HOMECOMING . . .

Wednesday, October 17, 1984, marked the beginning of what turned out to be a roaring hot Homecoming celebration. The students decorated both the halls and themselves for sizzling class competitions. Leading the pack with their sunglasses on to protect their eyes from the intense, burning enthusiasm are Kathy Arend and Cynthia Cornell.

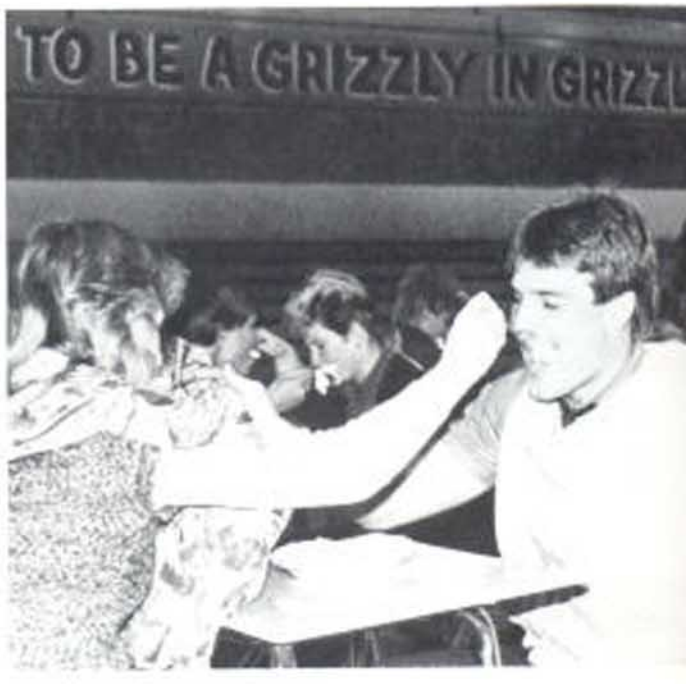

Hawaiian Day was a tremendous success. To the right, Adrienne, Robbert, and Melanie modeled the latest in chic beachwear. Fashion essentials included leis, mou-mous, and cameras for that extra touch.

Teachers were not to be excluded from the fun, but all the heated spirit made Mr. Hahn hungry. Mrs. Campbell was on hand to provide some assistance. Mike Goertzen and Danielle Best engaged in feeding their faces in the background.

BLAKE'S CAR SMASHED BY PR STUDENTS

School spirit at it's best!

The seniors mimicked their favorite cartoon characters. The juniors presented themselves as nerds donning borrowed basement treasures. The sophomore guys dressed up like girls, and the sophomore girls dressed up like guys. The freshmen were slaves for the day, and wore what their masters commanded them to, although some of the lucky ones dressed up as rockers. Pictured to the left are pace-setting juniors, Ronda, Angie, Jennifer, Yvette, Kris, and Debbie. In case you are wondering who the recipient is underneath all those scarves and such, in the picture below and to the right, it's Newport High's very own Mrs. Herron. She, and other faculty members lent their faces to some of the students who were winners of a pie-in-the-face raffle.

George Ford did the honors for Mrs. Herron. The event was part of Friday's pep assembly. Next to George and Mrs. Herron is Cathi Carpenter and her loving masters.

WHAT A SEASON . . .

What A Season

Yes, what a season for the Grizzlies! With a 5-9 record, the Grizzlies still seemed to keep their enthusiasm about football. It is only fair to say that the Newport Grizzlies could give a good lesson to every team that we played on sportsmanship, teamwork, and pride in the Grizzly name. There are ten seniors who have played their last season at N.H.S.: Garth Hanson (4), Mark Schultz (4), Troy Daniels (4), Richie Larsen (4), Rob Hagen (4), Robert Rothstrom (4), Darryl Witter (3), Craig Oscarson (4), Pete Brumbaugh (1), and Jeff Campbell (1).

