

Development Office Update

As the school year comes to a close, I'd like to share a few highlights and thank everyone who has contributed to AMSA's growing culture of philanthropy, partnership, and community engagement.

This year, we continued to build momentum through grants, fundraising, advocacy, and community outreach that support opportunities for our students.

By the Numbers

- **\$150,000** Cummings Foundation Grant (3 years - see attached press release)
- **\$5,000** MathWorks Grant
- **\$2,000** Health Resources in Action Grants
- **\$16,000** Raised through two golf events
- **\$29,000+** Raised through Spring Athletics Fundraising
- **\$35,000+** Raised through the Annual Fund
- **90+** Annual Fund Donors
- **8** Monthly Donors
- **1** Leadership Donor giving more than \$10,000
- **21** Business Partners
- **41** Commemorative Bricks sold
- **4** Meetings with Elected Representatives from AMSA's Core Sending Communities
- **15** Outreach events throughout our core towns communities
- **100%** board giving from the AMSA Board of Trustees

These accomplishments reflect more than fundraising, they represent a growing network of supporters who believe in AMSA's mission and invest in our students. Every donor, partner, volunteer, advocate, and community member helps strengthen the opportunities available to our students today and the future of our school.

Thank you for the many ways you help tell AMSA's story and build meaningful connections with our community. Together, we are creating momentum that will benefit AMSA students for years to come.
