D203 PROFILE OF A LEARNER

We are proud to present the Profile of a Learner, which outlines the key competencies and descriptors our community has identified as essential for our students: Adaptability, Communication, Critical Thinking, Learner's Mindset, Global Citizen.

FINE ARTS MISSION

The Fine Arts Department at Naperville North High School is founded on the conviction that academics and the arts are equally important to student development and achievement. North's comprehensive Fine Arts offerings are integrated throughout the academic curriculum and various student activity organizations – motivating students with a variety of learning styles to succeed in high school and pursue higher education. The plethora of Fine Arts opportunities at North maintain our commitment to providing a rigorous arts education for all students while providing quality art for the Naperville Community.

Visual Art offerings are designed to develop in all students: visual sensitivity; creative talents; cultural appreciations; and, lifelong skills that can enhance career and personal potentials.

COURSE DESCRIPTION(s)

Jewelry Metals 1 [A43011, A43012]: This course is a basic introduction to the processes used to create functional jewelry using copper, brass, and silver. Students will work towards proficiency in forming, sawing, piercing and soldering to construct pieces such as pendants, bracelets, and rings. Various finishing techniques will be explored. For each unit, students will practice the steps of the artistic process: planning, creating, reflecting/refining.

Jewelry Metals 2 [A44011, A44012]: In this class students will further their technical skills of sawing, forming, and soldering metal. More advanced techniques will be learned and new jewelry materials will be introduced. Students will also make pieces that are more sculptural in nature, such as metal boxes with feet, handles and/or knobs. Student Independence and creativity are emphasized.

Advanced Jewelry Metals [A45011, A45012]: This course encourages self-directed art making, focusing on personal themes, creative problem-solving, and critical thinking. Students may explore various media, refine skills, and develop a portfolio. Regular critiques promote reflection and innovation, preparing students for advanced work. This is a repeatable course.

COURSE TEXTBOOKS

GRADE CALCULATION DEFINITIONS

Students will be provided with multiple and varied opportunities to demonstrate mastery of learning standards. Although varied in content, all courses will include examples of practice and evidence of learning:

- **Evidence of Learning:** Tasks or assessments where feedback is provided to the student and considered evidence of a student's level of proficiency on a given standard or skill. This may include, but is not limited to formative tasks that provide insights on areas for growth as well as summative tests, projects and/or performances. In this course, specific examples include: Planning sketches, research, artworks.
- **Practice:** Tasks that are connected to course standards and learning targets that promote the development of skills and/or knowledge that will be assessed, but where feedback is not provided. This may include, but is not limited to daily readings, note taking, practice exercises and tasks essential to the learning process. In this course, specific examples include: notes, research check ins, entry questions, practice essays, practice questions.

GRADING PRACTICES

Grades communicate each student's progress toward mastery of goals/standards for the course.

- **Infinite Campus Symbols/Comments:**
 - A score of "Missing" (M) will indicate an assessment has not been turned

in and the comments section will include a specific date by which students can still submit. After that date, a zero (0) will be recorded.

- Any score may also have a comment indicating the due date, turned in, late, reassessment eligibility including the timeline and/or reassessment final scores.
- A zero indicates that no attempt was made by the student. If a legitimate attempt is made on an assessment and practice work has been completed in a consistent and timely manner (*completing 80% of practice listed in Infinite Campus.*), a score of 50% will be the lowest possible grade.

- **Late Work:**

- Evidence of Learning work submitted after the original due date cannot be penalized more than a total of 10% and can be submitted for credit up to 5 days after the original due date.
- Practice Work is not accepted for credit after the due date.

- **Other:**

- No extra credit will be issued.

COURSEWORK GRADING CATEGORIES

Practice: Practice Essays | Reading Quizzes | Art Activities

Evidence: Notetakers, Take-home Essays, Research Projects, Quizzes and Tests

GRADING DISBURSEMENT & WEIGHT

Semester grades for all classes (prior to the final exam) will be calculated by a weighted average. As part of the calculation for the overall semester grade, final exams/projects will not exceed 15% of the semester grade.

