Web Menus for School Nutrition

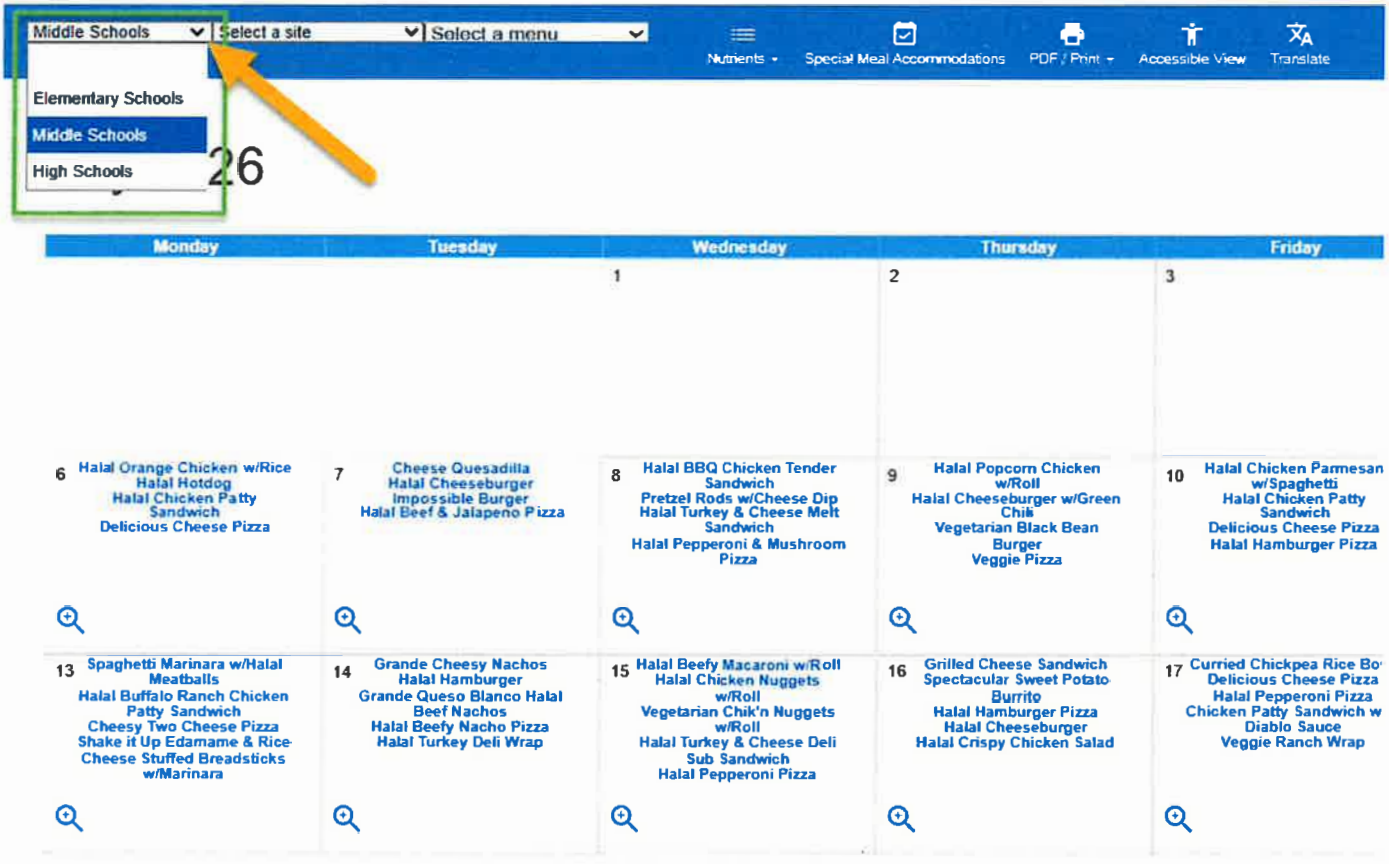

Google play

LINQ

Switch to a different menu.

Switch to a different menu

- Use the dropdown in the upper-left corner to select a different grade group.
- Use the second dropdown to choose a specific school site, then use the third dropdown to select menu you'd like to view.
- The calendar automatically updates to display your new selection.

