

A background image showing a group of students in a classroom, with a pink overlay. The students are looking at their work, and one boy in the foreground is smiling.

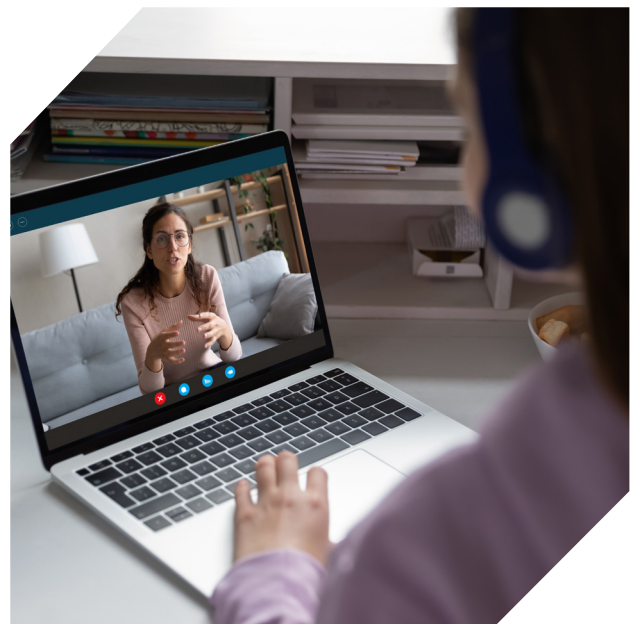

Success Coaching

Supercharge student success with personalized virtual coaching

We know that building strong relationships with students has a major impact on their academic outcomes, giving them the reassurance to stick with challenging tasks, enjoy working hard, and know that it's okay to make mistakes when learning. When students need help staying on task, motivated, or accountable, Edmentum's Success Coaches are there to cheer them on with personalized support that lights a path to achievement.

Designed as a powerful extra layer of support for EdOptions Academy and ALVS students in grades 6–12, Success Coaching uses strategic and proactive methods to help students prioritize, communicate, and self-advocate. Parents and guardians are also encouraged to participate in these check-ins whenever possible, helping to keep everyone in the student's corner.

“[They] helped to motivate, guide, and encourage my child [and] provided a weekly plan on how to best tackle assignments based on my child’s own needs.”

— Parent of EdOptions Academy Student

Support individual needs

Our experienced and trained Success Coaches engage students throughout their virtual learning journey, helping to maximize each learner's academic potential.

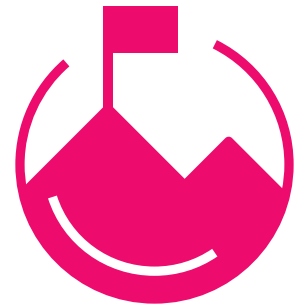

Direction Through Connection

During and between their 1:1 sessions, coaches celebrate wins, send reminders, and provide progress updates that help students build the necessary skills to navigate their virtual learning journeys.

Personalized Learning Design

Coaches tailor their support to meet the needs of each individual student by planning proactive discussions on relevant topics and building opportunities to address unique needs.

Paths to Success

District and school staff receive summary reporting immediately following each scheduled session, providing transparent documentation that logs the support provided to each student.
