

2026 Health Benefit Summary

Helping you make an informed decision about your health plan

About This Publication

The *2026 Health Benefit Summary* provides only a general overview of certain benefits. It does not include details of all covered expenses or exclusions and limitations. Please refer to each health plan's *Evidence of Coverage* (EOC) booklet for the exact terms and conditions of coverage. Health plans mail EOCs to new members at the beginning of the year, and to existing members upon request. In case of a conflict between this summary and your health plan's EOC, the EOC establishes the benefits that will be provided.

The *2026 Health Benefit Summary* provides valuable information to help you make an informed choice about your health plan and health care providers. This publication compares covered services, copayments, and benefits for each CalPERS health plan. It also provides information about plan availability by county and a chart summarizing important differences among health plan types.

You can use this information to determine which health plan offers the services you need at the cost that works for you. The 2026 health plan premiums are available at the CalPERS website at www.calpers.ca.gov. Check with your employer to find out how much they contribute toward your premium.

We recommend that you only use this publication in conjunction with the current year's health premium rate schedule and EOCs. To obtain a copy of the health premium schedule for any health plan, please go to the CalPERS website at www.calpers.ca.gov or contact CalPERS at 888 CalPERS (or 888-225-7377).

Considering Your Health Plan Choices

Selecting a health plan for you and your family is one of the most important decisions you will make. This decision involves balancing the cost of each plan, along with other features, such as access to doctors and hospitals, pharmacy services, and special programs for managing specific medical conditions. Choosing the right plan ensures that you receive the health benefits and services that matter to you.

If you are a new CalPERS member or you are considering changing your health plan during Open Enrollment, you will need to make two related decisions:

- Which health plan is best for you and your family?
- Which doctors and hospitals do you want to provide your care?

The combination of health plan and providers that is right for you depends on a variety of factors, such as whether you prefer a Health Maintenance Organization (HMO) or Preferred Provider Organization (PPO); your premium and out-of-pocket costs; and whether you want to have access to specific doctors and hospitals.

We realize that comparing health plan benefits, features, and costs can be complicated. This section provides information that can simplify your decision-making process. As you begin that process, the following are some questions you should ask:

- Do you prefer to receive your health care from an HMO or PPO? Your preference will impact the plans available to you, your access to health care providers, and how much you pay for certain services. See the chart on the next page for a summary of the differences among plan types.¹
- What are the costs (premiums, copayments, deductibles, and coinsurance)? Beginning on page 16 of this publication, you will find information about benefits, copayments, and covered services. Visit the CalPERS website at www.calpers.ca.gov to find out what the premiums are for the various plans.
- Does the plan provide access to the doctors and hospitals you want? Contact health plans directly for this information. See the “Health Plan Directory” on page 14 of this publication for health plan contact information.

¹ Note that in a few counties where access to HMOs is limited, a third option, Exclusive Provider Organization (EPO), is available. An EPO provides benefits similar to an HMO with some PPO features.

Understanding How CalPERS Health Plans Work

The following chart will help you understand some important differences among health plan types.

