SUMMARIZING

THE PICNIC SHOCK

The brown bear had just woken up after a long winter hibernation. He hadn't eaten for months, and he was absolutely starving! He left the comfort of his dark cave and wandered outside into the sunlight. The bear immediately smelled a delicious scent wafting through the air. He could almost taste the sausages and steak as he followed his nose towards the smell. Nearby, a family was enjoying their picnic, unaware that the bear was watching them from the bushes. Without warning, the bear leaped from his hiding place and barrelled towards the family. Chaos erupted as everyone started screaming and running around. The terrified family scrambled to get out of the bear's way. Little did they know, they had nothing to fear. The bear made a direct beeline for the warm sausages sizzling away on the barbeque. The family watched in shock as the enormous bear proceeded to feast on the range of cooked meat before happily licking his lips and strolling back into the bushes where he came from.
