

Welcome back to a brand-new school year!

I'm so excited to see both returning families and new faces around the school. As your school nurse, my main priority is keeping our students healthy, safe, and ready to learn every single day.

To help us get off to a smooth and healthy start, here are a few quick reminders:

- **Medications: Please DO NOT send any medication to school with your child. ALL medications (including over the counter medications) need to be brought to school by a parent or guardian. Forms are available for parent as well as the physician to complete on the school website.**
- **Please continue to hand in completed physical and dental exams.**
- **Health Information:** Please ensure your child's emergency contact info and medical history are up to date with the school nurse.
- **When to Stay Home:** If your child has a fever (100°F or higher), vomiting, or diarrhea, please keep them home until they are symptom-free without medication for 24 hours.
- ****Vision Screenings will be underway soon, please remember to send in your student with their eyeglasses.****
- ****Hearing Screenings will be held Tuesday, October 13 in the morning for all students in Kindergarten, 1st and 2nd & 3rd grades.**

- **Thank you for helping me keep your children healthy!**
- **Looking forward to the new school year!**

- **Mrs. Smith**
