will fill the roles of Project Director, Project Representative and any other key roles identified by the Respondent, including but not limited to roles in design review, estimating, cost and schedule control. Specifically, describe the time commitment, experience and references for these key personnel including relevant experience in the supervision of construction of several projects that have been either successfully completed or in process that are similar in type, size, dollar value and complexity to the project being considered. (up to 10 Points)
6) Capacity and skills: Identify existing employees by number and area of expertise (e.g. field supervision, cost estimating, schedule analysis, value engineering, constructability review, quality control and safety). Identify any services to be provided by sub-consultants.(up to 5 Points)
7) Identify the Respondent's current and projected workload for projects estimated to cost in excess of $1.5 million. (up to 5 Points)
8) Familiarity with the MSBA's Green Schools Program. Demonstrated experience working on high performance green buildings (if any), green building rating system used (e.g., LEED), life cycle cost analysis and recommendations to Owners about building materials, finishes etc., ability to assist in grant applications for funding and track Owner documentation for LEED prerequisites. (up to 5 Points)
9) Thorough knowledge and demonstrated experience with life cycle cost analysis, cost estimating and value engineering with actual examples of recommendations and associated benefits to Owners. (up to 10 Points)
10) Knowledge of the purpose and practices of the services of Building Commissioning Consultants. (up to 5 Points)
11) Financial Stability: Provide current balance sheet and income statement as evidence of the Respondent's financial stability and capacity to support the proposed contract. (up to 5 Points)
12) Familiarity with Chapter 74 Career & Technical Program delivery, and districts that provide this service to their students. (up to 15 Points)

In order to establish a short-list of Respondents to be interviewed, the Owner will base its initial ranking of Respondents on the above Evaluation Criteria. The Owner will establish its final ranking of the short-listed Respondents after conducting interviews.

The Owner reserves the right to consider any other relevant criteria that it may deem appropriate, within its sole discretion, and such other relevant criteria as the MSBA may request. The Owner may or may not, within its sole discretion, seek additional information from Respondents.

This RFS, any addenda issued by the Owner, and the selected Respondent's response, will become part of the executed contract. The key personnel that the Respondent identifies in its response must be contractually committed for the Project. No substitution or replacement of key personnel or change in the sub-consultants identified in the response shall take place without the prior written approval of the Owner and the MSBA.

The selected Respondent(s) will be required to execute a Contract for Project Management Services with the Owner in the form that is attached hereto as Attachment B and incorporated by reference herein. Prior to execution of the Contract for Project Management Services with the Owner, the selected Respondent will be required to submit to the Owner a certificate of insurance that meets the requirements set forth in the Contract for Project Management Services.

Prior to execution of the Contract for Project Management Services, the fee for services shall be negotiated between the Owner and the selected Respondent to the satisfaction of the Owner, within its sole discretion. The initial fee structure will be negotiated through the Feasibility Study/Schematic Design Phase. The selected Respondent, however, will be required to provide pricing information for all Phases specified in the Contract at the time of fee negotiation.

5. Selection Process and Selection Schedule

Process

1) The Director of Finance and Business Operations will review all responses and identify those that meet the minimum eligibility requirements set forth in Section 4 above. All documentation provided by eligible respondents will be provided to the OPM Selection Subcommittee. The OPM Selection Subcommittee will be comprised of the School Committee's School Building Committee and the Director of Finance and Business Operations. This subcommittee will be confirmed by a vote of the School Building Committee. The reviewers will rank the Responses based on the weighted evaluation criteria identified in the RFS and shall short-list a minimum of three Responses. Cumulative point totals for each respondent will be tabulated and the three highest point-earning respondents will proceed to the next phase of the evaluation process.
2) The Director of Finance and Business Operations will contact at least three (3) references for each of the top three Respondents. Feedback from the references will be shared with the OPM Selection Subcommittee but the information will not become a weighted part of the rating process. The OPM Selection Subcommittee will schedule and conduct interviews with the top three Respondents. The Respondents will be asked the same standard questions and may also be asked questions specific to (a) their RFS responses as they relate to the criteria in Section 4 and (b) reference check information. After completing the interviews, each member of the OPM Selection Subcommittee will re-rank each Respondent, based on a cumulative point total of answers to interview questions. The Subcommittee will not factor in the original scores with the interview scores. The Owner reserves the right to require the three top-ranked Respondents to submit additional information.
3) The Director of Finance and Business Operations will contact the Respondent ranked in first place by the OPM Selection Subcommittee and begin fee negotiations by requesting a detailed fee proposal for the OPM services set forth in Attachment B, Contract for Project Management Services, indicating hourly rates and time allocations for the proposed key personnel for each

