Dedication

Dedication

MR. LARRY SHAW

MR. LOUIS MUSSO

Two score and four years ago our school was brought forth upon this ground. Four years ago two men, conceived in education and dedicated to the proposition that all men be educated, began their teaching careers at Newport High School.

Now we are engaged in a great purpose; we are to dedicate the "Bruin" of 1963 to these two men. It is altogether fitting and proper that we should do this.

The world will little note, nor long remember, what we write in the "Bruin", but we shall never forget what these two men have done for us.

It is these two men who have helped us so willingly and commendably to prepare for the world ahead of us.

So with a feeling of gratitude we dedicate the 1963 "Bruin" to MR. SHAW and MR. MUSSO.

Superintendent

Heartiest congratulations, Newport High School Annual Staff, on your most excellent year book. Another project completed, and in the background hours of effort that go into a book of this kind. May this annual be cherished by all as a monument to the accomplishments of the year 1962-1963.

Seniors of the class of 1963, may your memories of Newport High School always be bright. You have now achieved another of life's goals. Congratulations to you all. May my best wishes for life's successes go with you.

George H. Anderson
Superintendent

Principal

Our society today is undergoing tremendous changes, in fact, the tempo of change is so great that it is an impossibility to state, definitely, just where we are at any given moment. It is so much easier to see where we have been than to discern whither we are tending, and yet, perhaps, our greatest task lies in making this determination, and we can best make this determination by and through education.

Education is our most cherished privilege. By and through education each of us prepares himself to share and shoulder our part in maintaining a strong and free America and her way of life. Those of you who have taken part, in full, in high school, its studies, and its opportunities, and its activities will find that you are better able to combat those ideologies which are dedicated to overwhelming our way of life.

Our sincere best wishes to each of you on past accomplishments, and our hopes for greater achievements for each of you in the life which lies ahead of you.

From We Who Were Here

We pause to turn and take

a backward glance at our year past, and we behold

many things dear to us.

The portals we entered at the start of our day.

The classrooms, the staircases, the corridors.

The athletic field. The voices, the faces, the places,

times, and events.

Our friends were here,

with whom we studied and played. And our

teachers, who inspired and guided us in our search

of wisdom and truth.

We learned to study, to work and to play.

We learned the fierce intensity of

loyalty.....the glory of victories and the

desolation of defeat.

But these things we learned to accept with dignity as we

prepared to accept new challenges on a day

that will come.

But these are only memories. The record has been

written, and we are proud.

We know that the passing of time will fade the colors

and obscure the forms of the kaleidoscope,

and finally, they will be

dissolved into the mists of infinity.

Then....there is only the record.

We are glad that our fortunes let us walk this way

Sports Snapshots

G rizzlies was the name they chose
To represent our school.
R ight they were we prove each year
In contest, game, or duel.
I f in a year we do not win,
Our Grizzlies still are great---
Z ealous and undaunted
As the contests they await;
Z esty, proud, in every game
They do their best to win.
L ose, win, or draw, they always keep
Their cheery, hopeful grin.
I n years to come this we'll recall
Of dear old high school days:
E ach word and deed their hope portrayed
At all times, in all ways;
S pecial, grand, and much, much more---
The Grizzlies great--OUR team.