A = 100-90%, B = 89-80%, C = 79-70%, D = 69-60%, F = 59-0%

Semester Grade:

- Coursework = 85% (Evidence of Learning = 90%, Practice= 10%)
- Final Exam = 15% *Final Exam Format:* Final Semester Reflection

ACADEMIC INTEGRITY CODE

District 203 students are challenged to address the academic process enthusiastically, diligently, and most importantly, honestly. It is the responsibility of our students, teachers, and administration to uphold the fundamental academic values of honesty, responsibility, fairness, respect, and trust. The integrity of our district's academic programs is built upon these principles.

Academic integrity violations include cheating; plagiarism, self-plagiarism or copy infringement; obtaining or providing an unfair advantage; falsification of documents; unauthorized access to records; and inappropriate collaboration, whether intentional or unintentional. The classroom teacher and administration will collaborate and exercise professional judgment in determining academic integrity violations.

TECHNOLOGY EXPECTATIONS

- **Cell phones:** Students will be expected to store their cell phones in a phone holder or designated classroom location throughout each class period as communicated by each teacher. Cell phones should not be seen or heard in the classroom setting. Appropriate use of cell phones is allowed during passing periods, during study halls, at lunch, before and after school. Please note that cell phone use is strictly prohibited in locker rooms and restrooms at all times.
- **Ear buds and headphones:** The use of ear buds and headphones is strictly prohibited in the classroom unless permission has been granted by the teacher. Ear buds and headphones should not be seen or heard in the classroom

REASSESSMENT POLICY

setting. For safety reasons, students should also be able to hear announcements, alerts, etc. at all times and, therefore, students are permitted to use one ear bud or headphone during passing periods, at lunch, before and after school.

- **District issued Chromebooks:** Students are required to use their District issued Chromebook and will not be permitted to use personal laptops or devices in the classroom setting. Student personal devices are not protected by district systems and put student safety and the safety of our network at risk. Additionally, student personal devices are not enabled with applications and programs necessary for administration of state and AP assessments.

The purpose of reassessment is to allow students to demonstrate mastery of course standards in which they remain deficient. Higher reassessment grades will replace the original assessment score, but will not exceed 85%.

- Practice work is not eligible for reassessment.
- Evidence of Learning work may be eligible for reassessment. Refer to the chart below for eligibility:

☐ The assessment included multiple opportunities for feedback and improvement in the process for the final product OR formative assessments are aligned to standards, allow students to practice in the same assessment format, and gain feedback for improvement before the summative assessment.	☐ There was timely and consistent completion of practice work and formative assessments. ☐ A one-time performance on an assessment does not reflect the student's level of proficiency leading up to the assessment. ☐ Summative assessment score is below 85%.
Not eligible for reassessment	Eligible for reassessment if all three statements above are true.

Reassessment Parameters:

- The reassessment opportunity will require designated learning experiences that demonstrate readiness as assigned by the teacher.
- Reassessments **MUST** be completed within 5 school days of the student receiving feedback unless otherwise determined by the instructor. The reassessment deadline should be communicated in an IC comment.
- The final reassessment score will be capped at 85%.
- You are encouraged to communicate with their teacher regarding questions.
- Teachers make every effort to respond to emails and phone calls within 24 hours during the workweek.
- The best way to communicate with teachers is through email; however, if you haven't received a response within 48 hours, please resend the email or call their voicemail. Your email may have been filtered.

PARENT OR GUARDIAN PARTNERSHIP

Naperville North believes in a collective partnership with parents/guardians which provides students the best opportunities for success.

Some ways parents/guardians can support their student's learning are:

- Actively check Infinite Campus for their student's grade.
 - Infinite Campus is a tool to monitor student work until final course grade is posted.
 - Monthly progress grades are posted and represent the current grade of a student in the course at that moment in time.
- Discuss their student's missing assignments, reiterate due dates, help organize their student's folders, materials and assignment notebooks, and review upcoming projects and assessments.
