ARE YOU USING GOGUARDIAN?

<u>Active Classroom Management:</u>

- Enable chat to redirect students
- Set tab limits and create scenes to improve organization and student focus during lessons.
- Use the timeline to monitor student activity

<u>Effective Practices</u>:

- Explain why staff uses GoGuardian
- Correct privately, praise publicly
- Communicate with students and families about internet safety

<u>Essential Set-up and Time Savers</u>:

- Auto-schedule classes: "Set it and forget it"
- Sync with Google Classroom: Ease of setup
- Start with a scene: Preload tabs and documents for students.

<u>Pro Tricks and Tips</u>:

- Class Privileges: Use groups to move students to other scenes to allow music, games, etc.
- Create differentiated groups to access different tabs