phase of the work, as well as a total proposed not-to-exceed fee, from the Respondent. Based on the fee proposal, the Director of Finance and Business Operations will attempt to negotiate a satisfactory fee for the contract. When the Director of Finance and Business Operations has negotiated a satisfactory fee with a Respondent, the Respondent will execute Revised January 2026 Page 7 of 22 the Contract for Project Management Services found in Attachment B. A final estimated or actual project construction cost that exceeds the estimated project construction cost provided in this RFQ will not necessarily constitute a justification or basis for an increase to the negotiated OPM fee.

4) The selected firm will be submitted to the MSBA for its approval.
5) The selected firm may be asked to participate in a presentation to the MSBA and/or submit additional documentation, as required by MSBA, as part of the MSBA approval process.
6) If the Owner is unable to negotiate a contract with the first-ranked selection, the Owner will then commence negotiations with its second-ranked selection and so on, until a contract is successfully negotiated and approved by the Owner.The Owner reserves the right to re-advertise if less than three responses are received or if fee negotiations fail.

The following is a tentative schedule of the selection process, subject to change at the Owner's and MSBA's discretion.

September 2, 2026	RFS appears in Central Register of the Commonwealth of Massachusetts, MetroWest Daily News and Commbuys.
September 8, 2026 at 1:00 PM	Non-mandatory informational meeting and site walkthrough. Meeting to begin in the Main Office Conference Room.
September 14, 2026 at 4:00 PM	Last day for questions from Respondents
September 17, 2026 at 1:00 PM	Responses due by 1:00 PM
October 5, 2026	Respondents short-listed
October 27, 2026	Interview short-listed Respondents
October 30, 2026	Negotiate with selected Respondent
November 9, 2026	Final selection submitted to the MSBA for review and approval
December 7, 2026	Anticipated MSBA OPM Review Panel Meeting
December 8, 2026	Anticipated execution of contract

The RFS may be obtained from:

Dolores Sharek, Director of Finance & Business Operations
750 Winter Street, Framingham, MA 01702
508-416-2240
dsharek@jpkeefehs.org

On or after **Wednesday, September 2, 2026, during regular business hours (Monday – Friday 7:30 AM to 3:30 PM).**

Any questions concerning this RFS must be submitted in writing to:

Dolores Sharek, Director of Finance & Business Operations
750 Winter Street, Framingham, MA 01702
508-416-2240
dsharek@jpkeefehs.org
Facsimile508-879-1059

By 3:30 PM on Monday, September 14, 2026.

Sealed Responses to the RFS for OPM services must be clearly labeled "Owner's Project Management Services for South Middlesex Regional Vocational Technical School District and delivered to:

Dolores Sharek, Director of Finance & Business Operations
South Middlesex Regional Vocational Technical School District
750 Winter Street, Framingham, MA 01702
508-416-2240

no later than 1:00 PM on September 17, 2026. The Owner assumes no responsibility or liability for late delivery or receipt of Responses. All responses received after the stated submittal date and time will be judged to be unacceptable and will be returned unopened to the sender.

