

Dear Parents,

E- Learning Packets

Parents this packet is designed to be used for emergency weather or any closings that may occur throughout the year. If in the case of severe weather or closings you will use this packet for Emergency Learning. Hopefully we will not have use this, but wanted them to be with students so we don't have to figure out how to get info to you in case a closing decision is made after or before school hours.

As you complete each activity just check it off. If it is a writing activity just include that in your child's take-home folder to turn in with the checklist provided for that day. Also, if you have internet and a device please have your child complete their iReady reading and math. This is tailored to what they personally need for success with instruction and their assessments in the future. Login information is below.

To log into their iReady you will need to go to www.classlink.com. Go to login. Login with quick card. Each child has a quick card that is included in this packet (looks like a QR code.) once into class link choose iReady and you can use the drop-down menu to choose the subject. It will directly send your child to their learning pathway based on the beginning of the year diagnostic and their pathway lessons they may have already completed.

If you have any questions now or on an e-learning day, please contact me. The best way to contact me is through parent square. You must be signed up in Power School. If you have not done so, please contact the front office. You can also e-mail me @ tpreston@hcsdsc.org. Give me 24-48 hours to respond by email. Your child has Teams app on their computers, you can also message on that platform, again give me 24-48 hours to respond through teams.

Thank you,
Mrs. Preston
