

E-Learning Instructions (Peeples 5th and 6th ELA)

Hello! If you are reading this then you are having school with no teacher! That's exactly what e-Learning is. It is school completed from the comfort of your home on your student device. It is important that you take your work seriously, just as you would if we were actually face to face. Completion of this work will count as your attendance on the days of school that we are digital. I will be available to you through parent square or teams if you have any questions. Please be safe and I hope to see you again soon!

-Mrs. Peeples 😊

Here are your instructions:

- Everyday, you will complete a folder for your ELA "class"
- Each folder is labeled "Day one, Day Two, Day three" and so on.
 - Only complete one folder each day!
- Each folder contains a reading assignment and a writing assignment. Once both assignments are completed, you are then required to complete a minimum of 2 iReady personalized lessons each day. Those three things combined are your ELA assignments!
- If for some reason you do not have internet access, please complete the assignments on notebook paper and return that paper when you return to school. You have a "grace period" of 3 days after face-to-face school is back in session to get these assignments completed.

Everyday you can come back to these instructions if you need a reminder about what to complete each day!
