SCHOOL-FAMILY-STUDENT LEARNING COMPACT

School-Family-Student Agreement for Improving Student Achievement

This agreement is a pledge to work together to share responsibility for promoting student learning, high achievement, and success in school. This compact is aligned with our School Improvement Plan priorities to promote student learning, student attendance, and a positive school climate.

As a school, we will	As a family, we will	As a student, I will
Provide communication through announcements, School Messenger emails, Class Dojo, Schoology, PHES website, HAC, weekly newsletters, and student folders to keep parents and students informed of upcoming events.	Check student folders, notebooks, Class Dojo, Schoology, and email daily for information from the school and teachers.	Make sure that I share my schoolwork and communications from my school folder with my family each night.
Communicate regularly with family and students regarding students' academic progress and behavior through our Positive Behavior Intervention Program, PHES student folders, Schoology, report cards, conferences, Class Dojo, notes, e-mail, and phone calls.	Be prompt in responding to the school communications when requested. Make sure my child attends school regularly and on time. Make sure our family attends school functions as often as possible.	Talk with family members about what I learned in school. Attend school every day and be on time.
Create a positive school climate through our PBIS program to ensure a safe, learning-conducive environment.	Monitoring my child's progress through the student folder and letting the teacher know right away if I notice any problems. Encourage my child to follow the school rules.	Be safe, responsible, respectful, and ready to learn each day.
Involve parents in making decisions about school policies and academic priorities through SIT, Parent Nights, surveys, and PTA. Provide workshop opportunities through Title I Reading and Math Nights to help parents enhance their skills in supporting students with reading and math.	Attend parent/teacher conferences, parent workshops, and as many SIT and PTA meetings as possible during the school year. Complete surveys online and for in-person events.	Show respect by following the rules and getting along with others. Come to school prepared to learn each day. Encourage my family to attend school activities with me.
Assign homework that is a relevant review of class work.	Check that all homework is completed. Spend time reviewing the agenda book and student folder while talking to my child about school.	Review my student folder and complete all my homework each night.
Set high standards for student learning. Provide high-quality instruction in all subjects, along with enrichment and support opportunities for students.	Have high expectations and encourage our child to do their best every day. Use the online books from the Clever app/website to read with my child each day and help my child master math facts.	Put forth my best effort, read each day, and practice math facts daily.
