Overview

Quarterly meetings between Alexandria City Public Schools (ACPS) and the Alexandria Police Department (APD) are required as part of the SLEP Memorandum of Understanding (July 2026). Meetings occur in August, November, February, and May. This report covers May, June, and July 2026. The next quarterly meeting is scheduled for November 2026. After each quarterly meeting, a subsequent report is to be completed and shared to provide updates on:

- **Section I: VDOE Annual Discipline, Crime and Violence Report.** As noted in the June 2021 SRO Quarterly Update, the annual VDOE Discipline, Crime and Violence report has been replaced by the VDOE Student Behavior Administrative Response (SBAR) report. SBAR incidents are recorded through the end of the school year. Public availability to annual reports is made by VDOE. If there are any questions on this item, please contact the Department of Student Services and Equity.
- **Section II: Police Statistical Reports.** This information is in relation to the Calls for Service form; more details on this item noted later in this document.
- **Section III: VDOE School Climate Survey.** This information is in relation to the required Code of Virginia School Safety Survey that is completed annually.
- **Section IV: School Resource Officer (SRO) Performance Items.** This information includes SRO attendance and incident reporting.
- **Section V: Educational Activities with Students:** This information includes any educational offerings by SRO's for students.

During this reporting period of the school year, 7 Calls for Service (CFS) Reports were completed by those schools assigned SROs. The breakdown below will provide this data by month, by school (with SRO assignments) and by officer type (in relation to who responded to the call for service).

Note: A call for service does not always result in law enforcement action, but could also result in multiple arrests or referrals.
