Student Academic Support
Middle & High School

Fellowship is a rigorous college preparatory school. The Student Academic Support (SAS) program can accommodate students with mild learning challenges. The SAS program's mission is to empower students with opportunities to maximize their learning abilities in order to reach their highest academic potential.

Each student is evaluated through the admissions process to determine the level of support needed to be academically successful within the Fellowship program. The level of support is determined by the Student Academic Support team based on the documentation provided. Fellowship is not equipped to provide support for behavior challenges, accommodations beyond those listed below or any modification that fundamentally alters the college preparatory program.

Level 1

Testing Accommodations: Standardized Testing & Final Exams

Students are provided testing accommodations for both standardized testing and final exams at Fellowship.

Accommodations for classroom assessments are not included in this level.

***Level 1 fee: $900 / year**

Level 2

Classroom & Testing Accommodations

Students are provided testing and classroom accommodations within the classroom setting.

Students are also provided accommodations for standardized testing and final exams.

***Level 2 fee: $1700 / year**

Level 3

Classroom & Testing Accommodations with a scheduled Learning Lab Class

Students are provided testing and classroom accommodations in the classroom.

Level 3 includes a learning lab class providing general guidance with executive functioning skills.
