On-site Dental Services

Students receive
preventive dental
services to prevent and
control dental decay

Dental Treatments Include

- Toothbrush cleanings and scaling
- Sealants
- Fluoride Varnish Application
- Oral Hygiene Instruction
- Silver Diamine Fluoride Application

Classroom Education

Students are taught an oral
health curriculum based on
the science of a healthy oral
lifestyle

Dental Referrals

RSS contact families of
urgent-need children
to refer them to our
partner clinics for
comprehensive care

COMMUNITY EDUCATION