Dr. Wendle has often said "Skiing is going down hill." (Now that he is a doctor one must put up with such wisdom.) Downhill or not, the program is on the rise. The school district took over the bus driving detail from Mr. Shaw and his teacher supported bus. The old red, white, and black bus was retired from active skiing and Superintendent Smith promises transport by Dorsey for next year. No injuries marked a successful winter—good snow, good kids and cooperation of all hands at 49° North.

HERE'S TO GOOD FRIENDS . . .

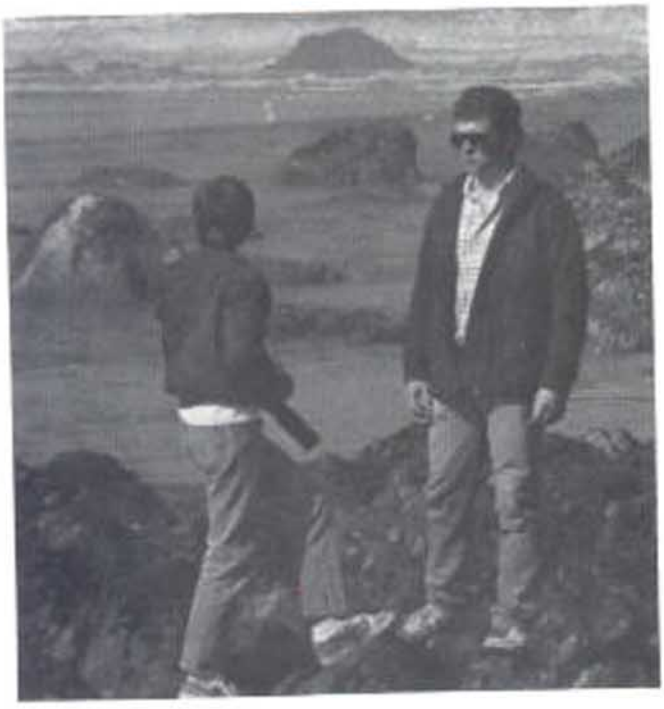

ADVANCED BIOLOGY

The mood was set
When we stepped on the bus
Everyone knew
What was expected of us
The trip had been planned
Thoroughly prepared
In towns that we stopped
Everybody stared
C.D.Sir
Was the head of the show
He was the expert
Ask him, he'd know
The first stop was Sumner
We were tired and hot
We needed a shower
And a good eating spot
Bedtime came quickly
But we couldn't sleep
It was our first night together
The conversations ran deep
4:00 came early
We showered and dined
Then headed to Ruby Beach
Where the sun really shined
It was amazing to see
Anenomes and shells
But that soon ended
And we raised a little hell
The waves rolled in
And soaked everyone
Little did we know
The fun had just begun
The bus rolled on
At a quick little clip
Then catastrophe struck
A cylanoid slipped
We sat by the river
And basked in the sun
CD was worried
But we had fun
The Forks bus arrived
And took us away
With four to a seat
On a very hot day
Night number two
Was a lot more cool
So were the showers
What a marvelous school
We visited a beach
With plenty of rocks
The hike was difficult
But not for the jocks
The day was colder
And cold did it get
When we were walking
On Dungeness Spit

The wind continued
On through the day
But we didn't mind
We were well on our way
Next stop the ferry
Which crossed the sound
Many people were happy
When we reached solid ground
We drove along
To Deception Pass
The view was lovely
The time went by fast
We stopped for a bite
Then went for a ride
Got sick to our stomachs
And looked like we died
We slept in La Conner
The water was warm
But when we got up
We awoke to a storm
The trip to Vancouver
Took no time at all
We reached Stanley Park
And had a ball
The aquarium was great
The rain was pouring
The killer whale show
Was far from boring
We returned to America
Then headed for Blaine
With crabs on our mind
We challenged the rain
The water was cold
Like liquid snow
We caught lots of crabs
Some needed to grow
We went to Mt. Vernon
For our last night out
On the way to La Conner
We laughed and we'd shout
A game of tag
Was something to do
To get our minds off
What we already knew
The time had now come
For our trip to end
And we all had become
Much better friends
Our class stands now
As one united
We are a whole
A candle that's lighted
Though time may come
And time may go
The friendship we've found
Will always glow
