WESTERN PLACER
Unified School District

STUDENT ACCIDENT INSURANCE

The safety and well-being of our students is a top priority for Western Placer Unified School District. While we take every precaution to provide a safe environment, accidents can happen.

Student Accident Insurance: Western Placer Unified School District does not provide medical or accident insurance for students who are injured at school or while participating in school-sponsored activities. In accordance with California Education Code Section 49472, WPUSD makes voluntary student accident insurance available for purchase through an independent insurance provider. This coverage is optional and may help families with medical expenses resulting from a student injury.

Student Athletes: Insurance requirements for student athletes are separate from voluntary student accident insurance. In accordance with Board Policy 5143 and California Education Code Section 32221, WPUSD shall ensure that required insurance coverage is in place for students participating in athletic events before they participate.

The District provides information about available insurance options as a convenience to families. The District does not endorse, recommend, or guarantee any insurance provider, policy, coverage, or claim determination.
