Back to School Curriculum Update

Board Presentation

September 2, 2026

Kicking Off the New Year

August 10th

All elementary teachers were trained in our updated elementary ELA program, Magnetic Literacy

Middle School ELA

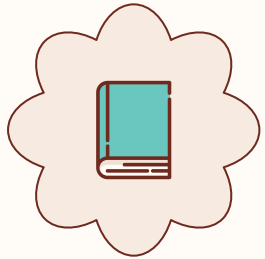

CommonLit 360

Full day training session on August 28th with follow up online sessions; as well as continued on site support in October

My Perspectives

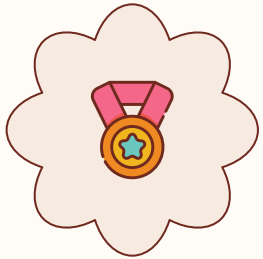

Half day training on August 7th; full day training session on Friday, September 4

Sonday Training Sessions

Program Approach

- Explicit and direct
- Systematic and Cumulative
- Multisensory
- Diagnostic and Prescriptive

Error Feedback

- Technical in nature
- Consistency matters
- Practice builds good habits

New Teacher Supports

Orientation

August 7th
“Big picture” at the DO
Logistics at the site

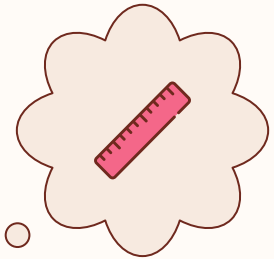

Foundational

Magnetic Literacy Foundational Skills Session; Small Group Session

Math

iReady Classroom Mathematics Sessions

Science

Amplify digital and planning supports

iReady Inform Assessment

- Previously called the iReady Diagnostic
- Now called the iReady Inform, to align with the purpose of administration, to inform instruction
- Students in grade first through eighth grade have completed the reading and math assessment
- Principals and teachers are currently reviewing data
