After School Math Support

MS

FREE

Friday · by invitation

Targeted mathematics support for Middle School students, by teacher invitation.

High School Math Competition

HS

FREE

Wednesday · Grades 9–12

Designed for students in grades 9–12, the High School Math Competition offers a dynamic space to sharpen your mathematical reasoning beyond standard coursework. Members collaborate to decode complex problems, build critical thinking skills, and push their boundaries of mathematical thinking. The year culminates in an exciting trip where selected students represent our school at a prestigious math competition.

Homework Club

ES

MS

HS

FEE APPLIES

Elementary Tuesday, Wednesday, Thursday, Grade 1 – Grade 5 · Middle and High School Monday to Thursday

Elementary School. Homework Club offers students the opportunity to complete their homework assignments in a calm and highly structured classroom environment, with direct support from a teacher. The teacher can check student work and address any misunderstandings, guiding students towards strong academic approaches and positive engagement with their tasks.

Middle School. Provides space for students to complete their homework at the end of the school day. Students will learn to be successful in self-management and the use of independent skills by helping them with organization of time.

High School. Students complete their homework in a quiet classroom with guidance, enabling them to work productively on assignments from various subject areas. Additional assistance is provided when students encounter difficulties with time management, organisation, or completing assigned work.

Italian Homework Club

ES FEE APPLIES

Grades 2–3 Tuesday · Grade 4 Wednesday · Grade 5 Thursday

Italian Homework Club provides students with dedicated time and support to complete their Italian homework assignments. Led by one of our school's Italian teachers, students will have the opportunity to work on their assignments in a supportive environment while receiving guidance, clarification, and assistance as needed. It's a great way for students to stay on track, build confidence, and strengthen their Italian language skills.

Middle School Maths Competition Club

MS FREE

Thursday

The Middle School Math Competition club challenges students to sharpen their problem-solving skills through engaging individual and collaborative Mathematics problems. Members compete throughout the year in the Mathematical Olympiads (MOEMS), building multiple strategies for out-of-the-box problem solving, mathematical flexibility in solving problems and mathematical creativity and ingenuity.

STEM

ES FEE APPLIES

Grades 1–2 Thursday · Grades 3–5 Tuesday

STEM at Marymount encourages students to invent, create, and solve real-world problems using a variety of tools and materials. This after-school activity is intended to foster cross-curricular and multi-age collaboration, while providing leadership opportunities. Students work in groups or independently to ask questions and develop their own inquiry-based projects, and throughout the semester will work and compete on a variety of teamwork and innovation-based projects.

أ

Languages & certifications

ﷲ Arabic

ES

MS

FREE

Elementary Friday, Grade 1 – Grade 5

Middle School Wednesday

Elementary School. This engaging class offers a fun and interactive way for children to learn Arabic, focusing on speaking, listening, reading, and writing skills. Through games, stories, and cultural activities, students will explore the beauty of the Arabic language and its rich traditions. These classes cater to students of all levels, whether they are beginners or more advanced Arabic speakers. The program is tailored to support and challenge students at their own pace.

Middle School. This activity is designed for students who wish to develop their Arabic language skills in a fun and interactive learning environment. The program welcomes both beginners and students with prior knowledge of Arabic, including native and non-native speakers. Through engaging lessons, educational games, and activities focused on speaking, reading, and writing, students will build confidence in using the Arabic language while exploring its rich heritage and culture. The program is open to any student who wants to learn Arabic or further enhance their language skills.

📝 DELE (Spanish Language Proficiency)

MS

HS

FREE

Wednesday · by teacher invitation

The DELE Preparation Club, run in collaboration with the Instituto Cervantes in Rome, helps secondary school students develop their Spanish language skills and prepare for the internationally recognised DELE examinations at levels A1–B2. Participants practise listening, speaking, reading and writing through exam-style tasks, role-plays, debates and authentic Spanish-language materials, while learning effective strategies for each examination paper. The club builds fluency, grammatical accuracy, vocabulary, cultural understanding and confidence in exam technique and time management.

DELF (B1 + B2) (French)

HS

FREE

Wednesday · levels B1 & B2, by teacher invitation

DELF is an official diploma awarded by the French Ministry of Education to certify French language competency. This course serves to prepare students for May DELF examinations. For each level (B1 and B2), students will develop the four language skills of listening comprehension, reading comprehension, oral and written production according to the Common European framework of languages. In this way students will develop the different skills simultaneously and be prepared to be successful in their examinations.

Mandarin HSK

MS

HS

FREE

Tuesday · HSK Levels 1 and 2

This afterschool activity is specially designed for young learners who are studying HSK Level 1 and 2. Through fun games, songs, role plays, and hands-on activities, students will practice basic Chinese conversation in everyday topics such as greetings, numbers, family, food, and classroom objects.

English Support

MS

HS

FREE

Middle School Tuesday · High School Wednesday

This course is designed for Middle and High School students who may benefit from extra practice when it comes to the use of the English Language.

By tailoring the course to participating students, we can offer support with the grammar, vocabulary and writing skills that will be vital for higher levels of study. A wide range of activities will be undertaken to ensure that students leave the course with the ability to fully express themselves in English.

Gioca e Parla

ES

FREE

Monday · Kindergarten

This course is aimed at those students who are Italian Language Learners, and it gives them a great opportunity to develop their Italian language skills in a fun and Kindergarten friendly environment.

Italian Level 2 Conversation Enrichment

MS

HS

FREE

Wednesday · Level 2

This course offers students the opportunity to develop and strengthen their Italian L2 conversational skills in a supportive and interactive environment. Through guided discussions, role-plays, and practical communication activities, students will build fluency, expand vocabulary, and gain confidence in everyday spoken Italian. The focus is on meaningful communication and active participation, with activities tailored to different proficiency levels.