6. Requirements for content of response:

Submit **one (1)** hard copy of the response to this RFS and one electronic version in PDF format on a flash drive. All responses shall be:

- In ink or typewritten;
- Presented in an organized and clear manner;
- Must include the required forms in Attachment C;
- Must include all required Attachments and certifications;
- Must include the following information:

1. Cover letter shall be a maximum of two pages in length and include:
    a. An acknowledgement of any addendum issued to the RFS.
    b. An acknowledgement that the Respondent has read the RFS. Respondent shall note any exceptions to the RFS in its cover letter.
    c. An acknowledgement that the Respondent has read the Contract for Project Management Services. Respondent shall note any exceptions to the Contract for Project Management Services in its cover letter.
    d. A specific statement regarding compliance with the minimum requirements identified in Item 4 of this RFS to include identification of registration, number of years of experience and where obtained (as supported by the resume section of Attachment C), as well as the

date of the MCPPO certification. (A copy of the MCPPO certification must be attached to the cover letter).

e. A description of the Respondent's organization and its history.

f. The signature of an individual authorized to negotiate and execute the Contract for Project Management Services, in the form that is attached to the RFS, on behalf of the Respondent.

g. The name, title, address, e-mail and telephone number of the contact person who can respond to requests for additional information.

2. Selection Criteria: The response shall address the Respondent's ability to meet the "Selection Criteria" Section including submittal of additional information as needed. The total length of the Response (including Attachment C only but excluding Attachments A, B, D, and E) may not exceed twenty (20) single-sided numbered pages with a minimum acceptable font size of "12 pt" for all text.

   Respondents may supplement this proposal with graphic materials and photographs that best demonstrate its project management capabilities of the team proposed for this project. **Limit this additional information to a maximum of three 8½" x 11" pages, double-sided.**

Please See Attachment E.

7. Payment Schedule and Fee Explanation:

The Owner will negotiate the fee for services dependent upon an evaluation of the level of effort required, job complexity, specialized knowledge required, estimated construction cost, comparison with past project fees, and other considerations. As construction cost is but one of several factors, a final construction figure in excess of the initial construction estimate will not, in and of itself, constitute a justification for an increased OPM fee.

8. Other Provisions

A. Public Record

All responses and information submitted in response to this RFS are subject to the Massachusetts Public Records Law, M.G.L. c. 66, § 10 and c. 4, § 7(26). Any statements in submitted responses that are inconsistent with the provisions of these statutes shall be disregarded.

B. Waiver/Cure of Minor Informalities, Errors and Omissions

The Owner reserves the right to waive or permit cure of minor informalities, errors or omissions prior to the selection of a Respondent, and to conduct discussions with any qualified Respondents and to take any other measures with respect to this RFS in any manner necessary to serve the best interest of the Owner and its beneficiaries.

C. Communications with the Owner

The Owner's Procurement Officer for this RFS is:

Dolores Sharek, Director of Finance & Business Operations
750 Winter Street, Framingham, MA 01702
508-416-2240
dsharek@jpkeefehs.org
Fax: 508-879-1059

Respondents that intend to submit a response are prohibited from contacting any of the Owner's staff other than the Procurement Officer. An exception to this rule applies to Respondents that currently do business with the Owner, but any contact made with persons other than the Procurement Officer must be limited to that business, and must not relate to this RFS. In addition, such respondents shall not discuss this RFS with any of the Owner's consultants, legal counsel or other advisors. ***FAILURE TO OBSERVE THIS RULE MAY BE GROUNDS FOR DISQUALIFICATION.***

D. Costs

Neither the Owner nor the MSBA will be liable for any costs incurred by any Respondent in preparing a response to this RFS or for any other costs incurred prior to entering into a Contract with an OPM approved by the MSBA.

E. Withdrawn/Irrevocability of Responses

A Respondent may withdraw and resubmit their response prior to the deadline. No withdrawals or re-submissions will be allowed after the deadline.

