What is a Skills Center?

Skills Centers are part of the K-12 Public Education System

Skills Centers operate as an extension of the student's high school

Skills Centers were designed to offer high schools in a local region high quality career and technical education programs

What is CTE?

Career and Technical Education programs prepare students to be college and career-ready by integrating academic, employability, and technical skills. Through clear career pathways and postsecondary partnerships, we provide our students with rigorous and relevant curriculum that will allow them to successfully transition to life after high school graduation.

Why is New Market Different?

Instructors come from industry

Programs reflect industry standards and environments as much as possible

Work-based credit, internships, job shadows, and apprenticeship opportunities

SkillsUSA Competitions

CTE Dual Credits available in most programs

In partnership with DigiPen Institute of Technology this program begins with a focus on traditional art skills and moves into professional production animation with 2D and 3D digital modeling and video game applications.

3 Equivalency Credits:
- 1 Fine Art
- 2 CTE/Elective

Credentialing Options:
- 21st Century Skills Certification
- CTE Dual Credits

Video Game Programming - AP

DigiPen Institute of Technology partnership program.

Program using C, C++, C# and Unity to learn the development of video games and virtual reality applications.

3 Equivalency Credits:
- 1 Fine Art
- 1 3rd year Math
- 1 CTE/Elective

Credentialing Options:
- Computer Science AP Exam
- Unity User Certified
- Unreal Certification
- CTE Dual Credits

Worksite Learning

Worksite Learning is available to all students enrolled in a program at New Market.

Must be at least 16 years old.

Must be employed and work a minimum number of hours.

Students can earn .5 credit per 180 hours worked!

What is the enrollment process?

- You must be a junior or senior to apply.
- Attend one of our consortium or partnering high schools.
- Apply on our website when registration opens mid February - apply early (even non-consortium), applications are time-stamped!
- Counselor approval is required as we coordinate schedules with your sending high school.
- Approved students are placed based on program availability. Students who are not placed will be moved to the waitlist.
- Acceptance letters will go out around the end of March.
- Non-consortium applicants from partnering high schools are then placed.
- Early registration submission does not guarantee placement!
