Applications may be filed at any time during the school year and are available on the school website. Questions may be directed to the district treasurer, Stefanie Flynn, at 914-769-5500 x5133.

GUIDANCE & COUNSELING

In grades 6–12, students are assigned a guidance counselor to help them select their course of study, plan for college and/or careers, and make referrals to community resources through individual and group counseling programs and special programs. Each middle and high school student has a guidance plan.

A variety of special programs are available year-round, in addition to individual attention, including:

- Financial aid workshops
- College planning nights for juniors
- A mock college interview program
- Career cafés
- The annual middle school career fair

The Guidance Office offers many information resources, including Naviance, a web-based program focused on two- and four-year colleges, graduate schools, financial assistance, and careers.

A guidance counselor and/or school psychologist are available at the elementary level to support students' social and emotional growth.

HEALTH - A school nurse in each building is responsible for:

- Maintaining student health records, including immunization records
- Conducting hearing screenings for grades K–7 and grade 10
- Conducting annual vision screenings for grades K–12
- Responding to health emergencies

Each student is also screened annually for scoliosis between the ages of 8 and 15, in accordance with New York State law.

MEDICATION - Parents must contact the school nurse for instructions if a child needs to take medication during school hours.

COMMITTEE ON SPECIAL EDUCATION (CSE/CPSE)

CSE - The Committee on Special Education is a team appointed by the Board of Education that reviews evaluations and student progress to determine eligibility for special education services and recommend appropriate programs and services for students whose disability adversely impacts their education. The committee works to ensure that classified students receive an appropriate education in the least restrictive environment.

CPSE — The Committee on Preschool Special Education addresses the special needs of preschool children (ages 3–5). Any preschool-age child suspected of having a developmental delay or other disability may be referred to the district's Committee on Preschool Special Education. Contact the Office of Pupil Personnel Services to schedule a screening if you suspect your child has a disability. For further information, contact the Office of Pupil Personnel Services at 914-769-5500 x5108.

RECORDS ACCESS

Parents/legal guardians have the right to review all of their child's records, including the cumulative or guidance folder, the health record folder, and special education records.

CUMULATIVE FOLDER - The district maintains a cumulative folder for each child, including report cards, standardized test scores, and teacher comments on various achievements and/or reprimands. To review these folders, parents may make an appointment with the elementary school administrator or, at the middle and high schools, with guidance counselors.

HEALTH RECORD - To review health records, which are also maintained for each child, parents should call the appropriate school nurse.

SPECIAL EDUCATION - Records of children classified as special education students are subject to additional confidentiality safeguards. These are kept in the Pupil Personnel Office, and access by professional staff is strictly limited. Parents may review this information by calling the Office of Pupil Personnel Services at 914-769-5500 x5108.

DISTRICT-WIDE INFORMATION

RAISING A CONCERN

Questions or concerns should be directed to the principal or administrator at the school building involved.

- If the matter cannot be resolved by the teacher, coach, or other school employee, concerns may be addressed in a meeting or by phone, e-mail, or letter. Putting concerns in writing helps document the issue.
- If unresolved, concerns may be escalated in this order:
Building level — Unresolved complaints must be reported to the Superintendent by the building principal.
Superintendent — If still unresolved, concerns may be carried to the Board of Education. The Superintendent must report unresolved complaints to the Board.
- Board of Education — The Board reviews the matter and reserves the right to require prior written reports from the appropriate parties.

At any stage, the district may ask for concerns to be put in writing.

DISTRICT POLICY NOTICES

DIGNITY FOR ALL STUDENTS ACT (DASA) - The Mount Pleasant Central School District is committed to providing an educational and working environment that promotes respect, dignity, and equality. Harassment, hazing, and bullying are detrimental to a student and interfere with learning. New York State's Dignity for All Students Act seeks to provide the State's public elementary and secondary school students with a safe and supportive environment free from discrimination, intimidation, taunting, harassment, and bullying on school property, on a school bus, and at school functions. Each building has a DASA Coordinator who can help students and parents address concerns:

Hawthorne & Columbus Elementary Schools — Erica Denman
Westlake Middle School — Theresa Outhouse
Westlake High School — Richard Sharpe
Athletics — Dave Kantrowitz
Districtwide — Dr. Peter Rufa

An incident report can be filed on the website or in each school.

NON-DISCRIMINATION - The Mount Pleasant Central School District does not discriminate on the basis of disability in admission to or access to employment in school district programs and activities.

DRUG AND ALCOHOL POLICY - Mount Pleasant schools, in accordance with Federal and State laws, are all smoke-free. Students and adults are prohibited from smoking anywhere on school property during any school activity. Unlawful possession, use, or distribution of illicit drugs, alcohol, or e-cigarettes by students on Mount Pleasant Central School District premises or during participation in any school

district activity is strictly prohibited. Students involved in such actions are subject to suspension and/or expulsion and will be required, with their parents, to meet with a building administrator. Local police authorities will be advised. District schools provide a variety of services to help students with drug and alcohol problems, including awareness programs and support services.

SEX DISCRIMINATION - The Mount Pleasant Central School District does not discriminate on the basis of sex in the educational programs or activities it operates and is required by Title IX of the Education Amendments of 1972 not to do so.