Features	HMO	PPO	EPO
Accessing health care providers	Contracts with providers (doctors, medical groups, hospitals, labs, pharmacies, etc.) to provide you services at a fixed price	Gives you access to a network of health care providers (doctors, hospitals, labs, pharmacies, etc.) known as preferred providers	Gives you access to the EPO network of health care providers (doctors, hospitals, labs, pharmacies, etc.)
Selecting a primary care physician (PCP)	Most HMOs require you to select a PCP who will work with you to manage your health care needs ¹	All PPO plan members will have an assigned PCP; however, you can choose not to go through your PCP ²	All EPO plan members will have an assigned PCP; however, you can choose not to go through your PCP
Seeing a specialist	Requires advance approval from the medical group or health plan for some services, such as treatment by a specialist or certain types of tests	Allows you access to many types of services without receiving a referral or advance approval	Allows you access to many types of services without receiving a referral or advance approval
Obtaining care	Generally requires you to obtain care from providers who are a part of the plan network Requires you to pay the total cost of services if you obtain care outside the HMO's provider network without a referral from the health plan (except for emergency and urgent care services)	Encourages you to seek services from preferred providers to ensure your coinsurance and copayments are counted toward your calendar year out-of-pocket maximums ³ Allows you the option of seeing non-preferred providers, but requires you to pay a higher percentage of the bill ⁴	Requires you to obtain care from providers who are a part of the plan network Requires you to pay the total cost of services if you obtain care outside the EPO's provider network without a referral from the health plan (except for emergency and urgent care services)
Paying for services	Requires you to make a small copayment for most services	Limits the amount preferred providers can charge you for services Considers the PPO plan payment plus any deductibles and copayments you make as payment in full for services rendered by a preferred provider	Requires you to make a small copayment for most services

¹ Your PCP may be part of a medical group that has contracted with the health plan to perform some functions, including treatment authorization, referrals to specialists, and initial grievance processing.

² Members enrolled in the PERS Gold plan may access a lower copayment if they select a personal doctor.

³ Once you meet your annual deductible and maximum coinsurance, the plan pays 100% of medical services/claims from preferred providers for the remainder of the calendar year; however, you will continue to be responsible for copayments for physician office visits, pharmacy, and other services, up to the annual out-of-pocket maximum.

⁴ Non-preferred providers have not contracted with the health plan; therefore, you will be responsible for paying any applicable member deductibles or coinsurance, plus any amount in excess of the allowed amount.

Contacting a Health Plan

If you have a specific question about a plan's coverage, benefits, or participating providers, please contact the plan directly. See the "Health Plan Directory" on page 14 for health plan contact information.

¹ You must belong to the specific employee association and pay applicable dues to enroll in an Association Plan (CCPOA, CAHP, or PORAC).

² Plan only available in certain states. Benefits out-of-state may differ from those in California.

Choosing Your Doctor and Hospital

Once you choose a health plan, you should select a primary care physician. Except in the case of an emergency, the doctors you can use — and the medical groups and hospitals you will have access to — will depend on your choice of health plan.

Many people find their doctor by asking neighbors or co-workers for a doctor's name. Others receive referrals from doctors they already know. Still others simply select a physician from their health plan who happens to be nearby. You can also use the **Search Health Plans** tool (described on page 11), which is available by logging into your

myCalPERS account at my.calpers.ca.gov. Before you choose a health plan, you should call the health plan's member services to inquire about physician availability. When choosing an HMO plan, you should confirm that the doctor is taking new patients in the plan you select.

If you need to be hospitalized, your health plan or medical group will have certain hospitals that you are able to use. If you prefer a particular hospital, you should make sure the health plan you select contracts with that hospital. See page 15 for a list of resources that can help you evaluate and select a doctor and hospital.

Enrolling in a Health Plan Using Your Residential or Work ZIP Code

Some of our health plans are available only in certain counties and/or ZIP codes. As you consider your health plan choices, you should determine which health plans are available in the ZIP code in which you are enrolling.

In general, if you are an active employee or a working CalPERS retiree, you may enroll in a health plan using either your residential or work ZIP code.

If you are a retired CalPERS member, you may select any health plan in your residential ZIP code area. You cannot use the address of the CalPERS-covered employer from which you retired to establish ZIP code eligibility.

To enroll in a Medicare Advantage plan, you must use your residential address. In addition, Medicare Part D Employer Group Waiver plans require you to provide a physical address.

If you have a combination of Basic and Medicare members on your health plan, you must choose a health plan that has both Basic and Medicare plan options available within your residential ZIP code area.

If you use your residential ZIP code, all enrolled dependents must reside in the health plan's service area. When you use your work ZIP code, all enrolled dependents must receive all covered services (except emergency and urgent care) within the health plan's service area, even if they do not reside in that area.

