Wraparound Care & Childcare Voucher Payments

If you wish to pay for Wraparound Care using childcare vouchers, please be aware that vouchers must first be credited to your ParentPay account before any sessions can be booked.

To do this, please calculate the amount you wish to pay using childcare vouchers and arrange payment through your childcare voucher provider.

Once we receive confirmation from the childcare voucher provider, we will add the funds to your ParentPay account, enabling you to book the required sessions. Any unused balance will remain as a credit on your account and can be used for future bookings.

When making a payment, please include your child's name and details of how the vouchers are to be used, for example, 'Breakfast Club' or 'After School Club', as the payment reference. If your provider does not allow you to add a reference, please email fees@kingsmac.co.uk with these details.

For payments made through the Government Tax-Free Childcare scheme, as we do not receive email notification, please email fees@kingsmac.co.uk to confirm that you have made the payment and include:

- Your child's Tax-Free Childcare (TFC) account reference
- Your child's name
- Details of how the payment should be used (Breakfast Club or After School Club)

The details required for each childcare voucher provider are listed below:

Provider	**Carer Name**	**Account Number / Search Details**
