The Music Department experienced a lot of changes this year. The main change was the year's leave of absence of our original director, Mrs. Julie Campos. We were excited although, with the replacement, Mr. Mark Cauldwell. He will be with us only a year, but I'm sure he will leave a lasting impression on all of his students. Of course, our thoughts for good health go with Julie.

Mr. Shaw Retires

The Monkees

Mr. Shaw retires after teaching at Newport High School for 29 years. In those 29 years, he has accomplished many things some examples are; director of the ski program, started the Mogulpecker Run, now called Grizzly Run, and he kept the Annual Class alive. In his spare time he enjoys backpacking, and photography. We have all appreciated the hard work Mr. Shaw has put in and will miss him a lot!

Springfest '88 was kicked off this year with Hippy Day. This was one of the more "peaceful" days in our school and many of the students were seen wandering the halls saying things like, "Make love not war," and "Peace be with you brothers and sisters." It was a great way to start a week which would contain a "war" between the classes . . .

Poison

On Thursday everyone gathered outside on the football field and track for the 1988 Newport Olympics The events consisted activities such as tricycle races, a three-legged race, cucumber nose roll, hoola-hooping, and a tomato put.

Springfest was wrapped up Friday with the traditional Surfer Day.

Advanced Biology

Conners/Berg

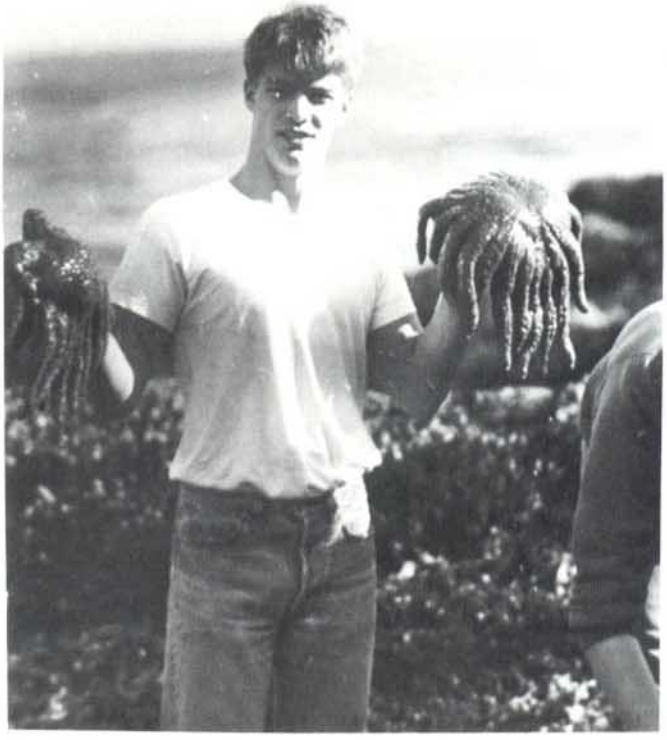

For the last fourteen years, the Advanced Biology class has traveled to the open coast of Washington to study Marine Biology. This year was one to be remembered by all because the emotions and feelings ran high. The students felt that they grew as a class through this experience and will always remember it with fondness. It was said by one knowledgeable camp director that in the years to come there will be a great struggle to even try to come close to duplicating this trip.
