D203 Profile of A Learner	Profile of a Learner guides our efforts in creating educational experiences that are relevant, engaging, and impactful and outlines the key competencies and descriptors our community has identified as essential for our students: Adaptability, Communication, Critical Thinking, Learner's Mindset, Global Citizen.
Department Mission	To enable students to communicate effectively in the target language, to understand the cultures that support the language, to see connections between language study and other disciplines, and to appreciate what it means to be college-, career-, and world-ready.
Course Description	This course is designed for students who demonstrate interest, motivation, and high achievement in previous Spanish courses. This course is intended for students who wish to develop proficiency and integrate their language skills using authentic materials and sources. Students who enroll should already have knowledge of the language and cultures of Spanish-speaking peoples and should have attained reasonable proficiency in using the language. Students are expected to integrate the literacy skills of listening, speaking, reading and writing in interpretive, interpersonal, and presentational modes. The course is conducted in Spanish. This course meets the College Board's curriculum requirements for AP Spanish Language and Culture, and students are encouraged to take the AP Exam at the end of the academic year.
Course Textbook & Resources	AP Spanish Language and Culture Exam Preparation, Vista Higher Learning.
Course Standards	Content Standards: • <u>Interpretive Communication* (Listening, reading, viewing)</u> ◦ Interpret and/or comprehend written or spoken language. • <u>Interpersonal Communication* (Listening, speaking, reading, and writing)</u> ◦ Interact and/or respond in the target language. • <u>Presentational Communication* (Speaking, writing, showing)</u> ◦ Present information, ideas, or concepts in the target language. SEL Standards: • Recognize the feelings and perspectives of others • Recognize individual and group similarities and differences • Use communication and social skills to interact effectively with others • Recognize personal qualities and external supports • Demonstrate skills related to achieving personal and academic goals
Proficiency Assessment	As part of this course, students will take a language proficiency exam called AAPPL (ACTFL Assessment of Performance toward Proficiency in Languages). This exam will be given during second semester and will provide valuable information on students' overall progress in Spanish. In AP Spanish, students will take all sections of the test (reading, listening, speaking, writing) of Form B of the exam.

Units of Study:

Unit 1. Introduction to the AP Language and culture exam

Unit 2. Family and communities

Unit 3. Science and technology

Unit 4. Language and Culture

Unit 5. Art and creativity

Unit 6. Contemporary life

Unit 7. Global contexts

Grade Calculation Definitions

Students will be provided with multiple and varied opportunities to demonstrate mastery of learning standards. Although varied in content, all courses will include examples of practice and evidence of learning:

- **Evidence of Learning:** Tasks or assessments where feedback is provided to the student and considered evidence of a student's level of proficiency on a given standard or skill. This may include, but is not limited to formative tasks that provide insights on areas for growth as well as summative tests, projects and/or performances. In this course, specific examples include:
 - Formative interpersonal speaking activities, such as partner conversations, role-plays, and "speed conversation" activities, with teacher or peer feedback on communication and language control.
 - Short interpretive reading and listening activities followed by comprehension questions and feedback.
 - AP-style writing tasks, including persuasive essays, with feedback based on the AP Spanish Language and Culture rubric.
 - Interpersonal speaking assessments and cultural comparisons that provide evidence of students' ability to communicate, support ideas, and demonstrate cultural understanding.
 - Projects and presentations in which students apply vocabulary, grammar, and cultural knowledge in authentic contexts.
- **Practice:** Tasks that are connected to course standards and learning targets that promote the development of skills and/or knowledge that will be assessed, but where feedback is not provided. This may include, but is not limited to daily readings, note taking, practice exercises and tasks essential to the learning process. In this course, specific examples include:
 - Daily Spanish practice activities and warm-ups.
 - Vocabulary and grammar practice exercises.
 - Reading authentic texts and answering comprehension questions.
 - Listening to authentic audio and identifying key ideas and details.
 - Interpersonal speaking practice with partners or small groups.
 - Writing short responses, summaries, and reflections in Spanish.
 - Practice with AP Spanish question types and exam strategies.
 - Cultural comparison activities and analysis of authentic resources.
 - Activities identifying products, practices, and perspectives in the Spanish-speaking world.
 - Note-taking and preparation for class discussions and presentations.

Grading Disbursement

Semester grades for all classes (prior to the final exam) will be calculated by a weighted average. As part of the calculation for the overall semester grade, final exams/projects will not exceed 15% of the semester grade.

A = 100-90%, B = 89-80%, C = 79-70%, D = 69-60%, F = 59-0%

Semester Grade:

- Coursework = 85%
 - Evidence of Learning = 90%
 - Practice (will not exceed 10%) = 10%
- Final Exam = 15%
 - *Final Exam Format:* Performance assessments

Grading Practices

Grades communicate each student's progress toward mastery of goals/standards for the course.

- Infinite Campus Symbols/Comments:
 - A score of "Missing" (M) will indicate an assessment has not been turned in and the comments section will include a specific date by which students can still submit. After that date, a zero (0) will be recorded.
 - Any score may also have a comment indicating the due date, turned in, late, reassessment eligibility including the timeline and/or reassessment final scores.
 - A zero indicates that no attempt was made by the student. If a legitimate attempt is made on an assessment and practice work has been completed in a consistent and timely manner (*completing 85% of practice listed in Infinite Campus.*), a score of 50% will be the lowest possible grade.
- Late Work:
 - Evidence of Learning work submitted after the original due date cannot be penalized more than a total of 10% and can be submitted for credit within 5 school days after the original due date.
 - Practice Work is not accepted for credit after the due date.
- Other:
 - No extra credit will be issued.