Italian as a Foreign Language Support

MS

HS

FREE

Tuesday · beginners

This course provides targeted Italian L2 support for beginner students who are struggling with grammar. It focuses on strengthening core language structures through clear explanations, guided practice, and structured activities. Students will build confidence in using essential grammar accurately in both written and spoken Italian, with differentiated support to meet individual learning needs.

Potenziamento della Lingua Italiana

MS

FREE

Grades 6 and 7 Tuesday · Grade 8 Wednesday

Grade 6. This activity is aimed at Grade 6 students and involves an in-depth study of the Italian language and of the topics to be presented in Italian for the Esame di Stato Terza Media. The topics covered are mainly Italian literature, history, and art, including additional topics required by the Istituto Parificato hosting the examination.

Grade 7. This activity is aimed at Grade 7 students and involves an in-depth study of the Italian language and of the topics to be presented in Italian for the Esame di Idoneità. The topics covered are mainly Italian literature, history, and art, including additional topics required by the Istituto Parificato hosting the examination.

Grade 8. This activity is aimed at Grade 8 students and involves an in-depth study of the Italian language and of the topics to be presented in Italian for the Esame di Stato Terza Media. The topics covered are mainly Italian literature, history, and art, including additional topics required by the Istituto Parificato hosting the examination.

Translation Club

MS

HS

FREE

Tuesday

The translation club offers students the opportunity to utilize their multilingual skills to translate diverse texts into English. Participants will analyze literature, poetry, and media, developing advanced vocabulary and critical thinking skills in both languages. The program might conclude with the publication of a student-led translation anthology, providing tangible material for academic portfolios.

Active Artists

ES FEE APPLIES

Wednesday · Kindergarten – Grade 2

Active Artists is a fun and engaging after-school program designed for students that combines creativity with movement. Each session includes both fine motor and gross motor activities to help children build coordination, strength, balance, and confidence while expressing themselves through art. Students will explore a variety of hands-on projects such as painting, drawing, sculpting, cutting, lacing, building, and crafting. Along the way, they will strengthen important fine motor skills needed for writing, self-care tasks, and everyday success. Movement-based activities woven throughout each class encourage children to develop gross motor skills, body awareness, coordination, and control in a playful and supportive environment. Every week features a new artistic theme and creative challenge. From creating colorful masterpieces to designing unique crafts and collaborative works of art, students will have opportunities to imagine, create, move, and explore.

Art Explorers

ES FEE APPLIES

Monday · Kindergarten - Grade 1

Art Explorers Club is a fun and relaxed space where young children can discover the joy of creativity through drawing, painting, and themed art activities. Each week, children will explore new ways to express themselves, whether it's through directed drawings, playful painting projects, or imaginative free-draws. We will use simple materials like crayons, markers, watercolor paints, and more. This club is a great way for children to build confidence, develop fine motor skills, and let their imagination shine. In art, there's no right or wrong, every creation is a masterpiece in its own way. All they need is curiosity, creativity, and a love for making art!

Art Wizards

MS

FEE APPLIES

Tuesday · Grades 6–8

Art Wizards, is the after-school club designed to turbocharge the creativity of students in Grades 6-8. In Art Wizards, you'll dive into hands-on activities such as creating mixed media sculptures, experimenting with digital art tools, producing video art projects, and painting with sound. You'll blend traditional methods with a contemporary aesthetic, taking risks, embracing chaos, and boosting your creative courage. We will explore the works of contemporary artists and showcase your creations on our Visual Arts Department website, www.mmi-art.com. By the end of the course, you'll graduate as an Art Wizard - courageous, adventurous, and confident in your creative abilities. Join us and transform your artistic journey into a radical, magical experience. Let's create something amazing together!

Ceramics

ES

FEE APPLIES

Tuesday · Grade 1 – Grade 5

Students will learn about clay, where it is found, what objects can be made from it, and how it was used throughout history. Modeling with clay stimulates creativity and improves fine motor skills in students of all ages. Students will engage in the basic methods and techniques of applying clay to create pinch pots, coil pots, and small ceramic objects, and will learn vocabulary related to ceramics and how to use various ceramic tools and prepare their workspace for modeling with clay.

Crafty Hands

ES

FEE APPLIES

Wednesday · Kindergarten – Grade 2

Welcome to Crafty Hands, a vibrant art club where imagination comes to life! Designed specifically for young creators, this club explores the joyful world of arts and crafts through fun, hands-on projects. Each week brings a new craft to discover, using simple materials like paper, paint, and glue to create something children can proudly take home and share. Along the way, they'll build fine motor skills, creativity, and confidence in a warm and supportive environment. Come ready to cut, glue, create, and have a world of fun!

Creative Design Club

ES

FEE APPLIES

Wednesday · Grade 2 – Grade 5

Creative Design Club is a hands-on after-school program for students in Grades 2–5 who enjoy creating, designing, and exploring new ideas. Through a variety of themed projects, students will combine images, text, artwork, and design elements to create meaningful and visually engaging works. Each week introduces a new creative challenge that encourages students to think about layout, composition, and visual storytelling. Students will explore a range of creative techniques, including collage, illustration, painting, mixed-media art, and creative design as they develop projects that reflect their interests, experiences, and creativity. This club provides a welcoming and supportive environment where students can express themselves, experiment with ideas, and develop projects over time.

Creative Play

ECC

ES

FEE APPLIES

Thursday · EC2 – Grade 1

Creative Play encourages children to use their imagination and explore their creativity in a fun and safe environment. Through various activities such as arts and crafts, storytelling, role-playing, and indoor/outdoor games, children can develop their cognitive, physical, social and emotional skills, while fostering imagination, creativity, self-expression and self-confidence. Encouraging and providing opportunities for creative play can have long-lasting positive effects on children's overall growth and well-being.