SEXUAL HARASSMENT - The Board of Education affirms its commitment to non-discrimination and recognizes its responsibility to provide all District employees with an environment free of sexual harassment and intimidation. Sexual harassment is a violation of the law and stands in direct opposition to District policy. Therefore, the Board prohibits and condemns all forms of sexual harassment by employees, school volunteers, students, and non-employees, such as contractors and vendors, that occur on school grounds and at all school-sponsored events, programs, and activities, including those that take place off school premises. A copy of the District's Sexual Harassment Policy is available in the District Clerk's office. Any student who believes he/she has been a victim of sexual harassment, as well as any other person aware of or who witnesses possible sexual harassment, should immediately report it to the District's designated Complaint Officers through informal and/or formal complaint procedures as developed by the District.

WORKPLACE VIOLENCE PREVENTION POLICY STATEMENT - The Mount Pleasant Central School District is committed to the safety and security of its employees. Workplace violence presents a serious occupational safety hazard. The goal of this policy is to promote the safety and well-being of all people in the workplace. Acts of violence against any employee performing any work-related duty will be thoroughly investigated, and appropriate action will be taken, including the involvement of law enforcement authorities when warranted. All employees are responsible for helping to create an environment of mutual respect among themselves, students, parents, and other visitors; following all applicable documents; and assisting in maintaining a safe and secure work environment. This policy was developed in consultation with the authorized employee representative(s) and is designed to comply with New York State Labor Law.

Questions or concerns regarding any district statements may be directed to Dr. Peter Rufa, Assistant Superintendent of Curriculum and Instruction (also DASA Districtwide Coordinator), at 914-769-5500 x5118, or Susan Tropeano in Human Resources at 914-769-5500 x5103.

STUDENT AND FAMILY NOTICES

PROTECTION OF PUPIL RIGHTS AMENDMENT

Pursuant to the Protection of Pupil Rights Amendment, (PPRA) as revised by the No Child Left Behind Act, and the Mount Pleasant Central School District's policy on student privacy, parents/guardians have the right to opt their children out of the following activities:

The collection, disclosure and use of personal information gathered from students for the purpose of marketing or selling that information. This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for or to students, such as:

- College or other postsecondary education recruitment, or military recruitment;
- Book clubs, magazines and programs providing access to low-cost literary products;
- Curriculum and instructional materials used in schools;
- Tests and assessments used to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information for students or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments;
- Student recognition programs;
- The sale by students of products or services to raise funds for school related activities.

The administration of any survey revealing information concerning one or more of the following:

- Political affiliations or beliefs of the student or the student's parent;
- Mental or psychological problems of the student or the student's family;
- Sex behavior or attitudes;
- Illegal, antisocial, self-incriminating or demeaning behavior;
- Critical appraisals of other individuals with whom respondents have close family relationships;
- Legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers;
- Religious practices, affiliations or beliefs of the student or the student's parents;
- Income (other than required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

The administration of any non-emergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school not necessary to protect the immediate health or safety of the student or other students and not otherwise permitted or required by state law. The term "invasive physical examination" means any medical examination that involves the exposure of body parts, or any act during such examination that includes incision, insertion, or injecting into the body, but does not include a hearing, vision or scoliosis screening. It does not apply to any physical examination or screening required or permitted under New York State law, including those permitted without parental notification.

If you have any questions about the Mount Pleasant Central School District's student privacy policy and your right to opt your child out of certain activities, please contact your child's building principal.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Mount Pleasant Central School District to comply with the requirements of PPRA. The name and address of the Office that administers PPRA are: Family Policy Compliance Office

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

- The right to inspect and review the student's education records within 45 days after the day the Mount Pleasant Central School District receives a request for access.
- Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
- Parents or eligible students who wish to ask the Mount Pleasant Central School District to amend a record should write to the school principal, clearly identify the part of the record they want changed, and specify why it should be changed.
- If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Mount Pleasant Central School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are: Family Policy Compliance Office

Our mission is to facilitate the acquisition of resources to benefit and energize the educational processes of the Mount Pleasant Central School District.

The primary objective is to expand beyond the programs funded by the district's tax base. We accomplish this goal by working collaboratively with the business leaders, service organizations, educators and community residents.

The Foundation awarded over \$30,000 in grants during its most recent grant cycle and, since its inception, has provided more than \$770,000 in grants to the district.

WESTLAKE ATHLETIC BOOSTER CLUB

westlakeathleticclub.org
PO Box 332
Hawthorne, NY 10532

The Westlake Athletic Booster Club (WAC) is a not-for-profit organization founded in 2004 to serve as a liaison between the community and Westlake's athletic department. One of our primary objectives is to provide supplemental financial support to the school's athletic programs beyond what is available from the school district's budget.

Our mission is simple: to help every athlete feel like an important part of the Westlake sports program. We are proud to support all of our sports teams and provide opportunities that enhance the student-athlete experience. Funding for the Westlake Athletic Club comes solely from team fundraising and donations.

Since its inception, Westlake Athletic Club has purchased two scoreboards for use by softball, baseball, soccer, and lacrosse teams; an outdoor batting cage and pitching machine for the softball program; a motorized cart for the athletic trainer and the athletic department's use; and outdoor storage units for seasonal equipment. In addition, the Westlake Athletic Club has hosted youth sports camps and awards scholarships annually to a male and a female senior multisport student-athlete.

Our continued success will only be possible with more help from families in our community who have children playing sports or who are interested in seeing our sports programs grow. Your participation is welcome and appreciated.
