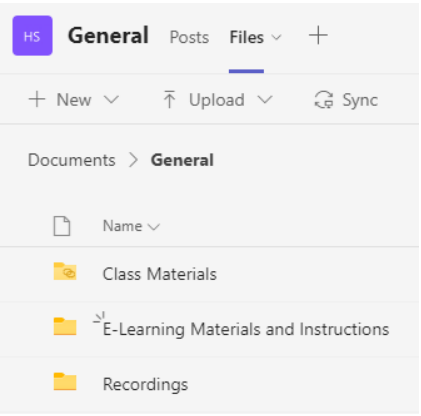
E-Learning Day Expectations

Hello families! In the event of severe weather or issues resulting in school closure an e-learning day will be called. This is different from a scheduled virtual day as there will be no live lessons. Each student has been issued a laptop. These laptops have been used daily in our classrooms. We have practiced using educational websites, as well as Teams.

Students will work throughout the day on their assignments on their own. They will access this work through their Microsoft Teams page. **Our expectations are that students will complete the work and submit by the next in-person school day. Any paper/pencil work should be completed in the student's handwriting, with their name on each page.**

To find e-learning work, click the Teams icon. Your computer should automatically log you into Teams. Once on Teams, click your Homeroom class page. Under your class page click on files



. Then on E-Learning Day Instructions and work.

There are options for some of the paper/pencil work to be replaced with online work. The online work will record the time they spend working on the assigned program. If students do not meet the time requirement they will not receive credit for that assignment that day. If your child chooses the online option, make sure you let your teacher know this on the work checklist they turn in.

In class, we have downloaded all assignments. If you are having trouble finding internet, please click on the computer files and go to the Downloads. Day One should be there.

We will be available through Remind or Teams from 8:00am-11:00am and 12:00pm-3:00pm during the e-learning day for any questions or help.

Thank you,

First Grade Team