Creative Printing

ES

FEE APPLIES

Thursday · Grade 3 – Grade 5

Creative Printing invites students to explore the art of printmaking through hands-on design and creation. Students will learn to carve their own designs into printing blocks, then experiment with layering colors, patterns, and textures to bring their prints to life. Projects will range from carved stamps and block prints to mixed-material designs, giving students the chance to move from a simple sketch to a finished piece they've carved, inked, and pressed themselves. Along the way, they'll build fine motor skills, patience, and an eye for composition.

Creative Writing

ES

FEE APPLIES

Thursday · Grade 3 – Grade 5

Love making up stories, creating characters, or imagining new worlds? Creative Writing Club is a fun, relaxed space where students can let their imaginations run wild. Through exciting writing prompts, storytelling games, collaborative challenges, and opportunities to share ideas, students will create everything from mysteries and adventures to comics, poems, and fantasy tales. No grades, no pressure. Just creativity, fun, and the chance to bring great ideas to life.

Creative Writing Adventures

ES

FEE APPLIES

Wednesday · Grade 3 – Grade 5

Do you enjoy making up stories, inventing characters, or writing about exciting adventures? In Creative Writing Adventures, students in Grades 3–5 will explore a variety of fun writing styles, including graphic novels, short stories, mystery writing, poetry, and more. Through creative prompts, games, and collaborative activities, young writers will build confidence, develop their skills, and discover new ways to express their ideas while having fun with words.

Cricut Creator Studio: Design, Cut & Create

ES

FEE APPLIES

Thursday · Grade 3 – Grade 5

Cricut Creator Studio is a hands-on design and maker club where upper elementary students learn how to turn digital ideas into real creations. Students will explore basic design skills such as layout, fonts, shapes, spacing, measuring, planning, and problem-solving before using the Cricut machine to create projects such as bookmarks, labels, cards, decals, stickers, signs, seasonal gifts, and personalized items. This club will focus on the full creative process: imagining an idea, designing it digitally, preparing materials, using the Cricut, revising when needed, and completing a finished product.

Jewelry Making

ES

FEE APPLIES

Tuesday · Grade 1 – Grade 5

The Jewelry Making Club is perfect for students who love being creative and working with their hands. We will use different materials to make beautiful and unique pieces of jewelry — necklaces, bracelets, earrings, and rings — using beads, strings, wire, clay, and recycled items. The club allows students to express themselves creatively, as well as improve their practical skills in design, craftsmanship, and problem-solving.

Junior Architects

ECC

ES

FEE APPLIES

Tuesday · EC2 – Grade 1

Junior Architects is a cross-curricular technology and design class that offers hands-on challenges directly connected to literacy, math, and social-emotional development. Each week, students explore a variety of unique individual and group challenges aimed at sparking and fostering their creativity, teamwork, and critical thinking skills, with each grade level focusing on Social Studies-related topics that tie into the curriculum. In EC2, students work towards community-based infrastructure projects such as designing city layouts, creating landmarks, and understanding the role of community workers; Kindergarten focuses on motion and designing machines. The program is designed to help ignite a passion and interest in STEM from an early age.

Loom Knitting

ES

FEE APPLIES

Wednesday · Grade 3 – Grade 5

Loom Knitting is an activity that will teach students how to knit using different looms. Students who already know how to knit with needles and crochet with hooks are welcome to join and have a shared space to work on their projects. Complete beginners are welcome, too — you will learn how to make hats, scarves, and other items on the looms. By the end of the semester, students will have completed several projects to take home and wear.

Photography

ES

FEE APPLIES

Tuesday · Grade 3 – Grade 5

Are you an aspiring photographer? Then join the Photography Club to learn how to take more interesting and unique photos. Each week we will focus on a theme or aspect of photography. By the end of the semester, you will have amazing photos to share with friends and family.

STUDIO B — Contemporary Arts Studio

HS

FEE APPLIES

Tuesday · Grades 9–12

Studio B is an experimental, interdisciplinary arts studio for students who want to develop their creative practice beyond traditional art classes. Working like contemporary artists, students explore ideas through making and are encouraged to experiment across a range of media, including film, photography, ceramics, sculpture, installation, sound, performance, writing and digital media. Projects begin with ideas, questions, memories, music, stories and observations and may evolve into short films, photographic series, sculptural works, performances, installations, artist books or collaborative projects. Students develop practical skills, creative confidence and independent project management through sustained, project-based inquiry and studio practice. The emphasis is on experimentation, curiosity, craftsmanship and developing an individual creative voice. No previous experience is required—only curiosity, enthusiasm and a willingness to make things.

