

What is the i-Ready Family Center and how do I access it?

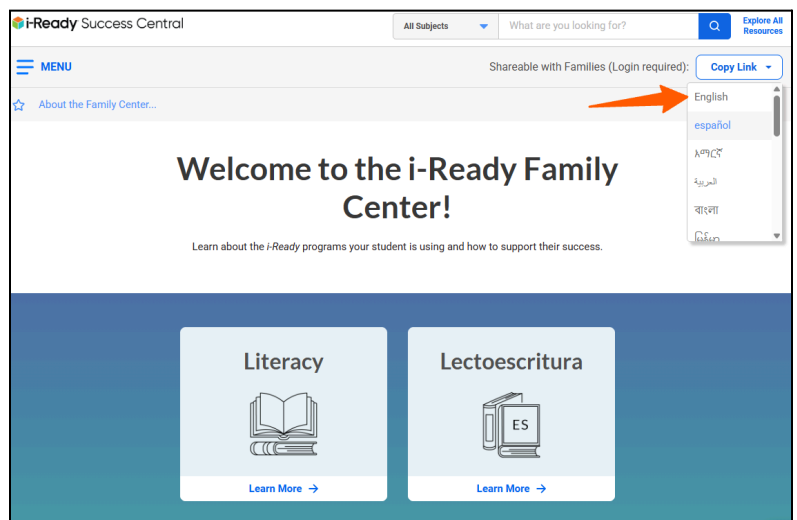

Overview

The i-Ready Family Center is a dedicated website created just for families. There you can learn about the iReady programs used in your student's school or district and find helpful resources to support your student's learning. Get the full Family Center experience by logging in

What can I find in the Family Center?

The Family Center is designed to make it easy for you to know what your student is learning and how you can support them.

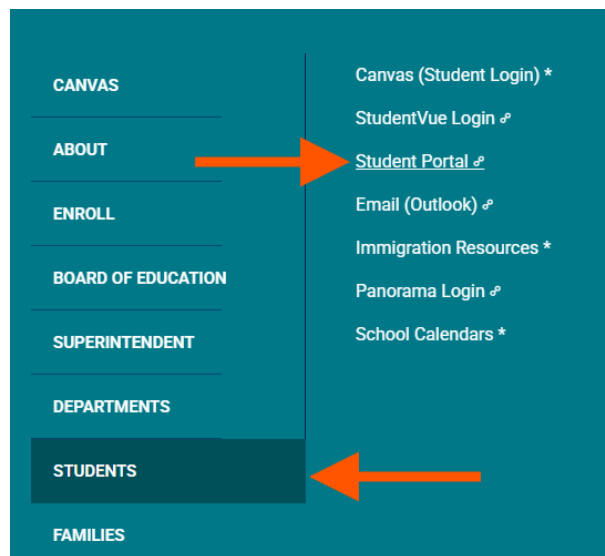

When you log in, the landing page displays subject tiles that are relevant to the i-Ready programs your student uses in class. You can explore the site in your preferred language using the language toggle at the top of the page.

How can I access and explore the Family Center experience? You may view resources shared by your student's teacher without logging in, but to access the full Family Center experience, follow these steps:

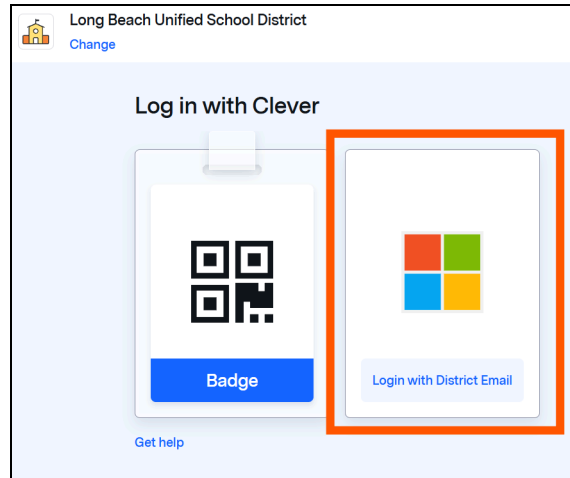

Navigate to lbschools.net

- Click on the **Main Menu** link on the upper right of the screen.
- Then click on **Students**.
- Finally click on the link to the **Student Portal**.