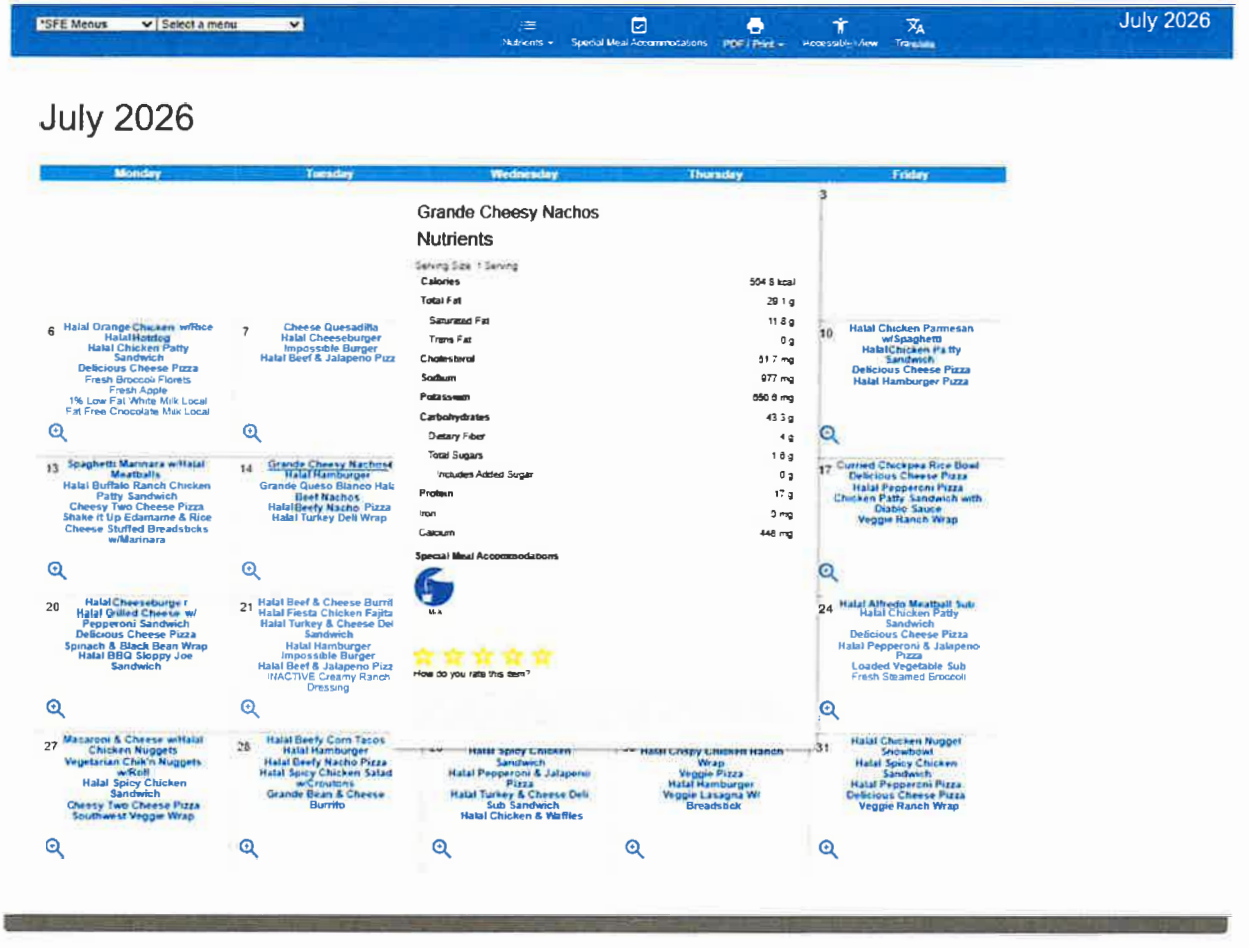

LINQ

How to view nutrition info.

