ATHLETICS OF THE WEEK

Friday 7:30pm Varsity Football at Berkmar

Your Presence Matters

Good morning, students!

This month, we're kicking off our Attendance Awareness Campaign with the message: **"Your Presence Matters: 95% to Thrive!"**

Did you know that being at school every day helps you build stronger reading, math, and writing skills? Every lesson, activity, and classroom discussion helps you learn and grow.

Our goal is for every student to maintain 95% attendance or better, which means missing no more than 8 days this school year.

Remember, every day you are here is another opportunity to learn something new, connect with friends, and move closer to your goals.

Let's work together to make attendance a priority because every day counts and every student matters!

What is the Governor’s Honors Program (GHP)?

The Georgia Governor’s Honors Program (GHP) is a residential summer program for skilled, knowledgeable, and talented high school juniors and seniors. GHP offers instruction that is significantly different from the typical high school classroom and is designed to provide students with academic, cultural, and social enrichment necessary to become the next generation of global critical thinkers, innovators, and leaders.

Who is a GHP Student?

A GHP student is a rising junior or senior (current 10th or 11th grader) that exhibits an undeniable level of passion in their preferred subject, and an appetite to learn on a deeper level that cannot always be fully satisfied in a high school classroom. GHP caliber students will find ways to study and explore their subjects independently from a classroom environment, at times despite a lack of resources.

Prospective GHP students should know that selection to the Governor’s Honors Program is highly competitive.

Students should have passion in the area of nomination, desire to attend GHP in the summer, willingness/ability to live in a residential setting for the full-length of the program, and the capacity to be fully engaged in the curriculum for the duration of the program. This is the minimum threshold for consideration for the program. The most successful student candidates additionally have the attributes, experiences, and skills outlined in the selection criteria provided for their area of nomination.

If you are interested in GHP, speak with a current or past teacher in the nomination area of interest and ask them to submit a nomination form for you. Teacher nominations are due by 4:00 pm on Friday, September 4th.