Sustainable Fashion

ES

MS

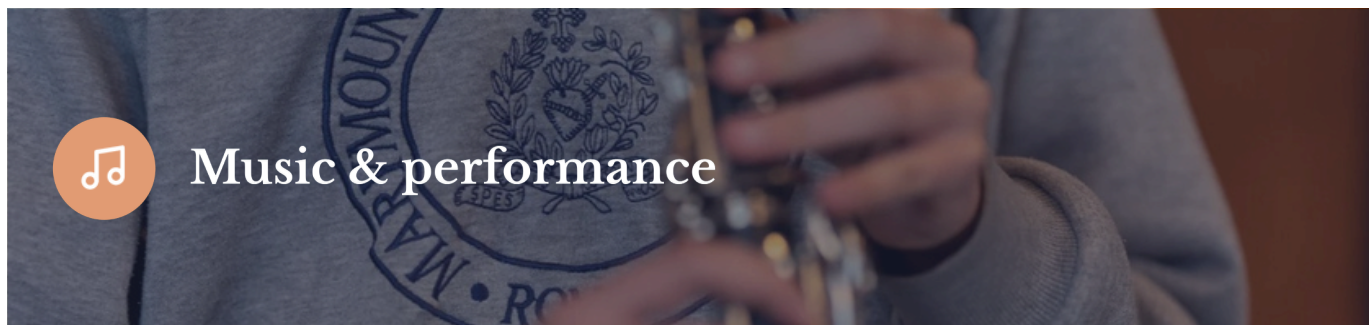

HS

FREE

Elementary Tuesday, Grade 3 – Grade 5 · Middle and High School Friday

The Sustainable Fashion Club is an inspiring after-school program where students learn to express themselves through fashion while promoting environmental awareness and sustainability. Supported by the global JUNK KOUTURE initiative, this club follows a dynamic curriculum that guides students in creating stunning fashion pieces using 100% recycled materials, building key industry skills such as design thinking, sewing, material manipulation, project planning, and public presentation. At the end of the program, students submit their creations to the international Junk Kouture competition, where finalists have the opportunity to represent their school and compete in the World Final held in iconic fashion capitals such as New York, London, Dubai, Paris, or Milan. It's a one-of-a-kind opportunity for students to develop their creativity, learn real-world skills, and make a positive impact—through fashion with purpose.

Music & performance

🎵 Creative Songwriting Lab

MS HS FEE APPLIES

Tuesday

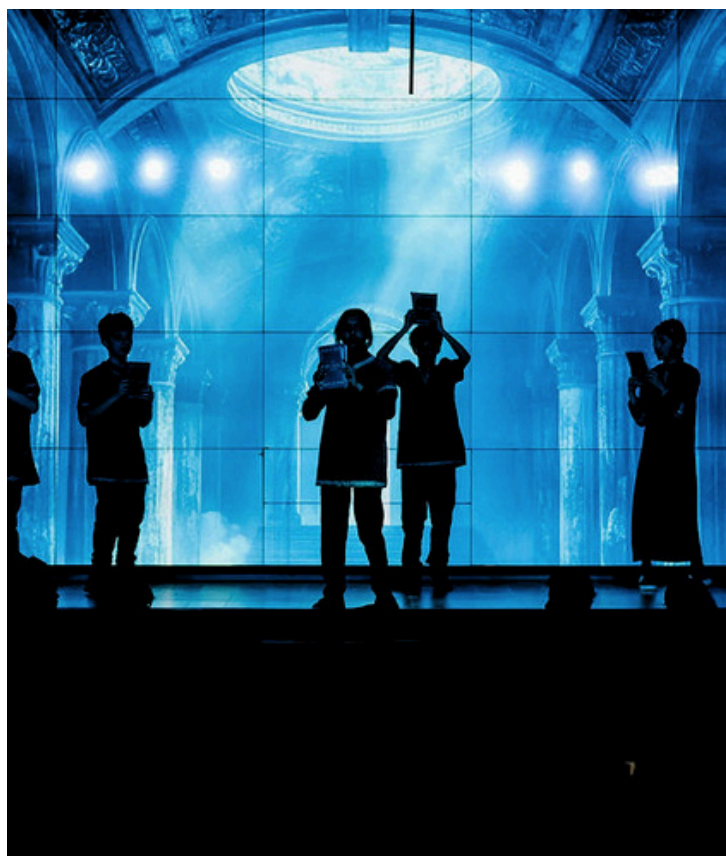

Creative Songwriting Lab is an after-school activity for students who want to write original songs, develop lyrics, experiment with melody, and collaborate creatively with others. Students will explore how songs are built through theme, rhythm, structure, chord progressions, imagery, point of view, and genre. Each session will include practical songwriting exercises, listening activities, lyric development, and opportunities to share and revise work in a supportive workshop setting. Students do not need to be advanced musicians to join; singers, instrumentalists, poets, and complete beginners are welcome. By the end of the year, students will have developed original song ideas, strengthened their confidence as creative writers and musicians, and gained experience giving and receiving constructive feedback.

🎭 Drama

ES FEE APPLIES

Wednesday · Grade 3 – Grade 5

Drama Club is designed for students interested in acting and learning more about aspects of the theater. Students will play theater games and do improvisation activities to learn acting and public speaking skills. Students will work together in small groups to rehearse different scenes, learn about the process of putting on a production, and perform for each other at the end of the semester.

JuniOrchestra

ES

MS

FREE

Tuesday, 15:00–17:00 · Elementary Grades 3–5 · Middle School

Students in Grades 3 to 8 have a unique opportunity to join the Marymount JuniOrchestra, an elite program in partnership with the Accademia Nazionale di Santa Cecilia, one of the world's oldest and most prestigious symphonic institutions. Led by professional tutors from the Accademia, students will develop instrumental skills alongside teamwork, time management, and organization. The year will culminate in school performances and a spectacular final concert in the prestigious Sala Santa Cecilia at the Auditorium Parco della Musica. Open to students who read music and have at least one year of experience in Strings, Woodwind, Brass, or Percussion. Students with no prior experience will be guided in choosing an instrument, join our lesson program, and enter the orchestra in the Second Semester. Rehearsals take place on Tuesdays from 3:00 to 5:00 pm; participating students will be dismissed 30 minutes early from their final class. The late bus will be available. The orchestra requires a minimum of 20 students and is a full-year commitment. Withdrawals are not permitted without a discussion with Mr. Sbardella.

Music Makers

ES

FEE APPLIES

Friday · Grade 1 – Grade 5

Music Makers invites students to discover the many sides of making music, from singing and rhythm to the basics of music theory. Each week, children will explore a new element of music — learning simple songs and vocal techniques, trying their hand at percussion instruments like drums and xylophones, and picking up the fundamentals of reading and understanding music along the way. Through games, group performances, and hands-on play, students will build confidence, coordination, and teamwork while discovering just how many ways there are to make music together. No prior musical experience is needed.

