ANNUAL ADDRESS VERIFICATION

Welcome to the 2026–27 School Year!

Each year, families are asked to review and acknowledge important information, including contact and emergency details, district policies, and survey preferences. This information is available in ParentVUE for your review. Thank you for logging in and taking the time to complete this process.

Annual address verification

If you're prompted to complete a registration packet, don't worry — this does not mean your child has been un-enrolled or dropped from their school. Your child's enrollment is secure. This is a routine request, one-a-year.

Arizona law requires school districts to verify each family's address every year. You'll meet this requirement by completing the Health, Emergency, and Address Information packet — or any other 2026–27 registration packet — in ParentVUE. Families who registered or updated their information this spring have already met this requirement.

After midnight on July 23, families who haven't yet completed this step will see a notification when they log into ParentVUE and will be guided to Online Registration to finish the packet. Once it's done, you'll have full access to the rest of your ParentVUE account.

Using the mobile app?

The ParentVUE and StudentVUE apps have a new version, and the older one is no longer supported. When you log in, you may be prompted to update — it takes less than a minute. After updating, you'll reconnect to Kyrene School District and then select "**Already Activated**" to get back into your existing account.

If you have any questions or need help accessing your account, please don't hesitate to reach out.
