I typed for my 'create song' idea:

Think outside the box

Main idea reading

Any topic can turn into a catchy song

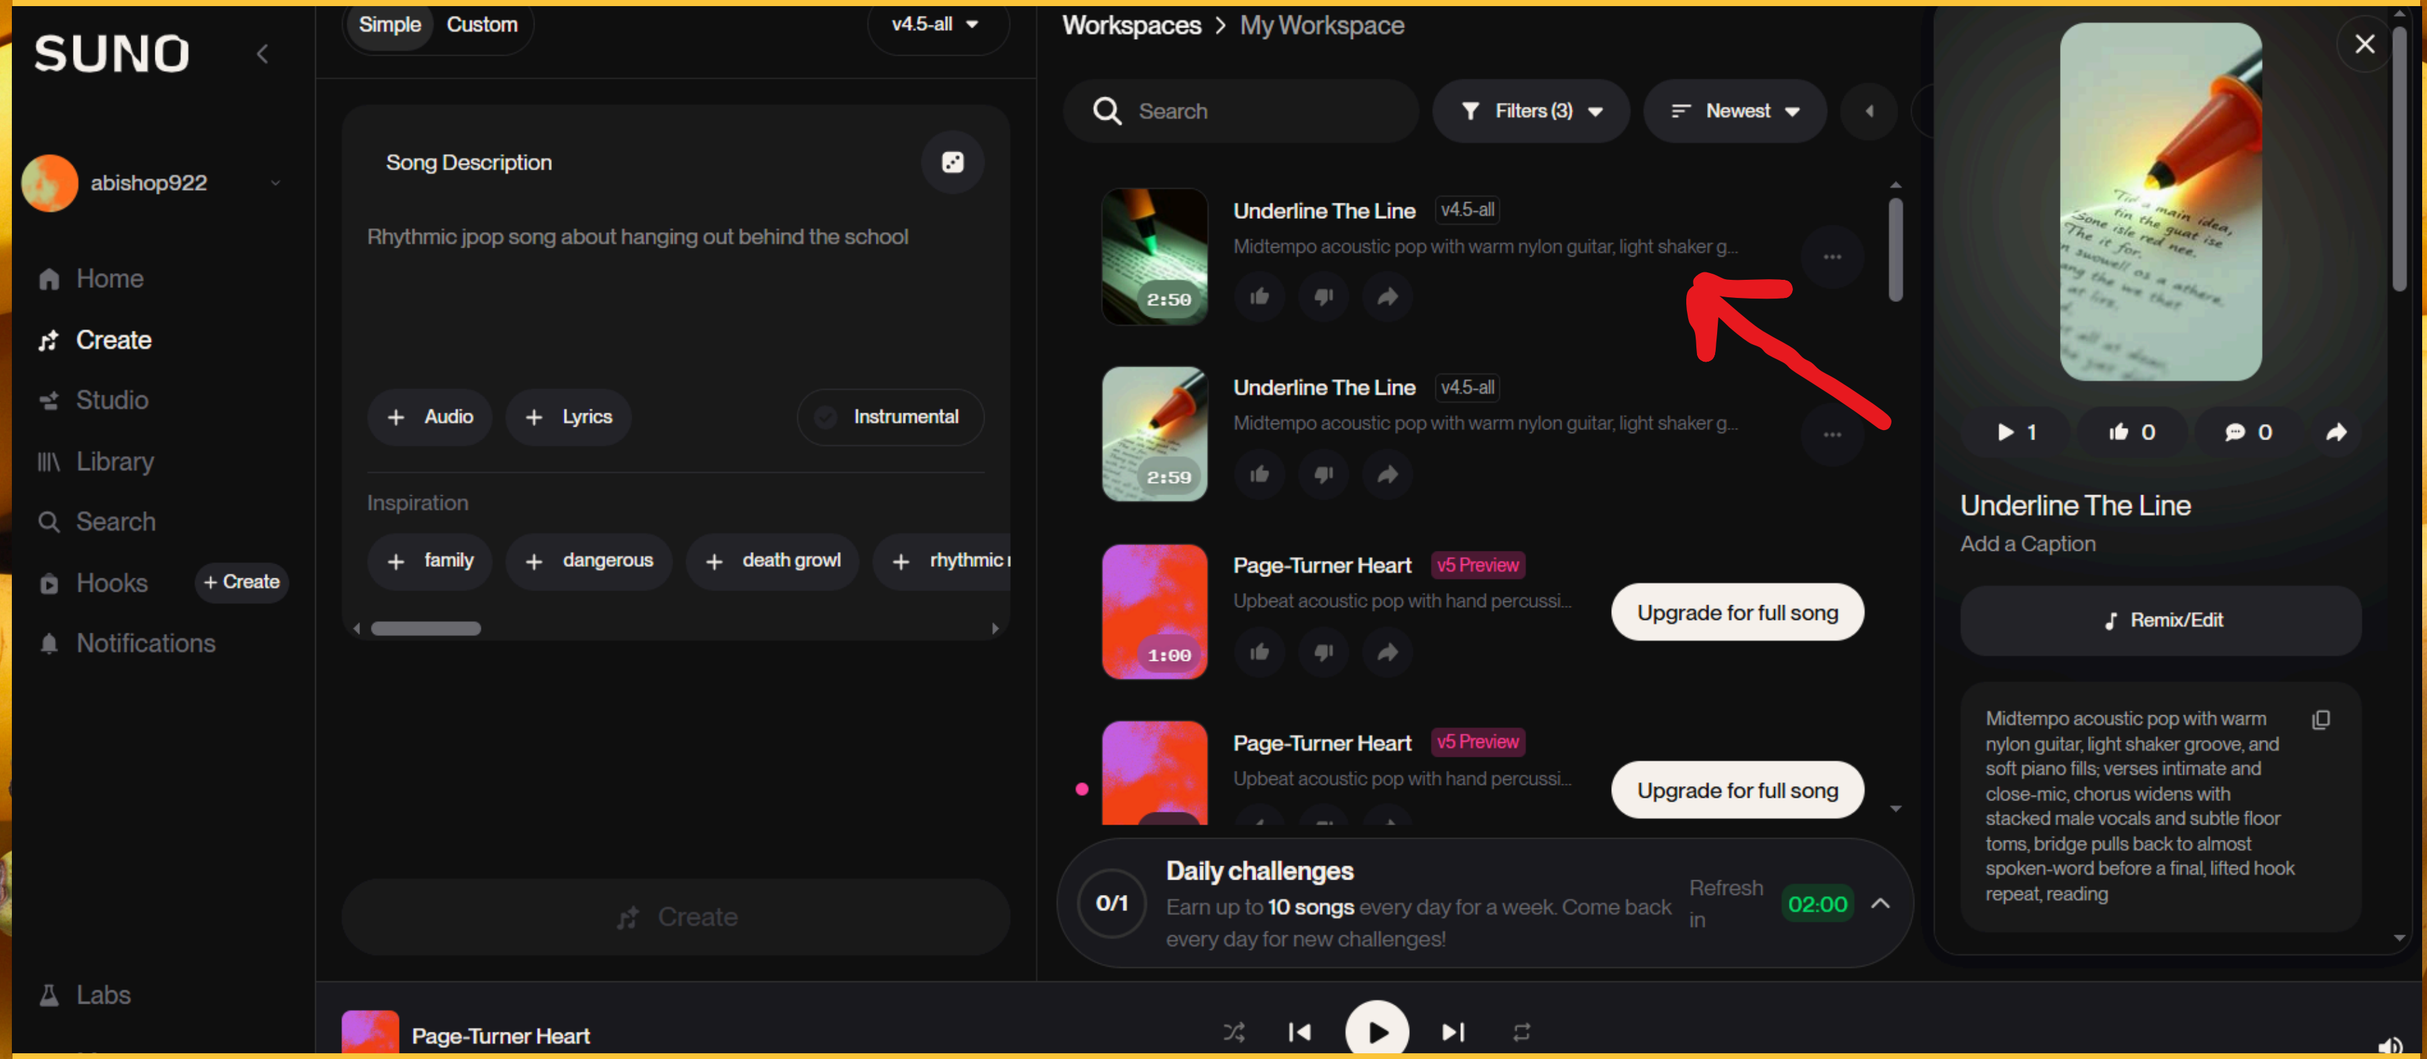

You can type any topic/lesson you are working on...

...adjust it as needed (add key words/vocabulary you want) just like any AI generator

Remember AI will surprise you 😉

Always check and listen before using with students

It created the song - SUNO named it Underline The line...

NOTICE THAT THERE ARE SEVERAL SONGS YOU CAN LISTEN TO -
PAID MEMBERSHIPS WILL HELP YOU CREATE MORE SONGS IF YOU CHOOSE...

FIRE away

After creating your song you can use it to:

Create excitement for a new topic/unit

Hook/Engage students

Entrance Song/Ticket

Use it for students to study a specific idea

Use a copy of lyrics for students to use to find what your teaching (Ex: Cause and Effect)

NEW DROP!

EXAMPLES:

Main Idea Example - Underline the Line

Cause and Effect Example- If I Never Bought that Truck

Fraction Example # 1 - Half the Problem, Twice the Fun # 1

Fraction Song Example # 2 - Half the Problem, Twice the Fun # 2

American Revolution Example - Rebels in the Thirteen Colonies

Health and Wellness Example - Climb one more step