Reader's Theater

ECC

FEE APPLIES

Tuesday · EC2

Reader's Theater combines the joy of reading with the thrill of performing, helping young readers build confidence and improve their literacy skills. Through interactive and fun-filled sessions, students will bring stories to life by acting out characters and scenes from their favorite books. Each week, students will practice their reading fluency and expression while collaborating with their peers to create engaging performances. By working together on performances, students develop collaboration and teamwork skills while engaging in social-emotional learning by exploring various emotions and human experiences.

Royal Music — Rock Band

MS FREE

Tuesday · Grades 6–8

Love music? Want to play awesome songs, perform with friends, and build your skills on stage? The MS Rock Band is looking for passionate musicians, singers, drummers, guitarists, bassists, keyboard players, and anyone ready to rock! No matter your experience level, you'll have fun learning new music, working as a team, and performing.

Royal Music — Royal Voices

MS HS FREE

Wednesday

The Royal Voices is a yearlong activity dedicated to any student who wishes to chime into choral singing at School. The Royal Voices perform actively during the school year, including at our Spring Concert, and Lessons and Carols Service.

Royal Music — Royal Winds

MS HS FREE

Thursday · intermediate to advanced players

The Royal Winds is a yearlong activity dedicated to any student playing a band instrument at an intermediate/advanced level. Students are expected to come prepared for the sessions. The Royal Winds perform actively during the school year, including Graduation, Spring Concert, Christmas and School Shows. The options for the instruments are: flute, oboe, clarinet, bass clarinet, alto saxophone, tenor saxophone, baritone saxophone, trumpet, trombone, tuba, mallets and drums.

Tiny Tales Theatre

ES FEE APPLIES

Tuesday · Kindergarten – Grade 1

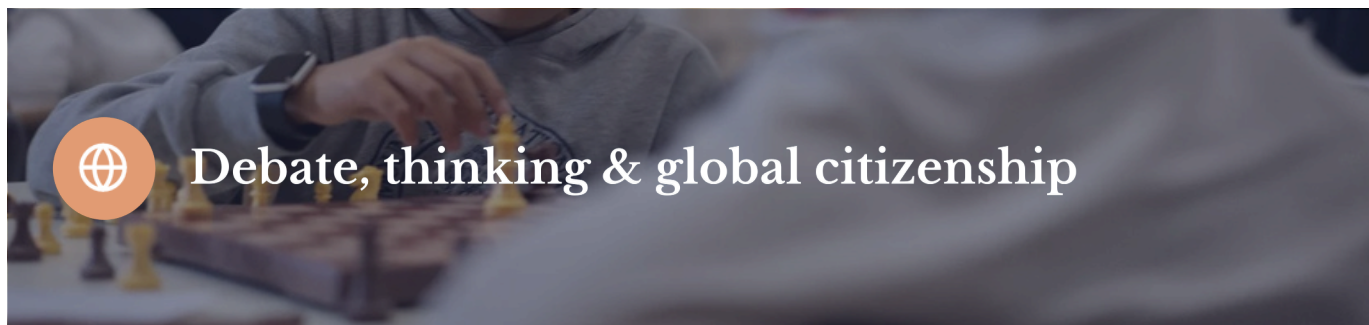

Calling all young actors! Step into a world of imagination as children bring their favorite book characters and stories to life through drama, storytelling, role-play, and creative play. From fairy tales and adventures to beloved picture books, young performers will explore characters, act out exciting scenes, and create stories of their own while discovering the magic of theatre. Along the way, children will develop confidence, communication, creativity, collaboration, and self-expression in a fun and supportive environment.

Violin

ES FEE APPLIES

Wednesday · Grade 1 – Grade 5

Violin at Marymount gives students the opportunity to develop their creative, musical skills as they learn to play beginner open string pieces on one of the school's violins. Students will enjoy both solo and ensemble performances as they enhance their cognitive development, becoming risk-takers as they discover a new instrument and music theory, and reflective thinkers as they appraise their own performances and listen to others. The 'Beginner' section is for true beginners, while the 'Intermediate' section is for students with some previous experience. Students who do not own a violin can rent one from the school for a fee of €50.

Chess

ES MS HS FEE APPLIES

Elementary Wednesday, Grade 1 – Grade 5 · Middle and High School Tuesday, Grades 8–12

Chess is a stellar way to improve focus, concentration, and strategic thinking. Each week, students study a new move and are paired with a new opponent. This club is designed for beginners hoping to learn the game for the first time, as well as intermediate players who are still refining their basic skills through hands-on practice by competing with equally matched peers.

Deep Reading Club

HS FEE APPLIES

Thursday

We are told, more and more, to think of our minds as processors, our choices as algorithms, our relationships as data exchanges. But is that actually what we are? This club exists for students who want to slow down and think hard, reading profound, demanding texts closely, together, rather than skimming for information. Our first text is Pope Leo XIV's recent encyclical *Magnifica Humanitas*, which puts a question back at the centre of public life: what does it mean to be human? We'll follow with challenging thinkers such as Edith Stein and Teilhard de Chardin. Across all the texts, we will read and think through consciousness, relationship, conscience, and transcendence, capacities that no mechanism, technological or evolutionary, can fully explain. What happens when we meet another person not as a set of data points, but as an irreducible presence? Can meaning be manufactured, or only discovered? This is a discussion-driven club for serious readers who want sustained argument over surface-level debate. It's excellent preparation for university-level philosophy, theology, and the humanities.

Eco Explorers

ES

FEE APPLIES

Thursday · Kindergarten – Grade 2

Eco Explorers is a nature-themed club where young adventurers learn about the Earth through hands-on activities, crafts, and outdoor discovery. Each week, students will explore topics like plants, animals, recycling, and caring for the planet. From making bird feeders and bug hotels to going on mini nature walks and creating art with natural materials, this club encourages curiosity, kindness to the Earth, and a love of the outdoors.

