

Taking TriMet Service to the Marshall Campus for Cleveland High School Students

Dear Cleveland High School Families,

On behalf of TriMet, I want to apologize for the overcrowded buses and missed trips that Cleveland High School students have been experiencing on their way to and from the Marshall campus. Much of this issue is the result of the way TriMet's Trip Planner directed students to consolidate their trips onto two bus lines: Lines 9-Powell and Line 17-Holgate. Unfortunately, this has resulted in over-capacity buses and missed trips.

From the beginning, our goal has been to spread students across the many buses that travel east/west through SE Portland to the Green Line MAX and ride the Green Line to the SE Powell Blvd. MAX Station. The SE Powell Blvd. MAX Station is a short walk to the Marshall Campus and is how many Franklin, Grant, and Benson High School students accessed the school during their own closures. The MAX trains have more capacity than buses and will not overload.

Below are specific itineraries for students within walking distance of:

- SE Belmont St.:** Ride Line 15-Belmont to the SE Main St. MAX Station and transfer to the Green Line MAX. Ride 2 stops to the SE Powell Blvd. MAX Station and walk to the Marshall campus. Go to the trip planner at www.trimet.org to determine what time your student should leave. Be sure to enter "SE Powell Blvd. MAX Station" into the destination field. Do not enter "Marshall High School" into the destination field.
- SE Hawthorne Blvd., SE 50th:** Ride Line 14-Hawthorne to SE Powell Blvd. and SE 50th Ave. and transfer to Line 9-Powell. Ride Line 9-Powell to SE 86th Ave. and walk to the Marshall campus. One additional morning trip has been added to Line 9-Powell, scheduled to arrive 3 minutes earlier than the originally scheduled trip. This trip will not show up in the TriMet Trip Planner, as it is still being updated. Go to the trip planner at www.trimet.org to determine what time your student should leave.
- SE Division St.:** Ride Line FX2-Division to the SE Division St. MAX Station and transfer to the Green Line MAX. Ride 1 stop to the SE Powell Blvd. MAX Station and walk to the Marshall campus. Go to the trip planner at www.trimet.org to determine what time your student should leave. Be sure to enter "SE Powell Blvd. MAX Station" into the destination field. Do not enter "Marshall High School" into the destination field.
- Powell Blvd.:** Ride Line 9-Powell to SE 86th Ave. and walk to the Marshall campus. One additional morning trip has been added to Line 9-Powell, scheduled to arrive 3 minutes earlier than the originally scheduled trip. Ride 4 stops to SE Powell Blvd. MAX Station and walk to the Marshall campus, *(note, there is only one trip in the morning and one trip in the afternoon that goes to SE Fuller Rd. MAX Station. All other Line 40 trips go to the Clackamas Town Center MAX Station)*. Go to the trip planner at www.trimet.org to determine what time your student should leave. Students should take the same bus/MAX lines on their return trips. Lines FX2-Division, 9-Powell, 14-Hawthorne, and 17-Holgate operate service every 15 minutes in each direction. Students can take an earlier trip to ensure that they arrive at school on time. Please go to comments@trimet.org if you have further questions or concerns.
