I-READY

AFTER A DIAGNOSTIC CHECKLIST

- [ ] **Schedule time to review your *i-Ready* data.**
- [ ] **Look at data to:**
  - Identify trends and areas for improvement to inform planning and next steps for teacher-led instruction.
  - Group students by common instructional priorities and determine resources for whole class or small group instruction.
  - Create class and individual student goals, including learning and growth goals.
  - Identify students who are not on track to reach their goals and adjust instructional plans accordingly.
- [ ] **Engage students in data chats** about their learning and growth using the Student Data Chats Pack.
- [ ] **Review schedules for Personalized Instruction and make adjustments** to prioritize time based on students' instructional priorities.
- [ ] **After subsequent Diagnostics, review class and student growth** using the Diagnostic Growth report.
- [ ] **Celebrate class and student growth and progress** to keep students and families motivated.
- [ ] **Communicate with students** about *i-Ready Personalized Instruction*:
  - After the first Diagnostic, explain to students what *i-Ready Personalized Instruction* is, show them the student dashboard by using the Getting Students Ready for Personalized Instruction presentation (English | Spanish), or access Getting Kindergarten Students Started in Online Instruction.
  - Set goals for Percent of Lessons Passed and Lesson Time-on-Task, and review class routines for getting to work quickly.
  - After subsequent Diagnostics, explain to students how their Diagnostic results will impact their Personalized Instruction lessons, remind students of their goals, and motivate them to work toward their goals with Personalized Instruction.

PREP YOUR CLASS

- Click here for the power point presentation that you should edit in order to prepare your class for using i-Ready.
- The presentation will show kids what the i-Ready dashboard looks like, how to use the data for themselves, and how to access the pathways, learning games, etc.

ENGAGEMENT

- Click here for a lot of ideas from i-Ready that support student engagement!
- Pick at least one idea from i-Ready to motivate your students. Be prepared to share out in the Google Form about what you chose to implement, why, and how it went when you introduced it to your students!

Classwide Diagnostic Growth Tracker

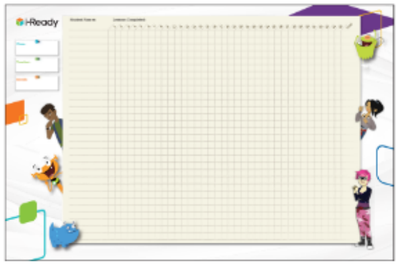

Tracker that can be used to make both individual student progress and class median percent progress toward Typical Growth visible. Teachers can use sticky notes on the right side of the graph to write *i-Ready Diagnostic* behavioral goals, learning goals, or other goals that can change over time.

Diagnostic Tracker:
25.5" x 33"–18

Lesson Tracking Classroom Poster

Classroom wall posters for tracking student lesson completion.

Lessons 1–35:
34" x 22"–2

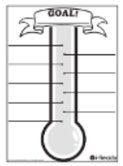

Lessons Blank:
34" x 22"–10

Goal Gauges

Visual representations of progress. Teachers can determine if they want the class or individual students to track lessons passed or percent toward goals.

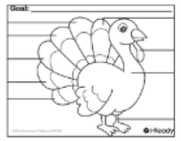

Clock:
8.5" x 11"–29
17" x 22"–30

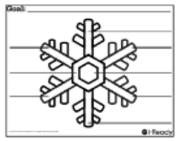

Thermometer:
8.5" x 11"–34
8.5" x 22"–35

Fall 1:
8.5" x 11"–37

Fall 2:
8.5" x 11"–38

Winter:
8.5" x 11"–39

Spring:
8.5" x 11"–40

Summer:
8.5" x 11"–41

Tips & Tools for

Keeping All Students Engaged—by Age Group

Engaging students in their learning is essential to their success. Teachers who have successfully engaged students with *i-Ready* have proven these strategies work at any grade level if you make adjustments to ensure activities are age appropriate.

