

Emergent Bilingual Support Menu

School districts and charter schools can utilize federal, state, and local funds (including Title III and the Bilingual Education Allotment (BEA) to cover the cost of Emergent Bilingual (EB) Support Bundles. *Title III SSA members filing a bilingual exception or ESL waiver are still required to spend 10% of their BEA funds on Professional Development.* Let us help you make a plan!

- Good news! You can utilize the mandatory 10% of your BEA funding, which is required for a bilingual exception or ESL waiver, to purchase these packages.
- To ensure maximum benefit for your campus, this purchase can be seamlessly integrated into the school's comprehensive professional development plan.

The EB Edge

This level-up is beyond the basics for teachers who want a dive deep into the nuances of language acquisition, focusing on the strategic application of strategies.

CBLI In Focus: Move your practice from *incidental* language learning to *intentional* language acceleration with the newly designed ELPS.

ELPS/TELPAS/CBLI Connections: This session connects the dots between daily classroom moves and annual proficiency gains.

CBLI Capstone: This "show what you know" series highlights real-time classroom practice. (virtual)

Content-Based Language Instruction series

CBLI in Focus: The Core Content Series Where Content and Language Converge. The CBLI in Focus series provides practitioners with a discipline-specific lens, transforming core classrooms into high-intensity language labs. In these targeted sessions, educators will move beyond general "sheltering" and learn to decode the specific linguistic demands of their subject matter using the ELPS.

Elementary track: Language Lens Designed for PK-5 educators focusing on integrated literacy and conceptual development.

- **Literacy & Social Studies:** Using narrative and informational texts to build background knowledge and civic vocabulary.
- **Mathematics in Motion:** Bridging the gap between "word problems" and mathematical reasoning through oral discourse.
- **The Language of Science:** Moving from hands-on exploration to formal academic explanations and observations.

The Secondary Track: Mastering the Discipline *Designed for 6-12 educators focusing on high-stakes academic language and disciplinary literacy. Data + ELPS+ CBLI*

- **Disciplinary Literacy in ELA & Social Studies:** Analyzing complex texts, rhetoric, and perspective through a linguistic lens.
- **STEM Discourse (Math & Science):** Facilitating advanced technical discussions and technical writing.
- **Strategic Scaffolding for Rigor:** Learning to provide heavy support for complex concepts without sacrificing the high-level cognitive demands of the secondary curriculum.