D203 AI Belief Statement

At Naperville North High School, we strive to build a learner's mindset in all students, developing qualities such as adaptability, communication, critical thinking, and global citizenship. Generative Artificial Intelligence (AI), offers new opportunities to engage with important technology relevant to the future that also raises significant educational considerations. AI tools provide unique ways to engage students in the learning process, hence we encourage our staff to guide students in using AI responsibly. Teachers have the authority to establish guidelines for AI use in their classrooms, setting clear expectations for how AI can be used on learning tasks. Concurrently, we recognize that reliance on AI risks replacing genuine student engagement and original thought, undermining the attributes we aim to cultivate. Striking a balance between leveraging AI tools effectively and maintaining educational standards is crucial to the learning experience of each student.

Academic Integrity Code

District 203 students are challenged to address the academic process enthusiastically, diligently, and most importantly, honestly. It is the responsibility of our students, teachers, and administration to uphold the fundamental academic values of honesty, responsibility, fairness, respect and trust. The integrity of our district's academic programs is built upon these principles.

Academic integrity violations include cheating, plagiarism, self-plagiarism or copy infringement, obtaining or providing an unfair advantage, using a writing service and/or AI in place of original work unless specifically authorized by staff, falsification of documents, unauthorized access to records, and inappropriate collaboration,

Office: 102

Department Chair: Lisa Dinon

Department Chair email: Ldinon@naperville203.org

whether intentional or unintentional. The classroom teacher and administration will collaborate and exercise professional judgment in determining academic integrity violations.

Please refer to the NNHS Handbook for more information.

Technology Expectations

- **Cell phones:** Students will be expected to store their cell phones in a phone holder or designated classroom location throughout each class period as communicated by each teacher. Cell phones should not be seen or heard in the classroom setting. Appropriate use of cell phones is allowed during passing periods, during study halls, at lunch, before and after school. Please note that cell phone use is strictly prohibited in locker rooms and restrooms at all times.
- **Ear buds and headphones:** The use of ear buds and headphones is strictly prohibited in the classroom unless permission has been granted by the teacher. Ear buds and headphones should not be seen or heard in the classroom setting. For safety reasons, students should also be able to hear announcements, alerts, etc. at all times and, therefore, students are permitted to use one ear bud or headphone during passing periods, at lunch, before and after school.
- **District issued Chromebooks:** Students are required to use their District issued Chromebook and will not be permitted to use personal laptops or devices in the classroom setting. Student personal devices are not protected by district systems and put student safety and the safety of our network at risk. Additionally, student personal devices are not enabled with applications and programs necessary for administration of state and AP assessments.

Reassessment Policy

The purpose of reassessment is to allow students to demonstrate mastery of course standards in which they remain deficient. Higher reassessment grades will replace the original assessment score, but will not exceed 85%.

- Practice work is not eligible for reassessment.
- Evidence of Learning work may be eligible for reassessment. Refer to the chart below for eligibility:

☐ The assessment included multiple opportunities for feedback and improvement in the process for the final product OR formative assessments are aligned to standards, allow students to practice in the same assessment format, and gain feedback for improvement before the summative assessment.	☐ There was timely and consistent completion of practice work and formative assessments. ☐ A one-time performance on an assessment does not reflect the student's level of proficiency leading up to the assessment. ☐ Summative assessment score is below 85%.
Not eligible for reassessment	Eligible for reassessment if all three statements above are true.

Reassessment Parameters:

- The reassessment opportunity will require designated learning experiences that demonstrate readiness as assigned by the teacher.

Teacher: Mr. Tafolla

Email/Phone: jtafolla@naperville203.org

Office: 102

Department Chair: Lisa Dinon

Department Chair email: Ldinon@naperville203.org

- Reassessments MUST be completed within 5 school days of the student receiving feedback unless otherwise determined by the instructor. The reassessment deadline should be communicated in an IC comment.
- The final reassessment score will be capped at 85%.

Student Communication

- Students are encouraged to communicate with teachers regarding questions.
- Teachers make every effort to respond to emails and phone calls within 24 hours during the workweek.
- The best way to communicate with teachers is through email; however, if you haven't received a response within 48 hours, please resend the email or call their voicemail. Your email may have been filtered.

Additional Resources for Support

- You can utilize WIN or make an appointment with your teacher should you need additional instruction or support in learning material.
- You can attend peer tutoring in the Lit Center during lunch periods to receive extra support or to work on assignments.
- You can drop in to work with a peer tutor during lunch periods or before school in the Literacy Center.

Parents or Guardians Partnership

Naperville North believes in a collective partnership with parents/guardians which provides students the best opportunities for success.

Some ways parents/guardians can support their student's learning are:

- Actively check Infinite Campus for their student's grades.
 - Infinite Campus is a tool to progress monitor student work until the final course grade is posted.
 - Monthly progress grades are posted and represent the current grade of a student in the course at that moment in time.
- Discuss missing assignments, reiterate due dates, help organize folders, materials, assignment notebooks, and review upcoming projects and assessments.
