DISCOVER CHINA: LEARN, EXPLORE, AND EXPERIENCE!

This Summer 2027, Bolles will offer students an exciting 15-day study and travel experience in four of China's most fascinating and historic cities: Chengdu, Xi'an, Beijing, and Shanghai. This unique program combines two essential elements: learning and fun! While in China, students will participate in local school classes, interact with Chinese residents and experience everyday life and Chinese culture firsthand. Students will also explore some of China's most famous landmarks, including the Forbidden City, Tiananmen Square, the Terracotta Warriors and the Great Wall of China. They'll also join a giant panda volunteer experience to learn about their conservation and care. Students will return home with unforgettable memories, new friendships, a deeper understanding of China and a broader perspective of the world. Come learn with us. Come explore with us. Come experience China!