Game On! Board Games Club

ES

FEE APPLIES

Tuesday · Grade 1 – Grade 5

Game On! Board Games Club gives students the chance to unplug, play, laugh, think, and connect with friends through classic and strategy-based board games. Students will enjoy a variety of games that encourage counting, problem-solving, logical thinking, planning, cooperation, turn-taking, and good sportsmanship. From simple games of chance to more challenging strategy games, students will build confidence, practice social skills, and learn the important art of both winning and losing graciously, all while having fun.

Model United Nations

MS

HS

FREE

Middle School Wednesday, Grades 6–8 · High School Thursday

Middle School. The Middle School Model United Nations Club (MSMUN) is an afterschool activity which teaches real Assembly meetings.

students about debating, diplomacy and international relations. This extra-curricular activity aims to give students an enriching opportunity to develop their knowledge and skills as they engage in resolving international issues from the United Nations (UN) agenda. In our weekly sessions we learn about the UN's history and operations, global issues, and the skills needed to debate and resolve conflicts. The objective is ultimately to participate at Middle School MUN conferences, representing Marymount with professionalism. Students work towards producing policy papers through debate in semester one, and competitions in semester two. Subject to the numbers of experienced students, we may attend MUN conferences in the first semester, with Grades 7 and 8 students given priority. The skills learnt in MSMUN are put to use in simulations of UN General Assembly meetings.

High School. Model United Nations (MUN) is a simulation activity that is popular in schools across the world. MUN teaches us about urgent issues in the world today, and how one can take different perspectives on these issues. We learn how to research countries and issues, how to write resolutions, collaborate with others, give speeches, and how to debate. We train very actively for MUN conferences that take place in Europe.

History Reading

HS FEE APPLIES

Tuesday

History Reading club is a new opportunity for students who love History and are considering it for IB/AP, or who are already signed up to our IB or AP courses. Each week you choose the topic. Revolutions, empires, assassinations, propaganda, plagues, whatever peaks your interest. I find the reading. You turn up ready to dive in, explore and argue. This club should challenge and engage ambitious students, helping prepare them for university life through research, source interrogation and weighing evidence in ways that underpin serious historical study.

Literary Seminar

HS FREE

Tuesday · Grades 9–12

The Literary Seminar is an invitation to engage with literature the way university students do, through open, ambitious discussion that goes beyond the classroom. Designed for High School students who are hungry to be challenged, these seminars bring together curious, high-achieving readers to explore a carefully curated selection of works spanning different genres, voices, and time periods, beginning with short stories and evolving, with the group's input, as the year progresses. At the heart of each session is conversation: close reading, debate, and the kind of critical reflection that sharpens both thinking and expression. Students don't just study literature here, they argue with it, question it, and make it their own, laying the groundwork for the kind of critical thinking required in higher-level English courses.

Philosophy Club

HS FEE APPLIES

Wednesday

Inquiry led discussions focused exclusively on some of the most dramatic dialogues of one of the most profound and influential thinkers in human history, Plato. Students will engage specifically with the Euthyphro, the Apology, the Crito and the Phaedo.

Young Archaeologists

MS FEE APPLIES

Thursday

Discover 2000+ years of history right on our doorstep. In the Young Archaeologists Club, you will become a real archaeologist: visiting archaeological sites, handling genuine artefacts like ancient pottery and marble, and completing workshops such as Roman mosaic or fresco painting. Working alongside expert faculty and professional archaeologists, you will research, document, and present real discoveries, including an ancient Roman road and Latin inscriptions (tombstones!) unearthed right here at Marymount!

Public Speaking

ES FEE APPLIES

Thursday · Grade 3 – Grade 5

Public Speaking Club is designed to help students build confidence, improve communication skills, and find their voice in a fun and encouraging setting. Through games, group activities, and short presentations, students will learn how to express their ideas clearly, speak in front of others, and listen actively. The club covers the basics of speech writing, body language, and vocal expression, while also helping students overcome any nerves about speaking aloud.

Sport & wellbeing

A medical certificate is required for every activity in this section.

American Touch Football

ES

MS

FEE PAID DIRECTLY TO EXTERNAL PROVIDER

Elementary Monday, Grades 4-5 · Middle School Friday

American Touch Football introduces students to the fundamentals of American football in a fun, safe, non-contact format. Working with qualified coaches from ASD Roma Mavericks, children will learn the basic rules and skills of the game while building teamwork, agility, and coordination in a supportive environment. The program is inclusive and open to all skill levels, with an emphasis on respect, fair play, and having fun. This activity is organised and paid for directly through ASD Roma Mavericks, an external collaborator, and the cost is set independently by them rather than following the standard Marymount per-activity fee. Further details will be shared after sign-up.

Badminton

ES

FEE APPLIES

Thursday · Grade 4 – Grade 5

Join our exciting badminton program where students will learn the dynamic sport of badminton, a fast-paced racquet game that combines agility, strategy, and coordination. This activity not only promotes physical fitness and healthy competition but also enhances concentration, teamwork, and sportsmanship. Participants will master fundamental skills such as serving, smashing, and footwork through engaging drills and friendly matches. As they progress, students will have the opportunity to participate in a mini-tournament, showcasing their improved skills and newfound confidence.

Basketball

ES MS FEE APPLIES

Elementary Tuesday, Grade 3 – Grade 5 · Middle School Wednesday and Friday, Grades 6–8

Elementary School. Dribble, pass, shoot, and score! Join us on the court to build basketball skills, play exciting games, and make new friends. Whether you are brand-new to the sport or already a hoops fan, you will learn the rules, practice teamwork, and stay active in a fun, supportive environment. Come be part of the action!

Middle School. Join the team and hit the court! Our middle school basketball program helps students in grades 6–8 build fundamental skills, develop teamwork, and grow a love for the game. Whether you're a seasoned player or just starting out, you'll improve your technique, stay active, and have fun competing with friends. Practices focus on skill development, sportsmanship, and game strategies. Come ready to hustle, learn, and play hard!