Prepare Students and Set Expectations	Have Students Track Their Progress	Regularly Share Updates and Celebrate	Hold Class Competitions and Celebrations	Talk to Students about Their Data
Younger Students — **Focus on the fun**, and celebrate their progress individually and as a class as often as possible.				
• Make sure students know how to use their technology. • Ensure students can log in and take their lessons. • Get students excited to take online lessons.	• Teach students how to read the dashboard and check their progress. • Have families help students track the information that appears on their dashboard.	• Send certificates and notes home and call families. • Acknowledge students in front of the class. • Leverage materials that showcase the *i-Ready* characters.	• Keep a class competition tracker that's easy to display. • Reward class achievements (e.g., virtual field trips, a teacher video, or silly pictures).	• Schedule conferences with students and families. • Have data chats using the age-appropriate language and worksheet options.
Older Students — **Focus on the why**, ensuring they understand the benefits of Personalized Instruction and helping them take ownership.				
• Help students understand the benefits of Personalized Instruction and how it helps. • Have conversations with students about why lessons are assigned to them (e.g., "These lessons address areas where you need support").	• Have students keep track of their lesson progress and reflect on their learning.	• Ask students how they want to be celebrated and create a system to match. • Send positive notes or text messages, or call families.	• Have a student leader maintain a class competition tracker. • Reward class achievements (e.g., free time, homework passes, permission to eat snacks during class).	• Schedule conferences with students. Include families if available. Have students lead the conversation and offer prompting questions that encourage reflection.

Spanish: 47

- Be sure to explore the data tracking resources on i-Ready and in our i-Ready Google Folder.
- Choose one data tracker to try with your students this year. Be prepared to share about your choice in the reflection later.

BUILD THE CULTURE

CLICK HERE FOR IDEAS

CULTURE

JUST AS THE SCHOOL LEADERS SET THE TONE FOR THE BUILDING, TEACHERS SET THE TONE FOR THEIR CLASSROOM.

To engage your school community:

1. Generate and sustain **excitement** for the program.
2. Establish and maintain a shared **vision** and **clear priorities**.
3. **Set goals** and regularly **celebrate** progress.
4. Develop and prioritize **shared values**.

CONCLUSION

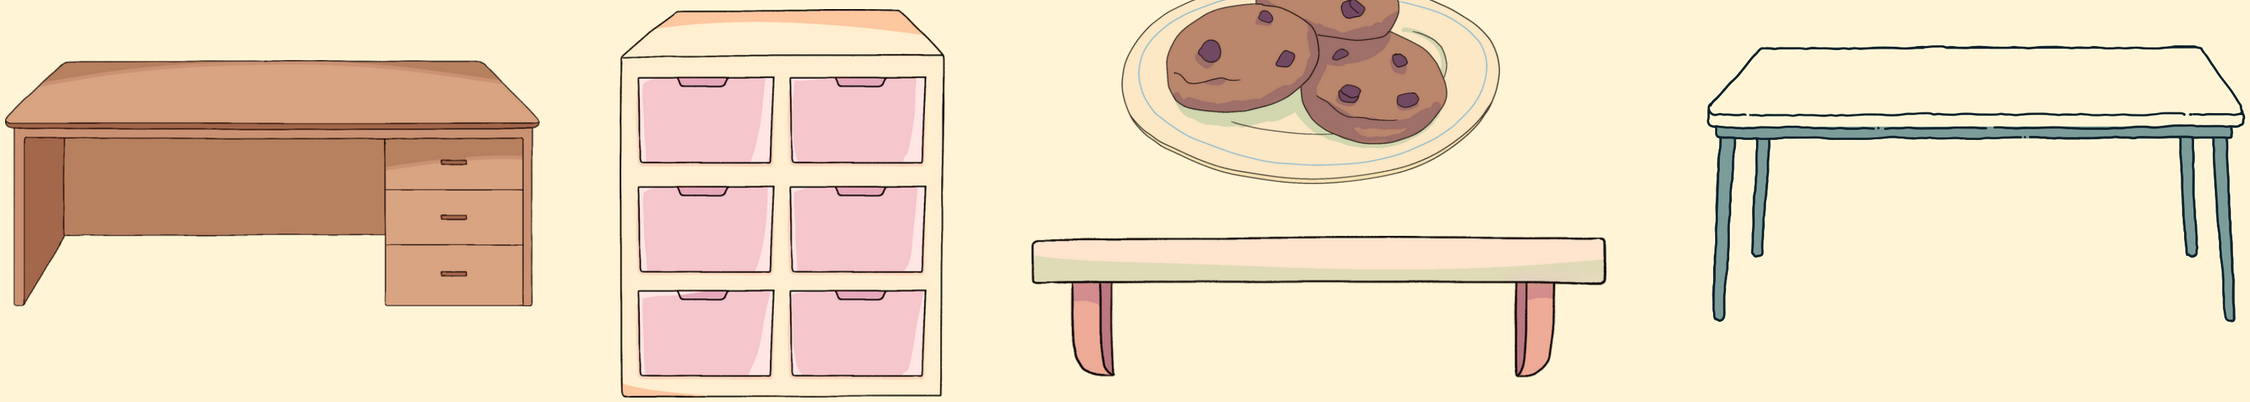

- Please be sure to utilize the resources from i-Ready.
