Los Lunas Schools

Student/Parent/School Compact 2026-2027

The purpose of this compact is to foster a relationship with the student, parents and school to help all children achieve academic success. It is the school's responsibility to provide all students with a high quality education and provide a support system, a safe and comfortable learning environment. The school must provide a system of communication between parents and school, such as parent/teacher conferences, open houses, progress reports of student progress sent home, opportunities for parents to volunteer at the school and in the classroom. More importantly, ensure that the academic needs for each student are being met.

As a Parent, I will support my child's learning by the following:

- Sending my child to school regularly.
- Providing an environment that is quiet to study.
- Establish study time vs play time.
- Attend parent/teacher conferences.
- Support reading every day.

As a Teacher, I will encourage and support student learning by the following:

- Respect cultural, racial and ethnic differences.
- Demonstrate care and support for each student.
- Provide information to parents regarding state standards and benchmarks, district goals, curriculum to be used and how these items will be used to help each student reach academic success.
- Provide supplies, materials, and textbooks that support instruction.
- Ensure that time in the classroom meets the state's academic learning time.
- Provide parents with student scores in the following: Standards Based Assessment, short cycle assessments and other assessments as required by the state or provided in the district.
