

Dear Pre-K Parents/Guardians,

Attached you will find an e-learning activity sheet. E-learning is when students do not attend school due to things such as inclement weather and are expected to complete work at home so that their attendance will count. The activity sheet contains 15 items. In the event an e-learning day should take place, students will be responsible for completing three of these items on the sheet and will need to be checked off and dated. This work is to be done for EACH day we are not at school. Once we return to school, your child will have five days to turn in the work. You may keep the activity sheet on your refrigerator at home or another safe place. We recommend **NOT** leaving it in the yellow folder in the event bad weather occurs over a weekend and school is canceled on a Monday. You would not have your child's yellow folder at that time. If you have any questions regarding e-learning, please contact us.