F. Rejection of Responses, Modification of RFS

The Owner reserves the right to reject any and all responses if the Owner determines, within its own discretion, that it is in the Owner's best interests to do so. This RFS does not commit the Owner to select any Respondent, award any contract, pay any costs in preparing a response, or procure a contract for any services. The Owner also reserves the right to cancel or modify this RFS in part or in its entirety, or to change the RFS guidelines. A Respondent may not alter the RFS or its components.

G. Subcontracting and Joint Ventures

Respondent's intention to subcontract or partner or joint venture with other firm(s), individual or entity must be clearly described in the response.

H. Validity of Response

Submitted responses must be valid in all respects for a minimum period of ninety (90) days after the submission deadline.

To: Keefe Regional Vocational Technical School District School Committee
From: Dolores D. Sharek, Director of Finance and Business Operations
Date: August 31, 2026

SUBJECT: VOTE FOR AUTHORIZATION TO OBTAIN OWNER'S PROJECT MANAGER

I ask that the School Committee vote to allow the District to post a Request for Services (RFS) for the following:

- **Owner's Project Manager** (OPM) – the District would like to post for an OPM that will assist in the Feasibility and Schematic phases of the MSBA contract. The estimated cost of an OPM is $400,000.

Funding for this will be available through the feasibility study revolving account.

Thank you for your consideration.

Monthly Budget Report Highlights

- The non-salary report represents FY27 expenditures through August 2026.
- The total FY27 Budget is $27,582,234 of which $3,241,927 (11.8%) - including salaries - has been expended to date.
- Utilities, 12 month contracts and salaries for all teachers have been encumbered for the fiscal year.
- A request for permission to go to bid under a Request for Services (RFS) process is under a separate memo.

I appreciate the time you have taken to review the attached Non-Salary Report.

To: Faculty and Staff <keefestaff@jpkeefehs.org>

Keefe Tech Faculty and Staff,

I hope you have had a wonderful summer. It is hard to believe we are only one week away from the start of another exciting year.

Our summer programs were once again very successful and hiring is almost complete for the 26-27 school year. I look forward to providing you with an update on our school building project, and some of the exciting steps ahead as we really begin our planning this fall and winter. I also look forward to introducing the newest members of our team in the auditorium.

As we face exciting opportunities and challenges in the coming year, we will continue to prioritize what has made us successful, the work we do every day to provide an incredible experience and opportunities for the students we serve.

Our first day for staff will be next Friday, August 28th. Coffee and refreshments will be available in the Cafeteria at 7:30AM and we will start in the Auditorium at 8AM. The leadership team will be available next week for any questions or concerns you may have.

Have a great last week of summer and I look forward to working with you in the year ahead.

Jon

ssnow@jpkeefehs.org

August 2026

Dear Students and Parents/Guardians:

On behalf of the faculty, staff and administration, I wish to welcome new and returning students to Keefe Technical School. We hope the summer has been a time to relax and prepare for the upcoming school year.

Keefe Tech uses PowerSchool. Returning families will receive an email from PowerSchool to create an account. If you already have an account, you do not need to take any action. All new students and new families to Keefe Tech should have received a link to complete information and upload documents. We encourage all families to create a PowerSchool account – this is where schedules, student grades, teacher comments, and attendance information can be found. If you need assistance with PowerSchool, please email powerschool@jpkeefehs.org

Enclosed are several forms and letters for you to review. They are: 2026-2027 School Calendar; Bus Schedule for the 2026-2027 school year; and KT fall sports information.

** A copy of the Student Handbook will be distributed to students at the beginning of the school year.

All of the above items, as well as the Accident Insurance Protection for Students are available for review and download on our webpage. *Please visit www.keefetech.org to review and print the information. If you prefer a paper copy of all of the above forms, please call the Main Office at 508-416-2100 or stop in to pick up a packet.*

The first day of school is Monday, August 31, 2026. School will begin promptly at 7:30AM.

- Grade 9: Report to the Auditorium.
- Grades 10 & 12: Report to your vocational program.
- Grade 11: Report to your A Block class.
- *Students will be available to view their schedule in PowerSchool beginning on August 19th.