Creative Movement

ECC ES FEE APPLIES

EC2 – Grade 1 Tuesday · Grade 2 – Grade 5 Thursday

Creative Movement Club is a blend of music, dance, and active fun for young children. Through engaging activities like freeze dance, Zumba, and mini choreography combinations, the students will use movement to build coordination, and unleash their energy. This club fosters creativity, builds social skills, and promotes physical activity in an uplifting, musical environment.

Gaelic Football

ES FEE APPLIES

Wednesday · Grade 3 – Grade 5

Step into the exciting world of Gaelic football with our beginner after-school program! Gaelic football is deeply rooted in Irish culture and is known for its high energy, strategic depth, and community spirit. It is an exciting and fast-paced team sport that combines elements of soccer and rugby. Perfect for new players, this program introduces students to the fundamentals of this dynamic sport, kicking, hand passing, ball pick up, and scoring, while understanding the rules and strategies of the game. Emphasizing teamwork and sportsmanship, our sessions are designed to be engaging and fun, with plenty of opportunities for practice and friendly competition.

Horseback Riding

ES

FEE PAID DIRECTLY TO EXTERNAL PROVIDER

Monday · Grade 1 – Grade 5

We are delighted to invite your children to enjoy a wonderful year with horses at Parco dell'Insugherata. Students will have the opportunity to get to know these amazing animals, build a special bond with them, and learn how to groom, feed and care for them. They will also be introduced to the basics of riding, including walking, trotting, changing direction, and learning how to start and stop safely. Along the way, children will develop confidence, responsibility and practical riding skills while having fun and learning together. In May, we will celebrate the children's achievements with a special afternoon for parents, including a dedicated riding show. Throughout the year, Parco dell'Insugherata will also organise several Horse Days at weekends, which Marymount families will be invited to join. This activity is organised and paid for directly through Parco dell'Insugherata, an external collaborator, rather than through the school.

Irish Dancing

ECC

ES

FEE APPLIES

EC2 – Grade 1 Wednesday · Grade 2 – Grade 5 Thursday

Irish Dancing is renowned all over the world! Have you thought of trying it out for yourself? Here is your opportunity! Irish dancing is characterized by a rigid upper body and intricate footwork. There are various forms of Irish dancing, all of which will be touched upon in the classes: formal Irish dancing, with various solo dances and footwork; Ceili dancing, team-based dancing performed in twos, fours, eights and more; and Sean-Nos dancing, the oldest form of Irish dancing, which involves a low level of intensity but intricate footwork to create beautiful rhythms. There are two types of shoes used in Irish dancing, the soft shoe and the hard shoe. As this will be a beginner class, only soft shoe, ballet type pumps will be needed.

Karate

ES MS HS FEE APPLIES

Elementary Grades 1–2 Tuesday, Grades 3–5
Thursday · Middle and High School Monday

The course aims to develop motor and coordination skills in students of a young age by performing exercises that include complex movements in different directions (KATA).

Elementary School. Students begin to familiarize themselves with their body and its components, with static and dynamic positions, and with their emotions. Beginners start to understand the complexity of the required exercises and, by overcoming these challenges, they acquire greater self-esteem. Progress is recognized by the master with the reward of graduating to the next belt, allowing students to strengthen their character, confidence, and personal abilities.

Middle and High School — Karate and Personal Defense. To achieve these results the students begin to become familiar with their body and its various components (upper and lower limbs), with static and dynamic positions (frontal, lateral and backward) and with their emotions (joy, satisfaction, anxiety and fear) trying to deal gradually with the difficulties that begin to manifest themselves. Students' character is strengthened through this activity and there is an evident increase in self-belief. For students in puberty or adolescence, in addition to the development of the psycho-physical skills described above, the course allows the student to begin to face a battle against a direct opponent. Medical certificate required.

Move & Groove

ECC ES FEE APPLIES

Wednesday · EC2 – Kindergarten

Get ready to move, dance, and have fun! Through creative movement, dance games, and rhythm activities, children will explore different ways to move their bodies while having fun with friends. Along the way, they will develop coordination, balance, body awareness, confidence, self-expression, listening skills, and teamwork in an active and supportive environment.

Soccer

ECC ES MS FEE APPLIES

EC2 – Kindergarten Wednesday · Grade 1 Tuesday ·
Grade 2 Tuesday and Thursday · Grades 3–5
Thursday and Friday · Middle School Thursday

Students are involved in training sessions to refine their ball control, passing and dribbling skills as well as body control. The sessions also improve participants' general physical fitness by working on strength, speed, and endurance. Sessions are held separately for boys and girls and are led by our Elementary School soccer coach with support from a wider team of experienced coaches. EC2 and Kindergarten limited to 20 students.

Sports and Games

ES

FEE APPLIES

Grades 1–2 Tuesday · Grades 3–5 Thursday

Sports and Games is an introduction to athletics and the fundamentals of varsity sports with a MMI PE teacher. Students learn the basics of sports including volleyball, basketball, and cross country, and undertake training routines focused on developing endurance, agility, strength, and speed, including training with light weights and equipment such as ropes, tires, and sandbags. A variety of outdoor team games such as ultimate frisbee, power fitness, kickball, foot cricket, and foursquare are introduced.

Swimming

ECC

ES

FEE PAID DIRECTLY TO EXTERNAL PROVIDER

Friday · EC2 – Grade 5

Swimming is one of the most important sports for the development and psycho-motor growth of a child. The Beginners course is offered to children between the ages of 4 and 7 (EC2 and above), using a playful motor teaching method as children approach their first floats, propulsions, and apneas. Children aged 7 and onwards learn to perfect different swimming strokes while being followed by qualified instructors in both the technical and behavioral aspects of their lesson. Lessons run once a week for the whole academic year, from September to June, and students who complete the year receive a swimming certificate. This activity requires a medical certificate for students over 6 years of age.