See nutrition facts at a glance

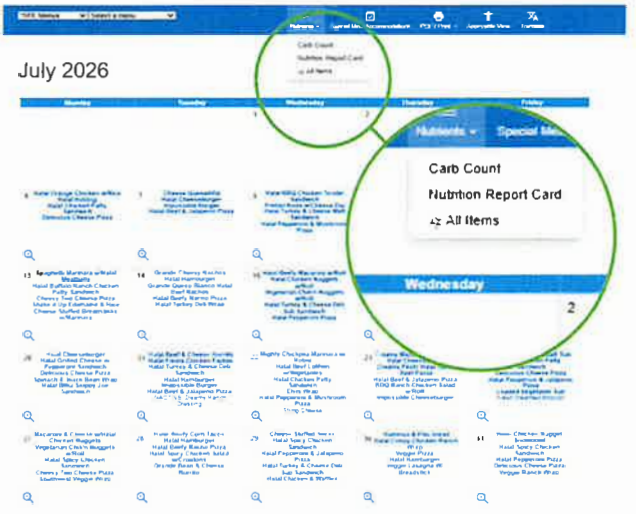

Hover over any food item to instantly view its nutrition facts, allergen icons, and rating.

How to use the Nutrients menu.

Use the Nutrients menu

- Click the Nutrients dropdown in the top navigation.
- Select Carb Count for portion sizes and carbs by day, or Nutrition Report Card for a full breakdown.
- Check items to see combined totals and hover over any icon to see its full name.

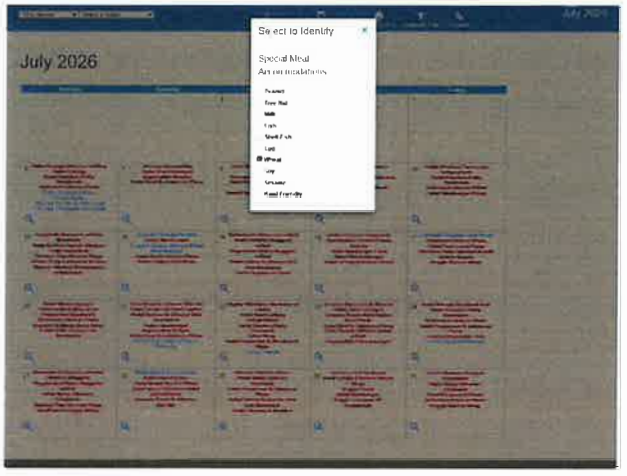

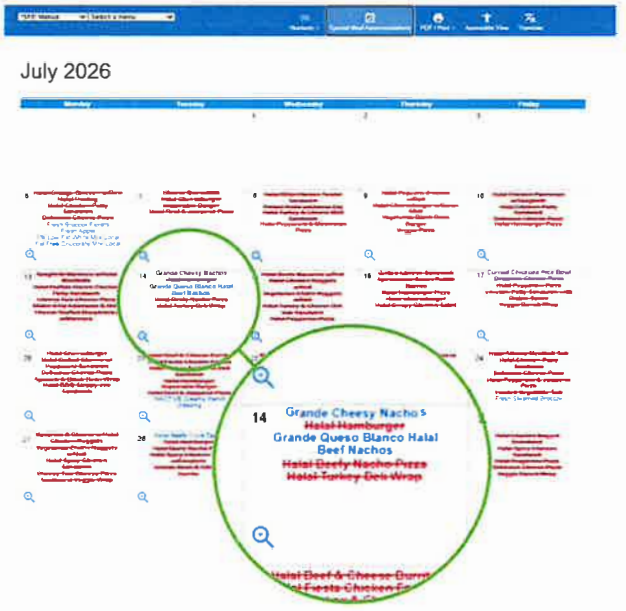

LINQ

How to filter by allergen.

Filter by allergen

- Click Special Meal Accommodations in the top navigation.
- Select the allergens you'd like to identify, then close the window.
- Items with a selected allergen show with a red strikethrough

LINQ

How to translate & print.

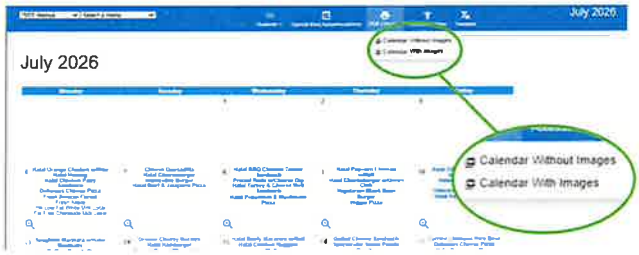

Translate into another language

- Click Translate in the top navigation.
- Choose your preferred language from the dropdown list.
- View your translated menu items immediately — no need to leave the page.

Print a menu

- Click PDF / Print in the top navigation.
- Choose Calendar With Images or Calendar Without Images.
- Your menu downloads as a PDF — ready to print or save.