Grade 9 students should report to the auditorium on Thursday, August 27, at 7:45 a.m. for an orientation program for Grade 9 students only. Regular bus transportation will be provided for our Grade 9 Step-Up Day with dismissal at 11:15 a.m. Lunch will be provided for all students.

If you have any questions, please call the Principal's Office at 508-416-2253. We are anticipating a very successful school year and I look forward to seeing you soon.

Sincerely,

Shannon Snow

Dr. Shannon Snow
Principal

Via Email

Good afternoon,

Congratulations on your new position at Keefe Regional Technical School and thank you in advance for your commitment to our students. We are looking forward to a very productive school year.

I want to notify you of some important dates and activities that take place at the beginning of the 2026-2027 school year.

New staff will participate in New Teacher Orientation on **Wednesday, August 26, 2026,** with coffee and refreshments available at 7:30 AM in Room 226. The program will begin at 8:00AM. During this program, our leadership team will review important information about our school. Attached, please see the agenda for the day. Following lunch, which will be provided, you will have an opportunity to spend time in your instructional area. Instructional faculty will also meet with their mentors in the afternoon.

Other important dates for you to be aware of include:

Thursday, August 27, 2026	Grade 9 – Freshmen Step-Up Day (volunteer opportunity)
Friday, August 28, 2026	Opening day for all faculty
Monday, August 31, 2026	First day for students
Monday, August 31, 2026	5:00 p.m. all new faculty members will meet the School Committee members

Please enjoy the rest of the summer and I look forward to seeing you on August 26th.

Sincerely,
Jon Evans
Superintendent

NEW TEACHER ORIENTATION

Wednesday August 26, 2026

Keefe Tech Awarded $480,000 Career Technical Initiative Grant to Expand Free Workforce Training

Grant brings district's total recent CTI funding to $2.1 million for tuition-free training in Electrical, HVAC, and Plumbing

[Framingham, MA] - [Aug. 11] – Keefe Regional Technical School has been awarded a $480,000 Career Technical Initiative (CTI) Round 11 grant from Commonwealth Corporation. The funding will support free, 200-hour training programs for un/underemployed Massachusetts residents pursuing careers in Electrical, HVAC/Oil Burner Technology, and Plumbing.

This is the latest in a series of CTI awards for Keefe Tech, bringing the district's total recent CTI funding to just over $2.1 million to provide tuition-free career training to adult learners across the region.

"When we train someone for a career in the skilled trades, everyone wins. That person gains a stable, well-paying job, and our region gains the electricians, HVAC technicians, and plumbers it desperately needs," **said Jonathan Evans, Superintendent at Keefe Tech.** "Over the past several years, our partnership with Commonwealth Corporation has grown into $2.1 million in support for adult learners in our community, and this latest grant lets us keep expanding that impact. We're grateful to CommCorp and our MassHire partners for continuing to invest in Massachusetts workers and the local economy."

The grant will fund training and job placement support for participants entering the target occupations, in partnership with MassHire Metro Southwest Career Center and MassHire Metro Southwest Workforce Board.

"The CTI Electrical program at Keefe Tech gave me the skills I needed to secure a job as an electrical apprentice," **said Avo Bazarian, a graduate of the 2026 CTI electrical program.** "I

have been able to build on that experience, and have progressed in my electrical career in the years since"

Keefe Tech's adult training programs are designed to give Massachusetts residents a head start on new careers in skilled trades, addressing regional workforce shortages while opening pathways to stable, well-paying employment.

Keefe Regional Technical School is located in Framingham, Massachusetts, and serves students from Ashland, Framingham, Holliston, Hopkinton, and Natick. Keefe Tech's mission is to challenge students to demonstrate the academic, technical, and interpersonal skills necessary for successful, lifelong learning. The school offers career and technical programs across sixteen career/technical areas and is accredited by the New England Association of Schools and Colleges.