To determine if the health plan you are considering provides services where you reside or work, see the "Health Plan Availability by County" chart on the following page. You can also use the **Health Plan Search by ZIP Code**, which is available on the CalPERS website at www.calpers.ca.gov, to find out which plans are available in your area. If you have questions about plan availability or coverage, or wish to obtain a copy of the *Evidence of Coverage*, contact the health plans using the "Health Plan Directory" on page 14.

CalPERS Health Plan Member Survey Results

CalPERS conducts an annual Health Plan Member Survey to assess members’ satisfaction with their health plans during the previous 12-month period. We use a modified version of the Consumer Assessment of Healthcare Providers and Systems (CAHPS) Survey, a standard tool for measuring health plans. CalPERS evaluates the survey results to compare satisfaction ratings across health plans and over time. The results below reflect health plan satisfaction during the 2024 plan year.

Member ratings offer another tool to help you choose a plan that is right for you. Please note that your experience may differ. The health plan ratings are based on the experience of the individuals who participated in the survey.

Member Rating of Health Plans

Members were asked to rate their health plan on a 10-point scale with 10 being the best health plan possible. The following charts show the average rating by plan respondents in eligible Basic and Medicare health plans.

Basic Plan Ratings

Medicare Plan Ratings

The CalPERS *Health Benefits Program Annual Report* displays other valuable information about the Health Program. To view the report, visit CalPERS online at www.calpers.ca.gov.

Association Plans (CCPOA) are available only to members who belong to the applicable association.
In 2022, PERS Choice and PERSCare transitioned to PERS Platinum and PERS Select transitioned to PERS Gold.

Obtaining Health Care Quality Information

Following is a list of resources you can use to evaluate and select a doctor and hospital.

U.S. Department of Health and Human Services

www.medicare.gov/hospitalcompare

Hospital Compare has information about the quality of care at over 4,000 Medicare-certified hospitals across the country.

Benefit Comparison Charts

The benefit comparison charts on pages 16–31 summarize the benefit information for each health plan. For more details, see each plan's *Evidence of Coverage* (EOC) booklet.

Consumer Resources

California Department of Consumer Affairs

www.dca.ca.gov

search.dca.ca.gov

The California Department of Consumer Affairs (DCA) and its boards and bureaus license medical and mental-health professionals — including doctors, nurses, and other care providers — investigate complaints, discipline those who violate the law, conduct evaluations, and facilitate rehabilitation where appropriate.

Have you done a checkup on your care provider's license? Such a checkup is simple and helps you make an informed choice when choosing a medical or mental-health professional. To determine a licensee's status, go to DCA's license website at search.dca.ca.gov or, if you do not have a computer, call (800) 952-5210 and DCA staff will check the professional's license for you.

Office of the Patient Advocate

www.opa.ca.gov

This website includes a State of California-sponsored "Report Card" that contains additional clinical and member experience data on HMOs, PPOs, and medical groups in California.

About CalPERS

CalPERS is the largest purchaser of public employee health benefits in California, and the second largest public purchaser in the nation after the federal government. Our program provides benefits for 1.5 million public employees, retirees, and their families.

Depending on where you reside or work, CalPERS offers active employees and retirees one or more types of health plans, which may include:

- Health Maintenance Organization (HMO)
- Preferred Provider Organization (PPO)
- Exclusive Provider Organization (EPO)
(for members in certain California counties)

The CalPERS Board of Administration annually determines health plan availability, covered benefits, health premiums, and copayments.

Whether you are working or retired, your employer or former employer makes monthly contributions toward your health premiums. The amount of this contribution varies. Your cost may depend on your employer or former employer's contribution to your premium, the length of your employment, and the health plan you choose. For monthly contribution amounts, active employees should contact their employer, State retirees should contact CalPERS, and contracting agency retirees should contact their former employer.
