September Spotlight: Scheduling appointments with your counselor, testing

Scheduling Appointments

We welcome the chance to meet with you! We are thankful to have 6 counselors here at Pitman. Five of these counselors have an alphabetic caseload and we will be your counselor for all 4 years. We will help you with social, emotional, academic and personal guidance. Get to know your counselor so we can be helpful all 4 years. We also have a college/career counselor who puts on workshops, helps you take college courses while in high school and specializes in things like financial aid, colleges and careers. Together, we are here to cover all of your needs, all you have to do is as

ASVAB, PSAT/NMSQT, & SAT/ACT UPDATE

ASVAB- The ASVAB is a **FREE**, in-depth aptitude test, interest self-assessment with career exploration tools. This test is **required** for students interested in serving in one of the United States military branches, **but is also available and valuable** for any student to take if they would like to explore career options and learn more about themselves. It is recommended that sophomores or above take the ASVAB. Tests will be on **December 9th** and again on **April 7th**. Sign-ups will be pushed out through Google Classroom mid-October. To create an account and have access to more information and to study for the test, visit: <https://www.asvabprogram.com/>. Another great resource to study for the ASVAB on your phone is the ASVAB Practice Test Exam Prep App on iPhones.

PSAT/NMSQT- This year the PSAT/NMSQT will be held on **Thursday, October 28th** and is open to Juniors and Sophomores (**Juniors given priority**). The PSAT/NMSQT could also qualify Juniors for the National Merit Scholarship. Students that are interested can fill out the Google Form posted in the Google Class of 2028 & Google Class of 2029. **The form opens on September 4th, 2026 and closes on September 25th**...seats are limited and the test is **FREE** of charge.

SAT/ACT- The use of the SAT and ACT is optional for most California Universities. However if you are planning on heading out of state after high school be sure to check your schools admissions requirements. There are many great resources that are **FREE** online, so you do not have to pay for any study materials. Students can create an account at <https://www.khanacademy.org/sa>. Register for the SAT at collegeboard.org and/or the ACT at act.org.