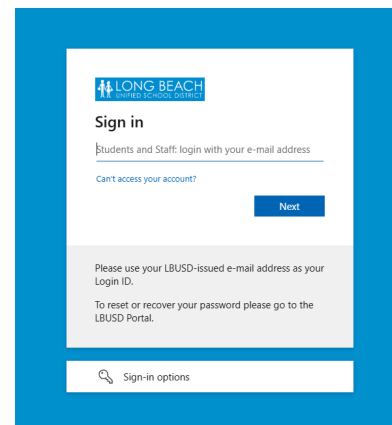

Log in to your student's District Portal

by selecting the Login with District Email and then entering their credentials.

Enter your student's full email address

It begins with their student ID number ie. 1234567@lbschools.net.

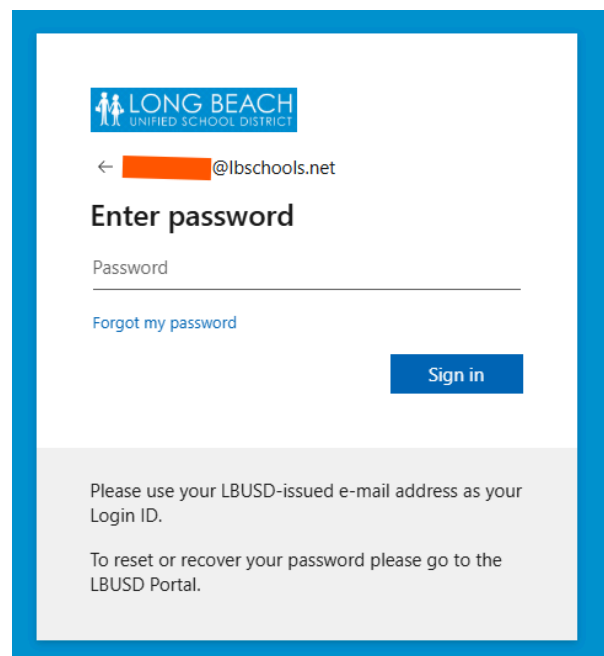

Enter your student's password.

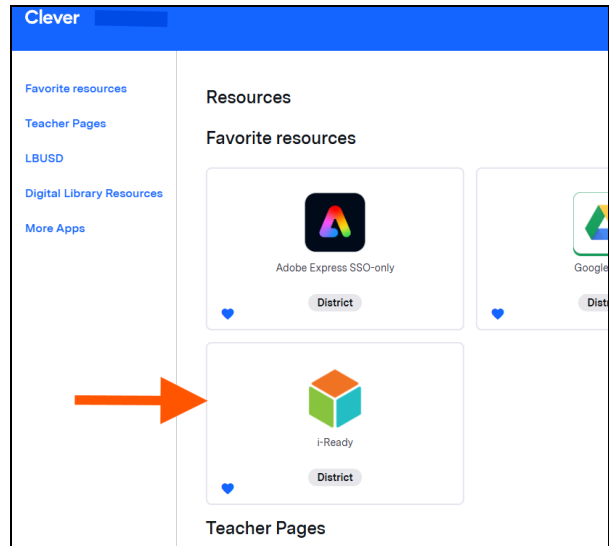

Please note: The temporary default password format for new student accounts is: **MyPWisMMDDYY**

Please note that the temporary default password is case-sensitive!

Sample Password: for a student with the birthdate of May 16, 2018
MyPWis051618

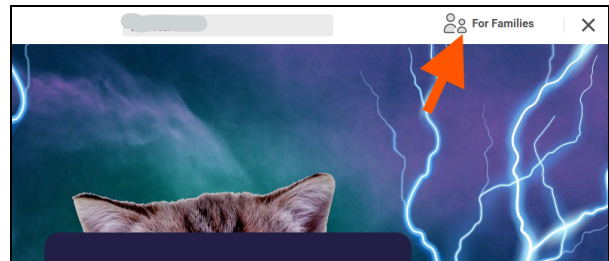

Click on the Tile for **i-Ready**

Click on the link **For Families**