Children are required to bring a swimming costume, cap, and flip flops; payment is made in one installment for the year after the first lesson.

Track

ES

FEE APPLIES

Thursday · Grade 3 – Grade 5

The Track Club is open to all students eager to lace up their sneakers and hit the ground running! Whether a beginner or experienced, our club is designed to help students build confidence, improve fitness, and have fun with friends, with activities including fun runs, sprints and relays, endurance runs, and interval training.

Volleyball

MS

FEE APPLIES

Wednesday and Friday

In this sport, students will learn fundamental volleyball skills, including serving, passing, setting, and basic offensive and defensive strategies. Activities will focus on skill development, rule understanding, and team play through drills and modified games. Volleyball supports the development of motor skills, hand-eye coordination, and spatial awareness. It also reinforces communication, teamwork, and strategic thinking in a group setting. Medical certificate required.

Early Childhood Centre care programs

Early Birds

ECC FREE

Monday – Friday, 8:00–8:30 · EC – Kindergarten
An extended program is available from 8:00 am - 8:30 am in the Early Childhood building. Calm morning activities such as art and reading are offered under the supervision of Marymount teachers and teacher assistants. Kindergarten Early Birds takes place in the Elementary School building.

REGISTRATION

Register by 9 September 2026

Please register students for activities by filling out the electronic form no later than Wednesday, September 9th. After submitting the electronic form, you will receive an email with the choices selected directly from Google Forms.

Please wait until you receive the invoice from the Business Office before making any payment. Once the invoice has been sent to you, you may proceed with the payment according to the instructions provided. There is no need to wait for confirmation of your child's registration from the Afterschool Coordinators.

A minimum of 8 students is necessary for each activity to take place. The School reserves the right to cancel an activity due to insufficient numbers. The school will inform families if an activity will not run.

[Open the registration form](#)

To register, use the email address we have on file for your child.

General information

This section contains information on how to register for activities, costs, transport and dismissal. The purpose of this document is to provide a provisional overview of the activities Marymount intends to offer.

1. Session

Yearlong activities: 14 September 2026 – 4 June 2027. All activities are offered on a yearly basis. Secondary School after-school activities are suspended during semester examination sessions.

2. Medical certificates

Parents are advised that students participating in after-school dance, sporting activities, Middle School Sports Program or Varsity Teams are required to obtain a medical certificate from an Italian doctor ("Certificato Medico per attività sportive non-agonistiche"), which has a maximum validity of one year. The certificate must be filed with the School Nurse no later than Friday 18 September.

General Practitioners and clinics release a medical certificate for sport related purposes. For your reference, some clinics you may contact: Villa Mafalda, ARSMedica, Paideia International Hospital, Nuova Villa Claudia.

3. Yearlong fees

Fees for registering students in after-school activities are listed below. All fees are per student and apply across all four school divisions.

YEARLONG ACTIVITY	FEE
1 day a week	€ 700
2 days a week	€ 900
3 days a week	€ 1,150
4 days a week	€ 1,400
5 days a week	€ 1,600

The cost of several activities is borne by the School and these are consequently available to the students free of charge. These are marked Free in "Part one" of this brochure and shown in green in the timetables. Please note that places on these courses will be given on a first-come, first-served basis, and consistent attendance is a requirement, otherwise the place on the course will be given to another student. Families registering for free activities are still required to complete the registration form.

Some activities are subject to a different fee structure, whilst some few others should be paid for directly to an external provider. Where this is the case, it is noted in the relevant activity descriptions. For any additional information regarding payment, please contact the Business Office at business@marymountrome.com or at +39 06 36291031.

4. Behaviour

Students participating in after-school activities are expected to meet the behavioral standards we have in place during the school day. The School reserves the right to remove students from activities for poor behavior without any refund.

5. Rain

Outdoor activities will be canceled if weather conditions are unfavorable. Families will be informed by the Attendance Office.

6. Payments

Please note that submission of the registration form does not result in the immediate issuance of an invoice. Please wait until you receive an invoice before making any payment. Once the invoice is issued from the Business Office, payment is due within seven days.

A minimum of 8 students is necessary for each activity to take place. The School reserves the right to cancel an activity due to insufficient numbers.

8. Dismissal

Elementary School: After-school activities run from 15:45 to 16:45. Students are dismissed from the Patio at 16:45. From 16:50, students will be dismissed from the Elementary School Lobby.

Secondary School: After-school activities run from 15:45 to 16:55 for Secondary School. Students must be picked up promptly if not catching the late bus. If your child will not attend the after-school activity, please report their absence via the PowerSchool Parent Portal indicating a reason for the absence. If your child or children is or are being picked up by someone other than a parent or guardian, the attendance office must be notified beforehand. We kindly ask all parents to adhere to these dismissal times and procedures.

9. Attendance

In order to participate in their after-school activities, students must have been in full attendance at school on that day. There is an expectation that all students registered for after-school activities will attend their programs. Students are not to remain on campus after school if they are not attending an activity unless fully supervised by a parent or guardian. If students registered for after-school activities are found on campus not attending their program, parents will be called for an immediate pick-up and the School reserves the right to remove the student from the activity without any refund.

10. Cancellation and refunds

If a family withdraws a student voluntarily, the annual fee is not refunded, including where the student then does not attend. Once an enrolment is confirmed, the School organises the activity and commits staff and resources on the basis of the number of registered students.

If the School cancels an activity, families receive a full refund, or a pro-rata refund depending on when the cancellation takes place. Exceptional circumstances, supported by documentation, are considered case by case, and any refund remains at the School's discretion.

11. Activities managed by external providers

Some activities are paid directly to an external provider. For these, payment, cancellation terms and any other financial arrangements are agreed between the family and the provider, not the School.
