Title 1 Part A, Parent and Family Engagement District Policy

WISD Vision Statement	The vision of the parent and family engagement program is to ensure that all students have equal access to quality education in a safe environment that enables them to strive to their fullest potential. In addition, Weslaco Independent School District is committed to collaborating with the community to meet the needs of students and families. We seek quality services that impact and inspire all parents to become better supporters, decision-makers, and advocates for their children.
WISD Mission Statement	The mission of the parent and family engagement program is to synergize with parents, school personnel, and community members to engage in school planning activities and to foster exceptional community service, open communication, and positive collaboration for student success.
WISD State of Purpose	Weslaco Independent School District is committed to working together with all parents, families, students, and the community to provide high-quality, engaging, and innovative programs to strengthen academic achievement and success. One way we continue to do this is by participating in the Title 1, Part A State Program. This program provides funding for low socioeconomic schools. In return, we promise to meet the expectations set by the Texas Education Agency and the United States Department of Education.
WISD will build capacity by:	Our Parent & Family Engagement (PFE) Program is committed to fostering meaningful communication and shared decision-making with parents regarding student performance while promoting collaborative partnerships that support student learning. Our objectives are: • Strong, two-way communication between schools and families enhances homework completion, promotes greater student focus during lessons, encourages active participation from all stakeholders, and fosters positive, collaborative relationships among parents, teachers, and students. The district utilizes platforms such as ClassDoJo, Google Classroom, Social Media, and School Messenger to communicate with parents. • Weslaco Independent School District will involve parents of children served under Title 1, Part A in deciding how Title 1, Part A funds are spent. ○ The Getting to Know Your District Parent Meeting will be held this fall. District departments, including Federal Programs, Assessment & Accountability, Migrant, Special Education, Bilingual/ESL, and Parent & Family Engagement, will share information to help families better understand program criteria, services, and available supports. ○ Title 1, Part A district and campus meetings are scheduled on different dates and times so that parents can choose a time that works best for them. • Weslaco Independent School District will establish a Parent Advisory Board (PAC) that will jointly develop/revise the district's parent and family engagement policy. The PAC consists of a parent representative from each campus. This policy will be distributed to parents of participating students and made available to the community. The district policy is revised during the Spring meeting. • Weslaco Independent School District will engage parents and families in the joint development and review of the District Improvement Plan (Schoolwide Plan) and, when applicable, the Campus Improvement Plan (School Improvement Plan). Parents will have opportunities to provide input and participate in the planning and decision-making process. A copy of the District Improvement Plan is available on the Weslaco ISD website at www.wisd.us. • Weslaco Independent School District will conduct an annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy in improving the

academic quality of Title 1, Part A program participating schools. The Title 1, Part A Parent and Family Engagement Survey is distributed to parents and families and seeks to identify barriers that inhibit greater participation. The findings will be used to design strategies for more effective parent and family engagement, and the policy will be revised as necessary. In addition to the Title 1, Part A Survey, at each parent meeting, parents will have the opportunity to fill out a survey to voice their concerns. Parents are always welcome to submit a request or voice a concern at the Parent & Family Engagement Office.
